INTRODUCTION

All statistical data provided come from an annual survey conducted by the Office of Research and Information Services (ORIS). Individual faculty information is provided by each faculty of medicine as of July, 2009 and therefore is subject to change. ORIS also publishes "Canadian Medical Education Statistics" each autumn. This book provides detailed statistics concerning application to and enrolment in faculties of medicine.

When comparing data from year to year there are certain considerations to keep in mind. There have been increases to the number of available places for the study of medicine at many faculties of medicine. Also, admission requirements and selection policies of individual faculties of medicine may vary from year to year.

General Information

There are seventeen faculties of medicine in Canada that offer programs of study leading to the award of the MD degree which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence going from east to west which implies no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources as well as Canada's future physician workforce requirement. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

Provided academic prerequisites have been met, the type of undergraduate degree earned or program followed should not deter filing an application. Also, whether or not the previous institution attended has a faculty of medicine does not affect the chance of admission.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.
- Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

Ontario Medical School Application Service (OMSAS)
Service ontarien de demande d'admission en médecine

The six Ontario faculties of medicine use OMSAS which is a centralized application processing service, thus applicants submit only one set of application materials and academic documents regardless of the number of faculties to which they are applying. Each faculty of medicine independently makes the selection decision.

The OMSAS web-site provides an on-line application service mid-July, 2009 as well as additional information related to each faculty's admission requirements. The web-site is a comprehensive one where applicants can obtain information on the application process and can view details concerning their application. The OMSAS levy is composed of a base fee and an additional fee for each Ontario faculty of medicine to which application is made.

The on-line application fees (see below) are dependent on the number of faculties chosen.

<u>Number of Faculties</u>	<u>In Canadian Funds</u>
1	\$285
2	\$360
3	\$435
4	\$510
5	\$585
6	\$660

Deadlines:

September 15, 2009	Last day to register for/create an account for the on-line application
October 1, 2009	Last day for receipt of applications, all transcripts and academic documents and all confidential assessment forms; for Ottawa, Queen's and Toronto, the deadline for confidential assessment forms and supporting letters is December 1, 2009
October 6, 2009	Last day for receipt of all cheques, money orders and electronic payments
October 13, 2009	Last day for release of MCAT scores
May 13, 2010	First date for offers of admission
June 30, 2010	Last day for receipt of final transcripts

Medical College Admission Test (MCAT)

The MCAT is a standardized, multiple-choice examination designed to assess problem solving, critical thinking and writing skills in addition to the examinee's knowledge of science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine.

The test consists of four test sections: the Verbal Reasoning, Physical Sciences and Biological Sciences sections contain multiple-choice questions and the scores range from a low of 1 to a high of 15 for each section; the Writing Sample section consists of two essays and the total score ranges from a low of J to a high of T.

The computer-based test is given at established test centres in Canada, the United States and overseas. Visit the web-site for dates and locations. The overall length of the test day is approximately four and one-half hours. The regular examination fee was \$2225 in US funds for the 2009 test dates.

Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Rejected candidates should try to reach an objective assessment of why they did not receive an offer. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the sheer rationing of places that is necessary when the number of qualified candidates greatly exceeds the number of available places. Well qualified candidates have grounds for re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared well. The academically weaker candidates tend not to re-apply for admission to the same extent as do those who have a sound academic background.

Applying to Study Medicine Outside Canada

If for any reason an applicant decides to seek admission to a medical faculty outside Canada, some important factors must be borne in mind. The most important of these is that returning to practise medicine in Canada may prove difficult. This is not meant to deter individuals from seeking education in foreign universities — some Canadian citizens have always gone abroad to study in recognized, reputable universities. Limitations on recognition of foreign earned MDs apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends a foreign medical faculty will be able to train or practise medicine in Canada in the future.

Foreign Applicants

Not all faculties of medicine accept applications from foreign students. Conversely, some faculties of medicine have contracts with foreign governments or institutions to accept applications for “supernumerary” positions. It is understood that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the foreign educational institutions or governments that have negotiated such contracts.

Foreign students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the foreign applicant.

Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

2009/10 New Admissions into Year One: 64**2009/10 First-Year Tuition:** \$6,250 for Canadian residents; \$30,000 for visa students; other compulsory fees were \$1,066

Selection Factors: The number of year one positions available for 2009/10 was 64 of which 44 were filled by residents of Newfoundland and Labrador, 10 by residents of New Brunswick and 4 by residents of Prince Edward Island. There were positions available for students admitted under contract with a foreign government or educational institution.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: A Bachelor's degree is required at time of admission. In exceptional circumstances an application may be considered when a Bachelor's degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2009/10 was 3.70 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the 5 year period prior to application.

Six credit hours in English is required.

Deferred Admission: Considered**Transfers:** Not usually considered but may be in rare circumstances from a Canadian medical faculty**Combined Programs:** MD/PhD

Interviews: These take place in February and March, 2010. For the September, 2009 entering class there were 125 Newfoundland/Labrador residents interviewed, 83 other residents of Canada interviewed and 3 residents outside of Canada interviewed for a total of 211 applicants interviewed.

Offers of Admission: Offers are mailed in March, April and May, 2010. A \$200 acceptance deposit is required.

Application Details: An electronic application process is available in July, 2009. The deadline for receipt of the application and fee of \$75 is October 15, 2009.

Faculty of Medicine, DALHOUSIE UNIVERSITY**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

2009/10 New Admissions into Year One: 98**2009/10 First-Year Tuition:** \$13,818 for Canadian residents; \$21,078 for visa students; other compulsory fees were \$908

Selection Factors: The number of year one positions available for 2010/11 is 98; an additional 2 positions are available through the Canadian Forces and 1 position available for a dental student who after completing the MD program plans to specialize in oral maxiofacial surgery. There are positions available for students admitted under contract with a foreign government or educational institution. In 2009/10 there were 89 positions filled by residents of the Maritime provinces (Nova Scotia, New Brunswick and Prince Edward Island).

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: Three to four years full-time university/college is required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2009/10 was 3.7.

The MCAT is required and the test must have been taken within the last 5 years.

There are no prerequisite courses.

Special Consideration: Applies on an individual basis to applicants with extenuating circumstances when the need arises.

Deferred Admission: Considered (only for extenuating circumstances)**Transfers:** Not considered**Combined Programs:** Not available

Interviews: Interviews are held on one weekend in February, 2010 as advertised in the early Fall on the Admissions Webpage. For the September, 2009 entering class there were 234 Maritime residents interviewed and 59 non-Maritime residents interviewed for a total of 293 applicants interviewed.

Offers of Admission: All decision letters to interviewed applicants will be mailed on a regular basis as decided by the Admissions Committee. A \$200 acceptance deposit is required.

Application Details: An electronic application process is available on September 2, 2009. The deadline for receipt of the application and fee of \$70 is November 3, 2009.

Nombre de nouvelles admissions de première année pour 2009/10 : 215

Au moment de l'admission, les postes contingentaires de première année pourraient augmenter en raison de l'attrition.

Frais de scolarité de première année pour 2009/10 : 3 083\$ pour résidents du Québec; 8 618\$ pour les résidents d'une autre province canadienne/d'un autre territoire canadien; 23 544\$ pour l'étranger; autres frais obligatoires 690\$

Facteurs de sélection : En 2009/10, le nombre de postes disponibles était de 214, incluant 4 postes à pouvoir parmi les candidats au programme MD/PhD, 210 postes étaient occupés par des résidents du Québec; plus 1 poste à pouvoir parmi les candidats autochtones et 1 poste par le biais des Forces canadiennes.

Les citoyens canadiens/résidents permanents ou les étudiants détenant un visa peuvent présenter leur candidature.

Critères d'études : Deux années d'études post-secondaires à temps plein sont requises.

Le "MCAT" n'est pas requis.

La cote de rendement en 2009/10 était de 33.4 pour les collégiens et de 31.8 pour les universitaires.

Les cours pré-requis de niveau collégial ou l'équivalent : 2 cours en biologie, 3 cours en chimie, 2 cours en mathématiques et 3 cours en physique.

Considération particulière : S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont résidents permanents du Québec; aux candidats du contingent Collège d'enseignement général et professionnel (CÉGEP); aux candidats du contingent autochtone; aux candidats du contingent militaire; aux candidats au programme MD/PhD; et aux candidats provenant du marché du travail.

Admission reportée : Non envisagée

Transferts : Non envisagés

Programmes combinés : MD/MSc, MD/PhD

Entrevues : Les entrevues auront lieu en avril et mai 2010. Pour la classe d'entrée de septembre 2009, on a interviewé 808 résidents du Québec, 11 résident d'ailleurs au Canada et 3 résidents de l'extérieur du pays, portant à 822 le nombre de demandeurs interviewés.

Offres d'admission : Les offres seront mises à la poste en mai et juin 2010.

Détails des demandes : Les demandes électroniques et papier sont disponibles le 1^{er} octobre 2009. La date limite pour la réception des demandes est le 1^{er} février 2010 pour les universitaires et le 1^{er} mars 2010 pour tous les autres. Les frais d'ouverture de dossier sont de 30\$.

Étranger	2.2%	0.0%	32.8%	1.4%	0.0%
Toutes les demandes à Laval	21.9%	27.4%	31.2%	21.5%	20.0%

Taux de succès : Pourcentage de candidats ayant reçu au moins une offre d'admission, que l'inscription aie été immédiate, refusée ou reportée.

¹ La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

Faculté de médecine et des sciences de la santé, UNIVERSITÉ DE SHERBROOKE

Durée du programme : 4 ans

Langue du programme : Français

Épreuve de compétence en français : Oui

Ordinateur : PC non requis

Nombre de nouvelles admissions de première année pour 2009/10 : 192

Au moment de l'admission, les postes contingentaires de première année pourraient augmenter en raison de l'attrition.

Frais de scolarité de première année pour 2009/10 : 3 018\$ pour résidents du Québec et du Nouveau-Brunswick; 8 434\$ pour les résidents d'une autre province/d'un autre territoire canadien; 23 303\$ pour l'étranger; autres frais obligatoires 953\$

Facteurs de sélection : En 2009/10, le nombre de postes disponibles était de 192 dont 161 postes occupés par des résidents du Québec; plus 1 poste à pouvoir parmi les candidats autochtones et 1 poste par le biais des Forces canadiennes.

Les 192 positions sont distribués sur trois sites : 144 au site Sherbrooke; 24 au site Saguenay; et 24 au site Moncton. Pour les candidats québécois, un formulaire de choix de site doit être complété à la journée TAAMUS afin de signifier leur préférence entre les sites Saguenay et Sherbrooke. Les candidats québécois affectés à l'un ou l'autre de ces deux sites le sont selon leur préférence et dans l'ordre de la liste d'excellence. Le site Saguenay est exclusivement réservé aux Québécois. Le site Moncton est exclusivement réservé aux Néo-Brunswickois.

Les citoyens canadiens/résidents permanents (à l'exception des résidents de l'Ontario) ou les étudiants détenant un visa peuvent présenter leur candidature.

Critères d'études : Deux années d'études post-secondaires à temps complet ayant mené à l'obtention d'un diplôme à grade sont requises.

Le "MCAT" n'est pas considéré.

Les cours préalables : Mathématiques 103 et 203; Physique 101, 201 et 301; Chimie 101, 201 et 202; Biologie 301 et 401 ou Biologie 911 et 921.

Admission reportée : Non autorisées

Transferts : Non autorisés

Programmes combinés : MD/MSc, MD/PhD

Entrevues : En 2009, les candidats sélectionnés ont été invités à se présenter au Test d'aptitudes à l'apprentissage de la médecine à l'Université de Sherbrooke (TAAMUS) les 18 et 28 avril ainsi que le 5 mai. Les candidats québécois jugés éligibles ont également été invités à passer les Mini entrevues multiples (MEM) les 19 et 25 avril. Pour la classe d'entrée de septembre 2009, 690

résidents du Québec et 73 autres résidents du Canada ont passé le TAAMUS, des 690 résidents du Québec, 687 ont également passé les MEM. Un candidat international et un autre candidat ont été interviewés. Au total, 765 demandeurs ont passé le TAAMUS (et les MEM, le cas échéant) ou ont été interviewés.

Offres d'admission : En 2009, les offres ont été mises en ligne et à la poste à compter du 15 mai. Des frais d'inscription de 200\$ doivent obligatoirement être acquittés.

Détails des demandes : Les demandes électroniques et papier sont disponibles pendant toute l'année. La date limite pour la réception des demandes est le 15 janvier 2010 pour les contingents suivants : contingent québécois, catégorie universitaire (45 crédits universitaires et plus cumulés), contingent québécois, catégorie collégiale (ayant cumulé au moins 1 crédit universitaire), contingent du Nouveau-Brunswick et des provinces de l'Atlantique, contingent de l'Ouest canadien, contingent du Programme militaire d'études en médecine (PMEM), contingent des Premières Nations et Inuits du Québec (PNIQ), contingent international et contingent des Diplômé(e)s hors Canada et États-Unis (DHCÉU). Les candidats du contingent québécois, catégorie collégiale n'ayant cumulé aucun crédit universitaire peuvent déposer une demande d'admission jusqu'au 1^{er} mars 2010. Les frais d'ouverture de dossier sont de 70\$.

¹ La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

Faculté de médecine, UNIVERSITÉ DE MONTRÉAL

Durée des programmes : 5 ans (année préparatoire)
4 ans (programme de MD)

Langue des programmes : Français

Épreuve de compétence en français : Oui

Ordinateur : PC non requis

Nombre de nouvelles admissions pour 2009/10 : 273 (210 - 5 ans; 63 - 4 ans, première année)

Au moment de l'admission, les postes contingents de première année pourraient augmenter en raison de l'attrition.

Frais de scolarité de première année pour 2007/08 : 2 952\$ pour résidents du Québec; 8 217\$ pour les résidents d'une autre province/d'un autre territoire canadien; 22 524\$ pour l'étranger; autres frais obligatoires 1 355\$

Facteurs de sélection : En 2009/10, le nombre de postes disponibles était de 273 dont 267 postes occupés par des résidents du Québec; plus 1 poste à pouvoir parmi les candidats autochtones et 1 poste par le biais des Forces canadiennes.

Les 273 positions sont allouées à deux campus : à l'Université de Montréal - 178 en année préparatoire et 63 au programme de MD; au Centre d'études médicales en Mauricie - 32 en année préparatoire. Dans la mesure où il y a des places disponibles, le candidat peut choisir entre le campus à Montréal ou le campus en Mauricie.

Tous les candidats font une demande d'admission à l'année préparatoire au programme de MD. Selon le profil académique du candidat, le Comité d'admission décidera si une candidature sera considérée pour l'année préparatoire ou pour la première année de médecine.

Selon le nombre de postes, environ les trois quarts candidats retenus sont admis en année préparatoire et l'autre quart s'ajoute au contingent de l'année préparatoire de l'année précédente pour former la première année.

Les citoyens canadiens/résidents permanents ou les étudiants détenant un visa peuvent présenter leur candidature.

Les candidats ayant un Baccalauréat sont considérés dans une catégorie particulière. Environ 45% des étudiants admis sont dans cette catégorie. Les candidats ayant un PhD sont également dans une catégorie particulière de même que les candidats étrangers.

Critères d'études : Année préparatoire : Soit deux années à plein temps de Collège d'enseignement général et professionnel (CÉGEP) en sciences, lettres et arts ou en sciences de la nature et avoir atteint les objectifs ØØXU (biologie) et ØØXV (chimie). Soit tout autre diplôme d'études collégiales et avoir réussi, avant l'entrée dans le programme, les cours préalables suivant : Biologie 301 et 401 ou deux cours de biologie humaine; Chimie 101, 201 et 202; Mathématiques 103 et 203; Physique 101, 201 et 301. Soit être titulaire d'un diplôme d'études post-secondaires équivalent à un DEC ou à un baccalauréat obtenus au Québec et avoir réussi les cours préalables ci-dessus

mentionnés ou des cours équivalents dans chacune des quatre matières. L'année préparatoire est requise pour les collégiens, les étudiants étrangers et les universitaires ayant complété un premier grade universitaire mais dont le programme d'études n'est pas jugé globalement équivalent à celui de l'année préparatoire.

Quatre ans : Un Baccalauréat obtenu au Québec dans un programme d'études jugé équivalent à l'année préparatoire ou tout autre diplôme équivalent est exigé au moment de l'admission pour les candidats de la catégorie universitaire.

Une cote de rendement est calculée pour tous les candidats. Selon les critères présentement en vigueur, une première sélection est faite, par catégorie, fondée sur l'excellence du dossier scolaire établie en tenant compte de la cote de rendement.

Le "MCAT" n'est pas requis.

Considération particulière : S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont citoyens canadiens ou résidents permanents qui sont résidents du Québec.

Admission reportée : Non envisagée

Transferts : Non envisagés

Programmes combinés : MD/MSc, MD/PhD

Entrevues : Les entrevues de type MEM (Mini entrevues multiples) auront lieu un samedi et un dimanche d'avril 2010. Les candidats devront se présenter en personne à la date et au lieu où ils auront été convoqués sans possibilité de changement. Année préparatoire: Pour la classe d'entrée de septembre 2009, on a interviewé 662 résidents du Québec et 8 résidents d'ailleurs au Canada, portant à 670 le nombre de demandeurs interviewés. Quatre ans: Pour la classe d'entrée de septembre 2009, on a interviewé 182 résidents du Québec et 3 résidents de l'extérieur du pays portant à 185 le nombre de demandeurs interviewés. Les frais d'entrevues sont présentement de 100\$ mais pourrait être haussés dans les mois qui viennent.

Offres d'admission : Les offres seront mises à la poste vers le 15 mai 2010 pour l'ensemble des candidats. Il y aura un dépôt d'acceptation obligatoire de 200\$.

Détails des demandes : La version papier est disponible le 1^{er} septembre 2009 et la version électronique est disponible le 1^{er} décembre 2009. La date limite pour la réception des demandes est le 15 janvier 2010 pour les universitaires et le 1^{er} mars 2010 pour les collégiens. Les frais d'ouverture de dossier sont de 80\$ par voie électronique et 100\$ sur support papier.

Faculty of Medicine, MCGILL UNIVERSITY - MED-P Program**Length of Program:** 1 year followed by 4 years MD, CM**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required**2009/10 New Admissions into MED-P: 80**

2009/10 MED-P Tuition: The first year program fees (\$1,968 tuition, \$1,517 other compulsory fees) are those of the Faculty of Science in which the student is registered for the first year. Upon successful completion of the preparatory year, the student will be admitted to the MD, CM program in the Faculty of Medicine.

Selection Factors: Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec *Collège d'enseignement général et professionnel (CÉGEP)* science program may apply.

Academic Criteria: A *CÉGEP Diplôme d'études collégiales* is required at time of admission.

The suggested *cote de rendement collégial* is 34 and the average of successful applicants in 2008/09 was 35.6.

The MCAT is not required.

Prerequisite courses from the *CÉGEP* program in health sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Interviews: These take place from mid to end April, 2010. Approximately two hundred applicants will be interviewed.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in mid-May, 2010. A \$300 acceptance deposit is required, applicable towards tuition and refundable for a limited period of time.

Application Details: An electronic application process is available starting September 1, 2009 with a fee of \$85 payable upon completion. The deadline for receipt of the application, including supporting documents, is March 1, 2010.

Faculty of Medicine, MCGILL UNIVERSITY - MD, CM Program**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

2009/10 New Admissions into Year One: 176

At time of admission, first year quota positions may increase due to attrition.

2009/10 First-Year Tuition: \$4,592 for residents of Québec; \$12,835 for other Canadian residents; \$35,037 for visa students; other compulsory fees were \$2,680; international students are subject to additional health insurance fees

Selection Factors: The number of year one positions available in 2010/11 is 174; plus up to 2 additional positions available only to First Nations/Inuit applicants. In 2009/10, 159 positions were filled by residents of Québec.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: A 4 year Bachelor degree (120 credits) is required at time of admission.

The suggested cumulative grade point average is 3.5 or higher on a 4.0 scale and the mean grade point average for successful applicants in 2008/09 was 3.83.

The MCAT is required and the results must be available by the application deadline. It is suggested that total scores should equal a minimum of 30.

Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and courses completed more than 8 years ago must be repeated. Exception may be made for applicants with advanced degrees in the material concerned.

Special Consideration: May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants from Québec.

Deferred Admission: Considered only for graduate academic reasons

Transfers: Not considered

Combined Programs: MD/MBA, MD/PhD

Interviews: These take place in late February, 2010 for international students and for Canadian residents outside Québec; from mid to end April, 2010 for residents of Québec. For the August, 2009 entering class there were 187 Québec residents interviewed, 62 other residents of Canada interviewed and 38 international residents interviewed for a total of 287 applicants interviewed for the MD, CM or joint programs.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in early March, 2010 for international students and residents outside Québec and in mid-May, 2010 for residents of Québec. A \$500 acceptance deposit is required, applicable towards tuition and refundable for a limited period of time.

Application Details: An electronic application process is available starting September 1, 2009 with a fee of \$85 payable upon completion. The deadline for receipt of the application, including supporting documents, is November 15, 2009 for residents outside Québec, international applicants and applicants to the MD/MBA or MD/PhD programs and January 15, 2010 for residents of Québec.

Autre province/territoire canadien	7.0%	5.9%	5.8%	6.3%	5.5%
Étranger ¹	3.3%	0.0%	0.0%	3.6%	2.3%
Toutes les demandes à Ottawa	9.7%	7.8%	7.7%	8.1%	7.0%

Taux de succès : Pourcentage de candidats ayant reçu au moins une offre d'admission, que l'inscription aie été immédiate, refusée ou reportée.

¹ Cette catégorie inclut les citoyens canadiens/résidents permanents qui étaient domiciliés à l'extérieur du Canada au moment de leurs demandes d'admission.

School of Medicine, QUEEN'S UNIVERSITY AT KINGSTON**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required
(must have access to one)

2009/10 New Admissions into Year One: 100**2009/10 First-Year Tuition:** \$16,878 for Canadian residents; other compulsory fees were \$978

Selection Factors: The number of year one positions available for 2010/11 is 100 which includes up to 4 positions available to Aboriginal students.

Canadian citizens/permanent residents may apply.

Academic Criteria: Three years full-time university/college is required.

Applicants are assessed based on the cumulative converted grade point average (see the OMSAS Conversion Scale) of all years of undergraduate study, including summer and supplemental courses. For applicants who do not meet the minimum requirement, the most recent two full-time years of completed undergraduate study will be considered. Grade point averages fluctuate annually based on the applicant pool. Past minimum grade point average levels are not a predictor of future levels.

The MCAT is required and the test must have been taken within five years of the application submission.

Prerequisite courses include one full credit in a biological science, a physical science and either a humanities or social science.

Special Consideration: Applies to Aboriginal applicants.

Deferred Admission: Considered**Transfers:** Not considered**Combined Programs:** May be considered on an individual basis

Interviews: These take place on March 6, 7, 27 and 29, 2010.

Offers of Admission: Offers are mailed on May 13, 2010. An acceptance deposit of \$1,050 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

To Request an Application (which includes more information):

Faculty of Medicine, UNIVERSITY OF TORONTO**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

2009/10 New Admissions into Year One: 224**2009/10 First-Year Tuition:** \$17,887 for Canadian residents; \$48,620 for visa students; other compulsory fees were \$1,345

Selection Factors: The number of year one positions available for 2010/11 is 250 which includes up to 7 positions available for foreign students and up to 5 positions available to applicants to the MD/PhD program.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: A minimum of three years full-time university study is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2009/10 was 3.89.

The MCAT is required and the test must have been written within five years of application deadline and only the most recent score is considered. The minimum acceptable scores are 9/9/9 and N.

Prerequisite courses include two full courses in life sciences and one full course in social science or humanities or language or literature.

Special Consideration: Applicants from a graduate program are assessed in a separate process. They must submit additional information showing research productivity as well as additional reference letters. Graduate applicants may be considered with a lower than minimum required grade point average.

Deferred Admission: Considered (not routinely)**Transfers:** Not considered**Combined Programs:** MD/PhD

Interviews: These take place on 3 weekends between February-April, 2010. For the September, 2009 entering class there were 532 applicants (including 2 international applicants) interviewed.

Offers of Admission: Offers are mailed on May 14, 2010. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

Application Details: See OMSAS section.

(must have access to one,
several labs available)

2009/10 New Admissions into Year One: 194**2009/10 First-Year Tuition:** \$19,288 for Canadian residents; \$91,137 for visa students; other compulsory fees were \$736

Selection Factors: The number of year one positions available for 2009/10 was 194; 28 of these positions are at the Waterloo Regional Campus and 20 positions are at the Niagara Regional Campus.

All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offers of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: Three years (30 credits) of university is required.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2008/09 was 3.86.

The MCAT is required — only the Verbal Reasoning score (a minimum score of 6 is required) is used in the selection process. The test must have been taken within five years of the application deadline.

There are no prerequisite courses.

Special Consideration: Aboriginal applicants must self-identify and must meet minimum requirements. Applicants are reviewed by a separate committee.

Deferred Admission: Considered**Transfers:** Not considered**Combined Programs:** MD/PhD

Interviews: These take place in March and April, 2010. For the September, 2009 entering class there were 491 Ontario residents interviewed, 53 other residents of Canada interviewed and 2 residents outside of Canada interviewed for a total of 546 applicants interviewed.

Offers of Admission: Offers are mailed on May 13, 2010. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Schulich School of Medicine & Dentistry, UNIVERSITY OF WESTERN ONTARIO**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

2009/10 New Admissions into Year One: 159**2009/10 First-Year Tuition:** \$17,040 for Canadian residents; other compulsory fees were \$887

Selection Factors: The number of year one positions available for 2010/11 is 171; 38 of these will be at the Windsor campus. Students are assigned to the campus of their preference based on their rank. Once the preferred campus is filled, students are assigned in rank order to the remaining seats. In 2009/10, the 159 positions included up to 3 positions available to Indigenous applicants, up to 3 positions available to applicants to the MD/PhD program, up to 3 positions available to applicants to the MD/BESc program; and up to 1 position available to applicants to the oral maxillofacial surgery program.

Canadian citizens/permanent residents may apply.

Academic Criteria: Four years (honours) full-time university/college is required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average was 3.75 on a 4.0 scale for the 2009/10 entering class.

The MCAT is required and the test must have been taken within five years prior to the application deadline. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

There are no prerequisite courses.

Special Consideration: Applies to applicants who have indicated on their application that they are from rural/regional communities in southwestern Ontario and from Indigenous communities.

Deferred Admission: Not considered**Transfers:** Not considered**Combined Programs:** MD/BESc, MD/PhD (University of Western Ontario only)

Interviews: These take place on March 6-7, 27-28, 2010. For the September, 2009 entering class there were 446 applicants interviewed.

Offers of Admission: Offers are mailed on May 13, 2010. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

² Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.

Northern Ontario School of Medicine, LAURENTIAN UNIVERSITY / LAKEHEAD UNIVERSITY**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Students must lease laptops from the school

2009/10 New Admissions into Year One: 56**2009/10 First-Year Tuition:** \$16,550 for Canadian residents; other compulsory fees were \$1,740-\$2,040 (depending on campus and includes laptop lease)

Selection Factors: The number of year one positions available for 2010/11 is 64 which includes a minimum of 2 positions available to Aboriginal students.

The 64 positions are allocated to two campuses: Lakehead University and Laurentian University. Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred site.

Canadian citizens/permanent residents may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Aboriginal and Francophone applicants.

Academic Criteria: Four years full-time university/college is required. An applicant who is 25 years or older may apply with a three year degree. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2009/10 was 3.72.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

Special Consideration: Aboriginal applicants may apply through the Aboriginal Admissions Stream, however, all minimum requirements must be met.

Deferred Admission: Not considered (except under extenuating circumstances)**Transfers:** Not considered**Combined Programs:** Not available

Interviews: These take place in March and April, 2010. For the September, 2009 entering class there were 391 applicants interviewed.

Offers of Admission: Offers are mailed on May 13, 2010. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

2009/10 New Admissions into Year One: 110**2009/10 First-Year Tuition:** \$7,774 for Canadian residents; other compulsory fees were \$681

Selection Factors: The number of year one positions available for 2010/11 is 110 of which 90% will be filled by residents of Manitoba.

Aboriginal applicants who self-identify are reviewed by a separate committee. They must meet minimum requirements.

All applicants will be evaluated in a variety of domains including a connection to and involvement with rural communities and advanced academic pursuits.

Canadian citizens/permanent residents may apply.

Academic Criteria: Three years full-time university/college are required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 on a 4.5 scale. The mean grade point average of successful applicants in 2009/10 was 4.16.

The MCAT is required and the test must have been taken within April, 2006 to September, 2009 inclusive.

Prerequisite courses include biochemistry and humanities/social sciences and if taken at another university must be equivalent to the University of Manitoba's course content.

Deferred Admission: Considered**Transfers:** Considered**Combined Programs:** MD/BSc Med, MD/PhD

Interviews: These take place from late February to early March, 2010. For the September, 2009 entering class there were 279 Manitoba residents interviewed and 51 other residents of Canada interviewed for a total of 330 applicants interviewed.

Offers of Admission: Offers are mailed from May 15 to June 4, 2010. A \$500 acceptance deposit is required.

Application Details: A combination paper and electronic application process is available in August, 2009. The deadline for receipt of the application and fee of \$95 is October 9, 2009.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

¹ Includes students who applied for positions under contract with foreign governments or educational institutions in 2006/07.

College of Medicine, UNIVERSITY OF SASKATCHEWAN**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required**2009/10 New Admissions into Year One:** 84**2009/10 First-Year Tuition:** \$11,367 for Canadian residents; other compulsory fees were \$689

Selection Factors: The number of year one positions available for 2010/11 is expected to be 84 which includes up to 9 positions available to Aboriginal/native applicants and 8 positions available to out-of province applicants.

Canadian citizens/permanent residents may apply.

Academic Criteria: Two years full-time university/college is required.

The minimum acceptable grade point average is 78% for residents of Saskatchewan and 80% for out-of-province residents, although out-of-province applicants invited for interview in the last several years have had averages of 90% or higher. The mean grade point average of successful applicants in 2008/09 was 89.37%.

The MCAT is required except for students who have completed the prerequisites within Saskatchewan as described in the next paragraph. The test must have been taken within the last 5 years and scores have to be available at the time of application. The minimum acceptable scores are 26N - accumulated scores in biological sciences, physical sciences and verbal reasoning sections of 26 with no section below 8 and N in the writing sample. Note: Saskatchewan residents will have the option to apply under the old academic requirement as long as the MCAT has been written by the end of 2008 - minimum scores of 8 and N with either one 7 or M will be accepted for the next 2 application cycles (2010 and 2011 entry). The maximum number of times an applicant may take the MCAT is 5 times (additional sittings will not be accepted unless approved in writing by the Admissions Office, College of Medicine).

Prerequisite courses are mandatory for students who wish to apply under the "prerequisite only" requirement whereby all courses are taken at the University of Saskatchewan or University of Regina within 5 years of applying with a minimum overall average of 78% and minimum individual course grade of 60%. The prerequisites are identified at www.medicine.usask.ca/admissions and include two terms in each of biochemistry, biology, chemistry (general and organic), physics, social science/humanities and English. Students attending institutions outside Saskatchewan are strongly recommended to complete equivalent prerequisites, particularly two terms of biochemistry, to ensure readiness for the basic sciences covered in the first two years of the undergraduate medical curriculum.

Special Consideration: Students of Aboriginal ancestry may make application through the Aboriginal Equity Access Program whereby all requirements are the same as the regular pool but students compete within this category, not against the entire applicant pool.

Note: Aboriginal applicants have the option of applying under the "prerequisite only" academic requirement even if prerequisites are taken outside Saskatchewan institutions. Confirmation of equivalent courses must be made by contacting the Admissions Office prior to application.

Deferred Admission: Considered (residents of Saskatchewan only)

Transfers: Not considered

Combined Programs: MD/MSc, MD/PhD (programs available only after successful completion of MD year one)

Interviews: The Multiple Mini Interview process is used and all interviews take place on March 20-21, 2010. For the September, 2009 entering class, there were 277 Saskatchewan residents and 47 other residents of Canada interviewed for a total of 324 applicants interviewed.

Offers of Admission: Offers are e-mailed and mailed on May 15, 2010. A \$500 acceptance deposit is required.

Application Details: The on-line application is available on August 1, 2009 (paper applications available only upon specific request). The deadline to submit the application on-line is October 30, 2009. The application fee is \$125.

Faculty of Medicine and Dentistry, UNIVERSITY OF ALBERTA**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** Yes**Computer:** Personal not required

2009/10 New Admissions into Year One: 172**2009/10 First-Year Tuition:** \$11,540 for Canadian residents; other compulsory fees were \$728

Selection Factors: The number of year one positions available for 2009/10 was 172; plus 5 positions available to Aboriginal/native applicants, 11 positions available to applicants whose residence is greater than 80 km from a major centre and the high school attended is designated rural. At least eighty-seven percent of year one positions were filled by residents of Alberta.

Canadian citizens/permanent residents may apply.

Academic Criteria: Two years full-time university/college is required.

The minimum acceptable grade point average on a 4.0 scale is 3.3 for residents of Alberta and 3.5 for residents outside Alberta for students with 4 or more years post-secondary study; 3.7 for students with 2 or 3 years post-secondary study (not receiving a degree). The mean grade point average of successful applicants in 2009/10 was 3.8.

The MCAT is required and the test must have been taken in 1991 or later and scores have to be available at time of application. The minimum acceptable scores are 7/15 or M.

Prerequisite courses include full year courses in organic and general (inorganic) chemistry, biology, physics and English; half year courses in biochemistry and statistics.

Deferred Admission: Considered**Transfers:** Considered (from Canadian faculties of medicine only)**Combined Programs:** MD/PhD, MD (with Special Training in Research)

Interviews: These take place on March 20-21, 2010. For the September, 2009 entering class there were 407 Alberta residents interviewed and 66 other residents of Canada interviewed for a total of 473 applicants interviewed. Aboriginal applicants who meet the minimum grade point average for Alberta residents are automatically interviewed.

Offers of Admission: Offers are mailed on May 15, 2010. A \$1,000 acceptance deposit is required.

Application Details: An electronic application process is available on July 2, 2009. The deadline for receipt of the application is November 1, 2009. The application fee is \$75 for current and former University of Alberta undergraduates and \$115 for students new to the University of Alberta.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

¹ Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.

Faculty of Medicine, UNIVERSITY OF CALGARY**Length of Program:** 3 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

2009/10 New Admissions into Year One: 180**2009/10 First-Year Tuition:** \$14,385 for Canadian residents; other compulsory fees were \$598

Selection Factors: The number of year one positions available for 2009/10 was 180. Eighty-five percent of year one positions were filled by residents of Alberta. There were positions available for students admitted under contract with a foreign government or educational institution.

Canadian citizens/permanent residents may apply.

Academic Criteria: Two years full-time university/college are required.

The minimum acceptable grade point average is 3.2 for residents of Alberta and 3.6 for residents outside of Alberta on a 4.0 point scale. The mean grade point average of successful applicants in 2009/10 was 3.66.

The MCAT is required and the test must have been taken in 1991 or later.

Although there are no prerequisite courses the following courses are strongly recommended: biology, chemistry, physics, English, organic chemistry, biochemistry, physiology, psychology/sociology/anthropology and calculus/statistics.

Deferred Admission: Considered**Transfers:** Not considered**Combined Programs:** MD/MBA, MD/MSc, MD/PhD (other combinations are possible)

Interviews: These take place on February 20, 21, 27 and 28, 2010. For the September, 2009 entering class there were 442 Alberta residents interviewed and 130 other residents of Canada interviewed for a total of 572 applicants interviewed. Aboriginal applicants who meet the minimum grade point average for Alberta residents are automatically interviewed.

Offers of Admission: Offers are mailed on May 15, 2010. A \$500 acceptance deposit is required.

Application Details: An electronic application process is available on July 15, 2009. The deadline for receipt of the application and fee of \$120 is October 15, 2009.

Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

2009/10 New Admissions into Year One: 256**2009/10 First-Year Tuition:** \$15,154 for Canadian residents; other compulsory fees were: Vancouver Fraser Medical Program = \$1,145, Island Medical Program = \$272, Northern Medical Program = \$367

Selection Factors: The number of year one positions available for 2009/10 was 256 which included up to 12 positions available to Aboriginal applicants and up to 4 positions available to applicants to the MD/PhD program. A maximum of 12 positions were available to out-of-province residents.

The 256 positions are allocated to three campuses: 192 Vancouver Fraser Medical Program; 32 Island Medical Program; and 32 Northern Medical Program. All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program.

Canadian citizens/permanent residents or World Health Organization refugees may apply.

Academic Criteria: Three years full-time university/college is required.

The minimum acceptable grade point average is 2.8 on a 4.0 scale (visit the web-site for up-to-date information on minimum academic standing). The mean grade point average of successful applicants in 2008/09 was 3.71.

The MCAT is required and the test must have been taken within the last 5 years.

Prerequisite courses include English, biochemistry, biology, organic and inorganic chemistry.

Deferred Admission: Considered**Transfers:** Considered only after completion of 2 years of medical studies in Canada or the United States**Combined Programs:** MD/PhD

Interviews: These take place in mid-late January, 2010. For the September, 2009 entering class there were 615 British Columbia residents interviewed and 49 other residents of Canada interviewed for a total of 664 applicants interviewed.

Offers of Admission: Offers are mailed mid-May, 2010. A \$500 acceptance deposit is required.

Application Details: An electronic application process is available on June 1, 2009. The deadline for receipt of the application is September 1, 2009 (interviewed applicants who are required to submit supplementary information must do so by mid-February, 2010). The application fees are \$105 for residents of British Columbia with BC transcripts only; \$135 for residents of British Columbia with any out-of-province transcripts; and \$185 for residents outside British Columbia.
