¹ Exemption from paying the foreign differential fee may be granted in some cases. These exemptions are defined by individual provincial government policies.

² These fees are determined based on individual contracts with foreign governments or educational institutions to provide medical education on a cost-recovery basis.

³ Other compulsory fees may vary for visa students, for example, comprehensive health care insurance.

⁴ Visa students also pay a differential fee of \$7,260; visa students admitted to year three in above quota positions pay an additional \$12,000 bridging fee for the link program.

⁵ Residents of New Brunswick pay the same tuition fee as Québec residents as a result of an interprovincial government agreement.

⁶ International students admitted above the regular quota pay a tuition fee of \$95,000 and \$842 other compulsory fees.
