## INTRODUCTION

All statistical data provided come from an annual survey conducted by the Office of Research and Information Services (ORIS). Individual faculty information is provided by each faculty of medicine as of July, 2010 and therefore is subject to change.

When comparing data from year to year there are certain considerations to keep in mind. There have been increases to the number of available places for the study of medicine at many faculties of medicine. Also, admission requirements and selection policies of individual faculties of medicine may vary from year to year.

### General Information

There are seventeen faculties of medicine in Canada that offer programs of study leading to the award of the MD degree which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence going from east to west which implies no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources as well as Canada's future physician workforce requirement. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

Provided academic prerequisites have been met, the type of undergraduate degree earned or program followed should not deter filing an application. Also, whether or not the previous institution attended has a faculty of medicine does not affect the chance of admission.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.
- Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

**Ontario Medical School Application Service (OMSAS)**  
***Service ontarien de demande d'admission en médecine***

The six Ontario faculties of medicine use OMSAS which is a centralized application processing service, thus applicants submit only one set of application materials and academic documents regardless of the number of faculties to which they are applying. Each faculty of medicine independently makes the selection decision.

The OMSAS web-site provides an on-line application service mid-July, 2010 as well as additional information related to each faculty's admission requirements. The web-site is a comprehensive one where applicants can obtain information on the application process and can view details concerning their application. The OMSAS levy is composed of a base fee and an additional fee for each Ontario faculty of medicine to which application is made.

The on-line application fees (see below) are dependent on the number of faculties chosen.

<u>Number of Faculties</u>	<u>In Canadian Funds</u>
1	\$285
2	\$360
3	\$435
4	\$510
5	\$585
6	\$660

**Deadlines:**

September 15, 2010	Last day to register for/create an account for the on-line application
October 1, 2010	Last day for receipt of applications, all transcripts and academic documents and all confidential assessment forms
October 6, 2010	Last day for receipt of all cheques, money orders and electronic payments
October 13, 2010	Last day for release of MCAT scores
May 5, 2011	First date for offers of admission
June 30, 2011	Last day for receipt of final transcripts

### **Medical College Admission Test (MCAT)**

The MCAT is a standardized, multiple-choice examination designed to assess problem solving, critical thinking and writing skills in addition to the examinee's knowledge of science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine.

The test consists of four test sections: the Verbal Reasoning, Physical Sciences and Biological Sciences sections contain multiple-choice questions and the scores range from a low of 1 to a high of 15 for each section; the Writing Sample section consists of two essays and the total score ranges from a low of J to a high of T.

The computer-based test is given at established test centres in Canada, the United States and overseas. Visit the web-site for dates and locations. The overall length of the test day is approximately four and one-half hours. The regular examination fee was \$230 in US funds for the 2010 test dates.

### **Repeat Applicants**

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Rejected candidates should try to reach an objective assessment of why they did not receive an offer. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the sheer rationing of places that is necessary when the number of qualified candidates greatly exceeds the number of available places. Well qualified candidates have grounds for re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared well. The academically weaker candidates tend not to re-apply for admission to the same extent as do those who have a sound academic background.

### **Applying to Study Medicine Outside Canada**

If for any reason an applicant decides to seek admission to a medical faculty outside Canada, some important factors must be borne in mind. The most important of these is that returning to practise medicine in Canada may prove difficult. This is not meant to deter individuals from seeking education in foreign universities — some Canadian citizens have always gone abroad to study in recognized, reputable universities. Limitations on recognition of foreign earned MDs apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends a foreign medical faculty will be able to train or practise medicine in Canada in the future.

**Foreign Applicants**

Not all faculties of medicine accept applications from foreign students. Conversely, some faculties of medicine have contracts with foreign governments or institutions to accept applications for “supernumerary” positions. It is understood that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the foreign educational institutions or governments that have negotiated such contracts.

Foreign students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the foreign applicant.

**Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND****Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

---

**2010/11 New Admissions into Year One:** 64**2010/11 First-Year Tuition:** \$6,250 for Canadian residents; \$30,000 for visa students; other compulsory fees were \$1,140

---

**Selection Factors:** The number of year one positions available for 2010/11 was 64 of which 46 were filled by residents of Newfoundland and Labrador, 10 by residents of New Brunswick and 4 by residents of Prince Edward Island. There were positions available for students admitted under contract with a foreign government or educational institution.

Canadian citizens/permanent residents or visa students may apply.

---

**Academic Criteria:** A Bachelor's degree is required at time of admission. In exceptional circumstances an application may be considered when a Bachelor's degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2010/11 was 3.80 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the five year period prior to application.

Six credit hours in English is required.

---

**Deferred Admissions:** Considered**Transfers:** Not usually considered but may be in rare circumstances from a Canadian medical faculty**Combined Programs:** MD/PhD

---

**Interviews:** These take place in February and March, 2011. For the September, 2010 entering class there were 146 Newfoundland/Labrador residents interviewed, 96 other residents of Canada interviewed and 4 residents outside of Canada interviewed for a total of 246 applicants interviewed.

---

**Offers of Admission:** Offers are mailed in March, April and May, 2011. A \$200 acceptance deposit is required.

**Application Details:** An electronic application process is available in July, 2010. The deadline for receipt of the application and fee of \$75 is October 15, 2010.

---

Newfoundland and Labrador	27.3	27.4	29.0	30.8	30.8
Other Canadian	7.4	5.4	5.8	5.2	5.7
Foreign <sup>1</sup>	15.0	28.6	19.2	40.0	29.4
All Applicants to Memorial	12.1	11.2	10.9	11.3	11.5

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> Includes students who applied for positions available under contract with foreign governments or educational institutions in 2004/05 and 2006/07-2008/09.

**Faculty of Medicine, DALHOUSIE UNIVERSITY**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal not required

**2010/11 New Admissions into Year One:** 108

**2010/11 First-Year Tuition:** \$13,818 for Canadian residents; \$21,078 for visa students; other compulsory fees were \$908

**Selection Factors:** The number of year one positions available for 2011/12 is 108 (99 for Maritime residents (Nova Scotia, New Brunswick and Prince Edward Island) and 9 for non-Maritime residents); 69 seats in the Maritime pool will be assigned to the Halifax campus and 30 seats to the St. John campus; all permanent residents of New Brunswick will attend the St. John campus and the government of New Brunswick is responsible for defining residency status. An additional 2 positions are available through the Canadian Forces and 1 position is available for a dental student who after completing the MD program plans to specialize in oral maxiofacial surgery. There are positions available for students admitted under contract with a foreign government or educational institution. In 2010/11 there were 99 positions filled by residents of the Maritime provinces.

Canadian citizens/permanent residents or visa students may apply.

**Academic Criteria:** Three to four years full-time university/college is required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2010/11 was 3.7.

The MCAT is required and the test must have been taken within the last five years.

There are no prerequisite courses.

**Special Consideration:** Applies on an individual basis to applicants with extenuating circumstances when the need arises.

**Deferred Admissions:** Considered (only for extenuating circumstances)

**Transfers:** Not considered

**Combined Programs:** Not available

**Interviews:** Interviews are held on one weekend in November, 2010 as advertised in the early summer on the Admissions Webpage. For the September, 2010 entering class there were 267 Maritime residents interviewed and 80 non-Maritime residents interviewed for a total of 347 applicants interviewed. Currently all Maritime residents who meet the minimum academic requirements will be offered an interview.

**Offers of Admission:** All decision letters to interviewed applicants will be mailed on March 7, 2011 as noted and updated on the Admissions Webpage. A \$200 non-refundable acceptance deposit is required. This deposit is applied to tuition upon enrolment.

---

**Application Details:** An electronic application process is available on July 1, 2010. The deadline for receipt of the application and fee of \$70 is August 15, 2010. Transcripts and supplemental information are due on September 1, 2010 and the MCAT scores are due on September 7, 2010.

**Faculté de médecine, UNIVERSITÉ LAVAL**

**Durée du programme :** 4 ans

**Langue du programme :** Français

**Épreuve de compétence en français :** Oui

**Ordinateur :** PC non requis

**Nombre de nouvelles admissions en première année pour 2010/11 :** 227

*Ce nombre pourrait augmenter en raison d'abandons lors d'années précédentes.*

**Frais de scolarité de première année pour 2010/11 :** 3 240\$ pour résidents du Québec; 8 879\$ pour les résidents d'une autre province canadienne/d'un autre territoire canadien; 25 317\$ pour l'étranger; autres frais obligatoires 714\$

**Facteurs de sélection :** En 2010/11, le nombre de postes disponibles était de 227, incluant 8 postes à pouvoir parmi les candidats au programme MD/PhD, 221 postes étaient occupés par des résidents du Québec; plus jusqu'à 4 postes additionnels sont disponibles aux candidats résidents québécois et membres des Premières Nations et du peuple inuit (le contingent maximal pouvant être réparti entre les facultés de médecine au Québec) et jusqu'à 6 postes additionnels offerts par le biais des Forces canadiennes (le contingent maximal pouvant être réparti entre les facultés de médecine francophones au Québec).

Les citoyens canadiens/résidents permanents ou les étudiants détenant un visa peuvent présenter leur candidature.

**Critères d'études :** Deux années d'études post-secondaires à temps plein sont requises.

Le "MCAT" n'est pas requis.

La cote de rendement en 2010/11 était de 33,317 pour les collégiens et de 30,856 pour les universitaires.

Les cours pré-requis de niveau collégial ou l'équivalent : 2 cours en biologie, 3 cours en chimie, 2 cours en mathématiques et 3 cours en physique.

**Considération particulière :** S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont résidents permanents du Québec; aux candidats du contingent Collège d'enseignement général et professionnel (CÉGEP); aux candidats du contingent autochtone; aux candidats du contingent militaire; aux candidats au programme MD/PhD; et aux candidats provenant du marché du travail.

**Admissions reportées :** Non envisagées

**Transferts :** Non envisagés

**Programmes combinés :** MD/MSc, MD/PhD

**Entrevues :** Les entrevues auront lieu en avril 2011. Pour la classe d'entrée de septembre 2010, on a interviewé 1 112 résidents du Québec, 27 résidents d'ailleurs au Canada et 2 résidents de l'extérieur du pays, portant à 1 141 le nombre de demandeurs interviewés.

**Offres d'admission :** Les offres seront mises à la poste en mai 2011 et aucun dépôt en argent n'est exigé en lien avec l'acceptation de l'offre.

**Détails des demandes :** Les demandes électroniques et papier sont disponibles le 1<sup>er</sup> octobre 2010. La date limite pour la réception des demandes est le 1<sup>er</sup> février 2011 pour les universitaires et le 1<sup>er</sup> mars 2011 pour tous les autres. Les frais d'ouverture de dossier sont de 42\$.

**Pour obtenir un formulaire de demande ou de plus amples informations :**

**Statistiques des candidats :**

	ANNÉE DE LA DEMANDE D'ADMISSION				
	2004/05	2005/06	2006/07	2007/08	2008/09
Offre et inscription	195	211	209	207	164
Offre refusée	177	260	154	135	210
Aucune offre	985	1037	1323	1371	1442
Total des demandes	1357	1508	1686	1713	1816
<b>TAUX DE SUCCÈS (%) PAR LIEU DE RÉSIDENCE <sup>1</sup></b>	%	%	%	%	%
Québec	29.7	32.4	23.3	21.1	21.4
Autre province/territoire canadien	7.5	9.0	5.1	9.8	10.0
Étranger	0.0	32.8	1.4	0.0	12.8
Toutes les demandes à Laval	27.4	31.2	21.5	20.0	20.6

Taux de succès : Pourcentage de candidats ayant reçu au moins une offre d'admission, que l'inscription aie été immédiate, refusée ou reportée.

<sup>1</sup> La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

## Faculté de médecine et des sciences de la santé, UNIVERSITÉ DE SHERBROOKE

**Durée du programme :** 4 ans

**Langue du programme :** Français

**Épreuve de compétence en français :** Oui

**Ordinateur :** PC non requis

**Nombre de nouvelles admissions en première année pour 2010/11 :** 207

*Ce nombre pourrait augmenter en raison d'abandons lors d'années précédentes.*

**Frais de scolarité de première année pour 2010/11 :** 3 170\$ pour résidents du Québec et du Nouveau-Brunswick; 9 494\$ pour les résidents d'une autre province/d'un autre territoire canadien; 25 582\$ pour l'étranger; autres frais obligatoires 1 081\$

**Facteurs de sélection :** En 2011/12, le nombre de postes disponibles en première année tournera autour de 207. Ce nombre pourrait toutefois varier en fonction des décrets gouvernementaux ainsi que des attritions à remplacer. De ces 207 places, approximativement 175 seront pour des résidents du Québec; plus jusqu'à 4 postes additionnels sont disponibles aux candidats résidents québécois et membres des Premières Nations et du peuple inuit (le contingent maximal pouvant être réparti entre les facultés de médecine au Québec) et jusqu'à 6 postes additionnels offerts par le biais des Forces canadiennes (le contingent maximal pouvant être réparti entre les facultés de médecine francophones au Québec).

Les 207 positions sont distribués sur trois sites : 148 au site Sherbrooke; 34 au site Saguenay; et 25 au site Moncton. Pour les candidats des contingents québécois, un formulaire de choix de site doit être complété entre la journée TAAMUS et à la fin avril, 2011, afin de signifier leur préférence entre les sites Saguenay et Sherbrooke. Les candidats québécois affectés à l'un ou l'autre de ces deux sites le sont en fonction de plusieurs facteurs, les plus importants étant le nombre de places disponibles à chaque site au moment de l'offre, les préférences exprimées dans le formulaire de choix de site et l'ordre des candidats dans la liste d'excellence. Le site Saguenay est exclusivement réservé aux candidats des contingents québécois. Le site Moncton est exclusivement réservé aux candidats des contingents Néo-Brunswickois.

Les citoyens canadiens/résidents permanents (à l'exception des résidents de l'Ontario), de même que les candidats détenant un visa d'études peuvent présenter leur candidature.

**Critères d'études :** Détenir, ou obtenir avant la rentrée scolaire, un diplôme postsecondaire; si non, avoir réussi au moins 75 crédits universitaires à date limite du dépôt de la demande d'admission.

La première étape du processus de sélection est basée sur les résultats scolaires antérieurs. Toutefois, ces résultats ne sont pas résumés sous la forme d'un « GPA », mais plutôt d'une « cote académique ». Notre page internet (<http://www.usherbrooke.ca/doctorat-medecine/admission/questions-en-rafale/qu-est-ce-que-la-cote-academique/>) donne plus de détails sur cette cote, alors qu'une autre de nos pages internet (<http://www.usherbrooke.ca/doctorat-medecine/admission/questions-en-rafale/donnees-saillantes/>) détaille la cote académique des derniers invités lors de l'année passée.

Le "MCAT" n'est pas considéré.

Les cours préalables (de niveau postsecondaire) à avoir réussi sont : Mathématiques 103 et 203; Physique 101, 201 et 301; Chimie 101, 201 et 202; Biologie 301 et 401 ou Biologie 911 et 921. Des cours jugés équivalents par notre faculté sont acceptés.

---

**Admissions reportées** : Non autorisées

**Transferts** : Non autorisés

**Programmes combinés** : MD/MSc, MD/PhD

---

**Entrevues** : Les candidats québécois et de la région de l'Atlantique sélectionnés sur la base des résultats scolaires sont invités à passer les Mini entrevues multiples (MEM) qui se tiennent à la mi-avril, 2011. Pour la cohorte d'étudiants amorçant le programme en médecine en septembre, 2010, 759 candidats provenant du contingent québécois et 72 candidats de la région de l'Atlantique ont été invités à passer les MEM. En plus des entrevues MEM, les candidats québécois et de la région de l'Atlantique ont aussi à passer le Test d'aptitude à l'apprentissage de la médecine à l'Université de Sherbrooke (TAAMUS) qui est un test papier-crayon d'une durée d'une heure. Ce test a lui aussi lieu à la mi-avril, 2011.

---

**Offres d'admission** : En 2010, les premières offres d'admission ont été acheminées à compter du 15 mai. Des frais d'inscription de 200\$ doivent obligatoirement être acquittés.

---

**Détails des demandes** : Les demandes d'admission, de formats électronique ou papier, sont disponibles pendant toute l'année. La date limite pour la réception des demandes est le 15 janvier 2011 pour tous les candidats, sauf pour les candidats québécois de catégorie collégiale n'ayant aucun crédit universitaire (ces personnes ont jusqu'au 1<sup>er</sup> mars, 2011). Les frais d'ouverture de dossier sont de 70\$.

<sup>1</sup> La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

## Faculté de médecine, UNIVERSITÉ DE MONTRÉAL

**Durée des programmes :** 5 ans (année préparatoire)  
4 ans (programme de MD)

**Langue des programmes :** Français

**Épreuve de compétence en français :** Oui

**Ordinateur :** PC non requis

**Nombre de nouvelles admissions en 2010/11 :** 295 (213 - 5 ans; 82 - 4 ans, première année)  
*Ce nombre pourrait augmenter en raison d'abandons lors d'années précédentes*

**Frais de scolarité de première année pour 2010/11 :** 3 102\$ pour résidents du Québec; 8 501\$ pour les résidents d'une autre province/d'un autre territoire canadien; 24 239\$ pour l'étranger; autres frais obligatoires 1 355\$

**Facteurs de sélection :** En 2010/11, le nombre de postes disponibles était de 295 dont 290 postes occupés par des résidents du Québec; plus jusqu'à 4 postes additionnels sont disponibles aux candidats résidents québécois et membres des Premières Nations et du peuple inuit (le contingent maximal pouvant être réparti entre les facultés de médecine au Québec) et jusqu'à 6 postes additionnels offerts par le biais des Forces canadiennes (le contingent maximal pouvant être réparti entre les facultés de médecine francophones au Québec).

Les 295 positions sont allouées à deux campus : à l'Université de Montréal - 176 en année préparatoire et 73 au programme de MD; au Centre d'études médicales en Mauricie (à Trois-Rivières) - 37 en année préparatoire et 9 au programme de MD. Dans la mesure où il y a des places disponibles, le candidat peut choisir entre le campus à Montréal ou le campus en Mauricie.

Tous les candidats font une demande d'admission à l'année préparatoire au programme de MD. Selon le profil académique du candidat, le Comité d'admission décidera si une candidature sera considérée pour l'année préparatoire ou pour la première année de médecine.

Selon le nombre de postes, environ les trois quarts candidats retenus sont admis en année préparatoire et l'autre quart s'ajoute au contingent de l'année préparatoire de l'année précédente pour former la première année.

Les citoyens canadiens/résidents permanents ou les étudiants détenant un visa peuvent présenter leur candidature.

Les candidats ayant un Baccalauréat sont considérés dans une catégorie particulière. Environ 45% des étudiants admis sont dans cette catégorie. Les candidats ayant un PhD sont également dans une catégorie particulière de même que les candidats étrangers.

**Critères d'études :** Année préparatoire : Soit deux années à plein temps de Collège d'enseignement général et professionnel (CÉGEP) en sciences, lettres et arts ou en sciences de la nature et avoir atteint les objectifs ØØXU (biologie) et ØØXV (chimie). Soit tout autre diplôme d'études collégiales et avoir réussi, avant l'entrée dans le programme, les cours préalables suivant : Biologie 301 et 401 ou deux cours de biologie humaine; Chimie 101, 201 et 202; Mathématiques 103 et 203; Physique 101, 201 et 301. Soit être titulaire d'un diplôme d'études post-secondaires équivalent à un DEC ou à un baccalauréat obtenus au Québec et avoir réussi les cours préalables ci-dessus

mentionnés ou des cours équivalents dans chacune des quatre matières. L'année préparatoire est requise pour les collégiens, les étudiants étrangers et les universitaires ayant complété un premier grade universitaire mais dont le programme d'études n'est pas jugé globalement équivalent à celui de l'année préparatoire.

Quatre ans : Un Baccalauréat obtenu au Québec dans un programme d'études jugé équivalent à l'année préparatoire ou tout autre diplôme équivalent est exigé au moment de l'admission pour les candidats de la catégorie universitaire.

Une cote de rendement est calculée pour tous les candidats. Selon les critères présentement en vigueur, une première sélection est faite, par catégorie, fondée sur l'excellence du dossier scolaire établie en tenant compte de la cote de rendement. Le dernier collégien convoqué aux entrevues avait une cote de rendement de 33.117 et le dernier universitaire avait une cote de 32.201.

Le "MCAT" n'est pas requis.

**Considération particulière :** S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont citoyens canadiens ou résidents permanents qui sont résidents du Québec.

**Admissions reportées :** Non envisagées

**Transferts :** Non envisagés

**Programmes combinés :** MD/MSc, MD/PhD

**Entrevues :** Les entrevues de type MEM (Mini entrevues multiples) auront lieu un samedi et un dimanche d'avril 2011. Les candidats devront se présenter en personne à la date et au lieu où ils auront été convoqués sans possibilité de changement. Année préparatoire : Pour la classe d'entrée de septembre 2010, on a interviewé 771 résidents du Québec et 8 résidents d'ailleurs au Canada et 1 résident de l'extérieur du pays portant à 780 le nombre de demandeurs interviewés. Quatre ans : Pour la classe d'entrée de septembre 2010, on a interviewé 247 résidents du Québec et 1 résident de l'extérieur du pays portant à 248 le nombre de demandeurs interviewés. Les frais d'entrevues sont présentement de 100\$ mais pourrait être haussés dans les mois qui viennent.

**Offres d'admission :** Les offres seront mises à la poste vers le 15 mai 2011 pour l'ensemble des candidats. Il y aura un dépôt d'acceptation obligatoire de 200\$.

**Détails des demandes :** La version papier est disponible le 1<sup>er</sup> septembre 2010 et la version électronique est disponible le 1<sup>er</sup> décembre 2010. La date limite pour la réception des demandes est le 15 janvier 2011 pour les universitaires et le 1<sup>er</sup> mars 2011 pour les collégiens. Les frais d'ouverture de dossier sont de 80\$ par voie électronique et 100\$ sur support papier.

## Faculty of Medicine, MCGILL UNIVERSITY - MED-P Program

**Length of Program:** 1 year followed by 4 years MD, CM

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

---

### 2010/11 New Admissions into MED-P: 80

**2010/11 MED-P Tuition:** The first year program fees (\$2,068 tuition, \$1,534 other compulsory fees) are those of the Faculty of Science in which the student is registered for the first year. Upon successful completion of the preparatory year, the student will be admitted to the MD, CM program in the Faculty of Medicine.

---

**Selection Factors:** Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec *Collège d'enseignement général et professionnel (CÉGEP)* science program may apply.

---

**Academic Criteria:** A *CÉGEP Diplôme d'études collégiales* is required at time of admission.

The suggested *cote de rendement collégial* is 34 and the average of applicants invited for interview in 2010/11 was 35.4.

The MCAT is not required.

Prerequisite courses from the *CÉGEP* program in health sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

---

**Interviews:** These take place from mid-April, 2011. For the August 2010 entering class, 195 applicants were interviewed.

---

**Offers of Admission:** Offers are sent via e-mail and posted on the electronic application system in mid-May, 2011. A \$300 acceptance deposit is required, applicable towards tuition and refundable for a limited period of time.

---

**Application Details:** An electronic application process is available starting September 1, 2010 with a fee of \$85 payable upon completion. The deadline for receipt of the application, including supporting documents, is March 1, 2011.

---

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

**Faculty of Medicine, MCGILL UNIVERSITY - MD, CM Program**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

---

**2010/11 New Admissions into Year One:** 175

*At time of admission, first year quota positions may increase due to attrition.*

**2010/11 First-Year Tuition:** \$4,825 for residents of Québec; \$13,224 for other Canadian residents; \$37,705 for visa students; other compulsory fees were \$2,553; international students are subject to additional health insurance fees

---

**Selection Factors:** The number of year one positions available in 2011/12 is 175; plus up to 4 additional positions (maximum quota which may be distributed among Québec faculties) available only to First Nations/Inuit applicants who are residents of Québec. In 2010/11, 161 positions were filled by residents of Québec.

Canadian citizens/permanent residents or visa students may apply.

---

**Academic Criteria:** A 4 year Bachelor degree (120 credits) is required at time of admission.

The suggested cumulative grade point average is 3.5 or higher on a 4.0 scale and the mean grade point average for successful applicants in 2009/10 was 3.80.

The MCAT is required for all international students and for Canadian citizens/permanent residents who hold undergraduate degrees from non-Canadian universities and results must be available by the application deadline. It is suggested that total scores should equal a minimum of 30.

Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and courses completed more than 8 years ago must be repeated. Exception may be made for applicants with advanced degrees in the material concerned.

---

**Special Consideration:** May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants who are residents of Québec.

---

**Deferred Admissions:** Considered only for graduate academic reasons

**Transfers:** Not considered

**Combined Programs:** MD/MBA, MD/PhD

---

**Interviews:** These take place in January, 2011 for international students and for Canadian residents outside Québec; and in late February, 2011 for residents of Québec. For the August, 2010

entering class there were 197 Québec residents interviewed, 30 other residents of Canada interviewed and 20 international residents interviewed for a total of 247 applicants interviewed for the MD, CM or joint programs.

**Offers of Admission:** Offers are sent via e-mail and posted on the electronic application system in early March, 2011 for international students and residents outside Québec and in mid-May, 2011 for residents of Québec. A \$500 acceptance deposit is required, applicable towards tuition and refundable for a limited period of time.

**Application Details:** An electronic application process is available starting September 1, 2010 with a fee of \$85 payable upon completion. The deadline for receipt of the application, including supporting documents, is November 15, 2010 for residents outside Québec, international applicants and applicants to the MD/MBA or MD/PhD programs and January 15, 2011 for residents of Québec.

All Applicants to McGill	31.2	34.2	22.6	19.6	19.4

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.

**Faculty of Medicine, UNIVERSITY OF OTTAWA****Length of Program:** 4 years**Language of Instruction:** English and French**Proficiency in English Testing:** No**Computer:** Personal required (to be purchased through the faculty and invoiced with tuition fees)

---

**2010/11 New Admissions into Year One:** 164**2010/11 First-Year Tuition:** \$18,117 for Canadian residents; other compulsory fees were \$902

---

**Selection Factors:** The projected number of year one positions available for 2011/12 is 168 which includes up to 7 positions available to Aboriginal/native students; plus 8 positions available through the "Consortium national de formation en santé" program and up to 4 positions available through the Canadian Forces.

Canadian citizens/permanent residents may apply.

---

**Academic Criteria:** Three years full-time university studies leading to a Bachelor's degree is required.

The minimum acceptable grade point average is 3.5 on a 4.0 scale. The mean grade point average of successful applicants in 2009/10 was 3.87.

The MCAT is not required.

Prerequisite courses include the equivalent of one full year course in general biology (with laboratory) and one full year course in humanities/social sciences and the equivalent of two full year courses in the following chemistries - general chemistry (with laboratory), organic chemistry (with laboratory) and/or biochemistry (without laboratory).

---

**Special Consideration:** *Aboriginal applicants:* Required minimum weighted grade point average is set at a lower cut-off for advancement in the selection process.

---

**Deferred Admissions:** Considered under exceptional circumstances only**Transfers:** Considered under special conditions**Combined Programs:** MD/PhD

---

**Interviews:** These take place in March, 2011. Approximately 580 applicants are interviewed.

---

**Offers of Admission:** Offers are e-mailed starting on May 5, 2011 until the class is complete. A firm non-refundable deposit of \$1,000 must be received with a final acceptance and will be deducted from the tuition fee.

**Application Details:** See OMSAS section.

<sup>1</sup> Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.

**Faculté de médecine, UNIVERSITÉ D'OTTAWA**

**Durée du programme :** 4 années

**Langue du programme :** Français et anglais

**Épreuve de compétence en français :** Au besoin

**Ordinateur :** Besoin d'un ordinateur personnel (l'achat peut se faire par l'entremise de la faculté et la facturation se fait avec les frais de scolarité)

**Nombre de nouvelles admissions en première année pour 2010/11 :** 164

**Frais de scolarité de première année pour 2010/11 :** 18 117\$ pour résidents du Canada; autre frais obligatoires 902\$

**Facteurs de sélection :** Les prévisions du nombre de postes de première année disponibles pour 2011/12 est de 168, incluant jusqu'à 7 postes réservés aux étudiants autochtones; plus 8 postes par le biais du programme du Consortium national de formation en santé et jusqu'à 4 postes par le biais des Forces canadiennes (au volet anglophone seulement).

Les citoyens canadiens/résidents permanents peuvent présenter leur candidature.

**Critères d'études :** Trois années d'études à temps complet d'un programme de premier cycle menant au Baccalauréat sont requises.

La moyenne pondérée cumulative minimum acceptable est de 3.5 sur une cote de rendement de 4.0. La moyenne pondérée cumulative des candidats admis en 2009/10 était 3.87.

Le "MCAT" n'est pas requis.

Les cours pré-requis incluent l'équivalent d'une année complète de cours en biologie générale (avec travaux pratiques) et une année complète dans les humanités ou sciences sociales et l'équivalent de deux années complètes de cours en chimie parmi les cours suivants - chimie générale (avec travaux pratiques), chimie organique (avec travaux pratiques) et/ou biochimie (sans travaux pratiques).

**Considération particulière :** *Candidats autochtones* : Les dossiers des candidats autochtones avancent dans le cheminement du processus de sélection avec une moyenne pondérée minimale moins élevée pour l'excellence des notes.

**Admissions reportées :** Envisagées sous circonstance exceptionnelle seulement

**Transferts :** Envisagés selon des considérations particulières

**Programmes combinés :** MD/PhD

**Entrevues :** Les entrevues auront lieu en mars 2011. Environ 580 candidats seront interviewés.

**Offres d'admission :** Les offres seront envoyées par courriel à compter du 5 mai 2011, jusqu'à ce que la classe soit complète. Un dépôt ferme et non remboursable de 1 000\$ doit être reçu pour toute acceptation finale. Ce dépôt sera déduit des frais de scolarité.

**Détails des demandes :** Consultez la section Service ontarien de demande d'admission en médecine.

Other Canadian	11.7	13.7	7.2		
Foreign <sup>1</sup>	0.0	11.8	0.0		
All Applicants to Queen's	11.2	11.3	7.7		

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.

**Faculty of Medicine, UNIVERSITY OF TORONTO****Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

---

**2010/11 New Admissions into Year One:** 250**2010/11 First-Year Tuition:** \$18,424 for Canadian residents; \$51,051 for visa students; other compulsory fees were \$1,509

---

**Selection Factors:** The number of year one positions available for 2011/12 is 259 which includes up to 7 positions available for foreign students and up to 8 positions available to applicants to the MD/PhD program.

The 259 positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga). Although the process is not yet in place, it is planned that students will be asked to rank their choice of campus or indicate no preference and positions will be filled based on their preference.

Canadian citizens/permanent residents or visa students may apply.

---

**Academic Criteria:** A minimum of three years full-time university study is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2010/11 was 3.88.

The MCAT is required and the test must have been written within five years of application deadline and only the most recent score is considered. The minimum acceptable scores are 9/9/9 and N.

Prerequisite courses include two full courses in life sciences and one full course in social science or humanities or a second language.

---

**Special Consideration:** Applicants from a graduate program are assessed in a separate process. They must submit additional information showing research productivity as well as additional reference letters. Graduate applicants may be considered with a lower than minimum required grade point average.

---

**Deferred Admissions:** Considered (not routinely)**Transfers:** Not considered**Combined Programs:** MD/PhD

---

**Interviews:** These take place on 3 weekends between February-April, 2011. For the September, 2010 entering class there were 524 applicants (including 3 international applicants) interviewed.

**Offers of Admission:** Offers are mailed on May 5, 2011. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

**Application Details:** See OMSAS section.

---

**2010/11 New Admissions into Year One:** 203**2010/11 First-Year Tuition:** \$20,831 for Canadian residents; \$108,546 for visa students; other compulsory fees were \$737

---

**Selection Factors:** The number of year one positions available for 2010/11 was 203: 147 positions were at the Hamilton campus, 28 positions were at the Waterloo Regional Campus (in Kitchener) and 28 positions were at the Niagara Regional Campus (in St. Catharines).

All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offers of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.

Canadian citizens/permanent residents or visa students may apply.

---

**Academic Criteria:** Three years (30 credits) of university is required.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2009/10 was 3.89.

The MCAT is required — only the Verbal Reasoning score (a minimum score of 6 is required) is used in the selection process. The test must have been taken within five years of the application deadline.

There are no prerequisite courses.

---

**Special Consideration:** Aboriginal applicants must self-identify and must meet minimum requirements. Applicants are reviewed by a separate committee.

---

**Deferred Admissions:** Considered**Transfers:** Not considered**Combined Programs:** MD/PhD

---

**Interviews:** These take place in March and April, 2011. For the September, 2010 entering class there were 477 Ontario residents interviewed, 48 other residents of Canada interviewed and 1 resident outside of Canada interviewed for a total of 526 applicants interviewed.

**Offers of Admission:** Offers are mailed on May 5, 2011. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

**Schulich School of Medicine & Dentistry, UNIVERSITY OF WESTERN ONTARIO**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

**2010/11 New Admissions into Year One:** 171

**2010/11 First-Year Tuition:** \$17,722 for Canadian residents; other compulsory fees were \$973

**Selection Factors:** The number of year one positions available for 2011/12 is 171; 133 in London and 38 at the Windsor campus. Students are assigned to the campus of their preference based on their rank. Once the preferred campus is filled, students are assigned in rank order to the remaining seats. In 2011/12, the 171 positions include up to 3 positions available to Indigenous applicants, up to 3 positions available to applicants to the MD/PhD program, up to 3 positions available to applicants to the MD/BESc program; and up to 1 position available to applicants to the oral maxillofacial surgery program.

Canadian citizens/permanent residents may apply.

**Academic Criteria:** Four years (honours) full-time university/college is required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average was 3.70 on a 4.0 scale for the 2010/11 entering class.

The MCAT is required and the test must have been taken within five years prior to the application deadline. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

There are no prerequisite courses.

**Special Consideration:** Applies to applicants who have indicated on their application that they are from rural/regional communities in Southwestern Ontario and from Indigenous communities.

**Deferred Admissions:** Considered only on the basis of appeal to applicants who have progressed through the regular admission cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions & Student Affairs Office.

**Transfers:** Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian medical school. Applicants considering transfer must contact the Admissions & Student Affairs Office.

**Combined Programs:** MD/BESc, MD/PhD (University of Western Ontario only), Oral Maxillofacial Surgery (MD/MSc)

**Interviews:** These take place on March 5-6, 26-27, 2011. For the September, 2010 entering class there were 427 applicants interviewed.

---

**Offers of Admission:** Offers are electronically mailed on May 5, 2011. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

---

<sup>2</sup> Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.

**Northern Ontario School of Medicine, LAURENTIAN UNIVERSITY / LAKEHEAD UNIVERSITY****Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Students must lease laptops from the school

---

**2010/11 New Admissions into Year One:** 64**2010/11 First-Year Tuition:** \$17,200 for Canadian residents; other compulsory fees were \$1,750 at the East Campus and \$2,050 at the West Campus

---

**Selection Factors:** The number of year one positions available for 2011/10 is 64 which includes a minimum of 2 positions available to Aboriginal students.

The 64 positions are allocated to two campuses: Lakehead University and Laurentian University. Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred site.

Canadian citizens/permanent residents may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Aboriginal and Francophone applicants.

---

**Academic Criteria:** Four years full-time university/college is required. An applicant who is 25 years or older may apply with a three year degree. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2009/10 was 3.72.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

---

**Special Consideration:** Aboriginal applicants may apply through the Aboriginal Admissions Stream, however, all minimum requirements must be met.

---

**Deferred Admissions:** Not considered (except under extenuating circumstances)**Transfers:** Not considered**Combined Programs:** Not available

**Interviews:** These take place in March and April, 2011. For the September, 2010 entering class there were 394 applicants interviewed.

---

**Offers of Admission:** Offers are mailed on May 5, 2011. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

<sup>1</sup> Includes students who applied for positions under contract with foreign governments or educational institutions in 2006/07.

**College of Medicine, UNIVERSITY OF SASKATCHEWAN****Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required**2010/11 New Admissions into Year One:** 84**2010/11 First-Year Tuition:** \$12,276 for Canadian residents; other compulsory fees were \$697

**Selection Factors:** The number of year one positions available for 2011/12 is expected to be 84 which includes up to 9 positions available to Aboriginal/native applicants and 8 positions available to out-of province applicants.

Canadian citizens/permanent residents may apply.

**Academic Criteria:** Two years full-time university/college is required.

The minimum acceptable grade point average is 78% for residents of Saskatchewan and 80% for out-of-province residents, although out-of-province applicants invited for interview in the last several years have had averages of 90% or higher. The mean grade point average of successful applicants in 2009/10 was 89.29%.

The MCAT is required except for students who have completed the prerequisites within Saskatchewan as described in the next paragraph. The test must have been taken within the last five years and scores have to be available at the time of application. The minimum acceptable scores are 26N - accumulated scores in biological sciences, physical sciences and verbal reasoning sections of 26 with no section below 8 and N in the writing sample. Note: Saskatchewan residents will have the option to apply under the old academic requirement for **one more year** (2011 entry) as long as the MCAT was written **prior to 2008 (no earlier than April, 2006)** - minimum scores of 8 and N with either one 7 or M. The maximum number of times an applicant may take the MCAT is five times (additional sittings will not be accepted unless approved in writing by the Admissions Office, College of Medicine).

Prerequisite courses are mandatory for students who wish to apply under the "prerequisite only" requirement whereby all courses are taken at the University of Saskatchewan or University of Regina within five years of applying with a minimum overall average of 78% and minimum individual course grade of 60%. The prerequisites are identified at [www.medicine.usask.ca/admissions](http://www.medicine.usask.ca/admissions) and include two terms in each of biochemistry, biology, chemistry (general and organic), physics, social science/humanities and English. Students attending institutions outside Saskatchewan are strongly recommended to complete equivalent prerequisites, particularly two terms of biochemistry, to ensure readiness for the basic sciences covered in the first two years of the undergraduate medical curriculum.

**Special Consideration:** Students of Aboriginal ancestry may make application through the Aboriginal Equity Access Program whereby all requirements are the same as the regular pool but students compete within this category, not against the entire applicant pool.

Note: Aboriginal applicants have the option of applying under the "prerequisite only" academic requirement even if prerequisites are taken outside Saskatchewan institutions. Confirmation of equivalent courses must be made by contacting the Admissions Office prior to application.

---

**Deferred Admissions:** Considered (residents of Saskatchewan only)

**Transfers:** Not considered

**Combined Programs:** MD/MSc, MD/PhD (programs available only after successful completion of MD year one)

---

**Interviews:** The Multiple Mini Interview process is used and all interviews take place on March 19-20, 2011. For the September, 2010 entering class, there were 283 Saskatchewan residents and 56 other residents of Canada interviewed for a total of 339 applicants interviewed.

---

**Offers of Admission:** Offers are e-mailed and mailed on May 15, 2011. A \$500 acceptance deposit is required.

---

**Application Details:** The on-line application is available on August 15, 2010 (paper applications available only upon request). The deadline to submit the application on-line is October 29, 2010. The application fee is \$125.

---

**2010/11 New Admissions into Year One:** 167**2010/11 First-Year Tuition:** \$11,714 for Canadian residents; other compulsory fees were \$1,043

---

**Selection Factors:** The number of year one positions available for 2010/11 was 152; plus 5 positions available to Aboriginal applicants and 10 positions available to rural applicants. At least eighty-five percent of year one positions were filled by residents of Alberta.

Canadian citizens/permanent residents may apply.

---

**Academic Criteria:** Two years full-time university/college is required.

The minimum acceptable grade point average on a 4.0 scale is 3.3 for residents of Alberta and 3.5 for residents outside Alberta for students with 4 or more years post-secondary study; 3.7 for students with 2 or 3 years post-secondary study (not receiving a degree). The mean grade point average of successful applicants in 2010/11 was 3.8.

The MCAT is required and the test must have been taken no later than September, 2010 and no earlier than November, 2005. The minimum acceptable score is 7 in any category and M in the writing sample.

Prerequisite courses include full year courses in organic and general (inorganic) chemistry, biology, physics and English; half year courses in biochemistry and statistics.

---

**Deferred Admissions:** Considered**Transfers:** Considered (from Canadian faculties of medicine only)**Combined Programs:** MD/PhD, MD (with Special Training in Research)

---

**Interviews:** Multiple Mini Interviews (MMI) take place on March 20-21, 2011. For the September, 2010 entering class there were 409 Alberta residents interviewed and 65 other residents of Canada interviewed for a total of 474 applicants interviewed.

---

**Offers of Admission:** Offers are mailed on May 15, 2011. A \$1,000 acceptance deposit is required.

---

**Application Details:** An electronic application process is available on July 5, 2010. The deadline for submitting the application is November 1, 2010. The application fee is \$75 for current and former University of Alberta undergraduates and \$115 for students new to the University of Alberta.

**Faculty of Medicine, UNIVERSITY OF CALGARY****Length of Program:** 3 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

---

**2010/11 New Admissions into Year One:** 170**2010/11 First-Year Tuition:** \$14,600 for Canadian residents; other compulsory fees were \$793

---

**Selection Factors:** The number of year one positions available for 2010/11 was 170. Eighty-five percent of year one positions were filled by residents of Alberta.

Canadian citizens/permanent residents may apply.

---

**Academic Criteria:** Two years full-time university/college are required.

The minimum acceptable grade point average is 3.2 for residents of Alberta and 3.6 for residents outside of Alberta on a 4.0 point scale. The mean grade point average of successful applicants in 2010/11 was 3.61.

The MCAT is required and the test must have been taken in 1991 or later.

Although there are no prerequisite courses the following courses are strongly recommended: biology, chemistry, physics, English, organic chemistry, biochemistry, physiology, psychology/sociology/anthropology and calculus/statistics.

---

**Deferred Admissions:** Considered**Transfers:** Not considered**Combined Programs:** MD/MBA, MD/MSc, MD/PhD (other combinations are possible)

---

**Interviews:** These take place on February 26 and 27, 2011. For the September, 2010 entering class there were 517 Alberta residents interviewed and 127 other residents of Canada interviewed for a total of 644 applicants interviewed. Aboriginal applicants who meet the minimum grade point average for Alberta residents are automatically interviewed.

---

**Offers of Admission:** Offers are mailed on May 15, 2011. A \$500 acceptance deposit is required.

---

**Application Details:** An electronic application process is available on July 15, 2010. The deadline for receipt of the application and fee of \$150 is October 15, 2010.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> Includes students who applied for positions under contract with foreign governments or educational institutions in 2004/05 and 2006/07-2008/09.

<sup>2</sup> Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.

**Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA****Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

---

**2010/11 New Admissions into Year One:** 256**2010/11 First-Year Tuition:** \$15,457 for Canadian residents; other compulsory fees were: Vancouver Fraser Medical Program = \$865, Island Medical Program = \$208, Northern Medical Program = \$308 (fees for the Southern Medical Program are not yet known)

---

**Selection Factors:** The number of year one positions available for 2011/12 is 288 which includes up to 13 positions available to Aboriginal applicants and up to 4 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program.

Canadian citizens/permanent residents may apply.

---

**Academic Criteria:** Three years full-time university/college is required.

The minimum acceptable grade point average is 2.8 on a 4.0 scale (visit the web-site for up-to-date information on minimum academic standing). The mean grade point average of successful applicants in 2009/10 was 3.71.

The MCAT is required and the test must have been taken within the last five years.

Prerequisite courses include English, biochemistry, biology, organic and inorganic chemistry.

---

**Deferred Admissions:** Considered**Transfers:** Considered only after completion of two years of medical studies in Canada or the United States**Combined Programs:** MD/PhD

---

**Interviews:** These take place in mid-late February, 2011. For the September, 2010 entering class there were 601 British Columbia residents interviewed and 57 other residents of Canada interviewed for a total of 658 applicants interviewed.

---

**Offers of Admission:** Offers are mailed mid-May, 2011. A \$500 acceptance deposit is required.

**Application Details:** An electronic application process is available on June 1, 2010. The deadline for receipt of the application is September 1, 2010 (interviewed applicants who are required to submit supplementary information must do so by early March, 2011). The application fees are \$105 for residents of British Columbia with BC transcripts only; \$135 for residents of British Columbia with any out-of-province transcripts; and \$185 for residents outside British Columbia.
