Report for AFMC Board of Directors Meeting, May, 2011
AFMC Resource Group on Admissions
Academic Year 2010/11
Chair: Dr. Richard Hebert, University of Ottawa

The AFMC Resource Group on Admissions met at the St. John's meeting on May 2, 2010. It began with a cross country check and discussion by the medical schools present. There were two short presentations on fraudulent/egregious acts as well as MCAT access for hinterland applications. This was followed by an MCAT talk entitled: "Up-date on MCAT review – What you should expect from MCAT?". The day was capped by a symposium led by IPAC entitled: "Indigenous Student Recruitment and Retention".

On the second day the University of Toronto spoke in regards to diversity/access. This was followed by McMaster University on the subject of a computer-based screening test of "soft skills". Finally the McGill group spoke of emergency/disaster preparedness plans for MMI day(s).
