INTRODUCTION

All statistical data provided come from an annual survey conducted by the Office of Research and Information Services (ORIS). Individual faculty information is provided by each faculty of medicine as of July, 2008 and therefore is subject to change. ORIS also publishes "Canadian Medical Education Statistics" each September. This book provides detailed statistics concerning application to and enrolment in faculties of medicine.

When comparing data from year to year there are certain considerations to keep in mind. There have been increases to the number of available places for the study of medicine at many faculties of medicine. Also, admission requirements and selection policies of individual faculties of medicine may vary from year to year.

General Information

There are seventeen faculties of medicine in Canada that offer programs of study leading to the award of the MD degree which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence going from east to west which implies no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources as well as Canada's future physician workforce requirement. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

Provided academic prerequisites have been met, the type of undergraduate degree earned or program followed should not deter filing an application. Also, whether or not the previous institution attended has a faculty of medicine does not affect the chance of admission.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.
- Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

Ontario Medical School Application Service (OMSAS)
Service ontarien de demande d'admission en médecine

The six Ontario faculties of medicine use OMSAS which is a centralized application processing service, thus applicants submit only one set of application materials and academic documents regardless of the number of faculties to which they are applying. Each faculty of medicine independently makes the selection decision.

The OMSAS web-site provides an on-line application service mid-July, 2008 as well as additional information related to each faculty's admission requirements. The web-site is a comprehensive one where applicants can obtain information on the application process and can view details concerning their application. The OMSAS levy is composed of a base fee and an additional fee for each Ontario faculty of medicine to which application is made.

The on-line application fees (see below) are dependent on the number of faculties chosen.

<u>Number of Faculties</u>	<u>In Canadian Funds</u>
1	\$285
2	\$360
3	\$435
4	\$510
5	\$585
6	\$660

Deadlines:

September 15, 2008	Last day to register for/create an account for the on-line application
October 1, 2008	Last day for receipt of applications, all transcripts and academic documents and all confidential assessment forms
October 6, 2008	Last day for receipt of all cheques, money orders and electronic payments
October 15, 2008	Last day for release of MCAT scores
May 15, 2008	First date for offers of admission
June 12, 2009	Provisional acceptances become firm acceptances on this date
June 30, 2009	Last day for receipt of final transcripts

Medical College Admission Test (MCAT)

The MCAT is a standardized, multiple-choice examination designed to assess problem solving, critical thinking and writing skills in addition to the examinee's knowledge of science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine.

The test consists of four test sections: the Verbal Reasoning, Physical Sciences and Biological Sciences sections contain multiple-choice questions and the scores range from a low of 1 to a high of 15 for each section; the Writing Sample section consists of two essays and the total score ranges from a low of J to a high of T.

The computer-based test is given at established test centres in Canada, the United States and overseas. Visit the web-site for dates and locations. The overall length of the test day is approximately four and one-half hours. The regular examination fee was \$210 in US funds for the 2008 test dates.

Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Rejected candidates should try to reach an objective assessment of why they did not receive an offer. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the sheer rationing of places that is necessary when the number of qualified candidates greatly exceeds the number of available places. Well qualified candidates have grounds for re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared well. The academically weaker candidates tend not to re-apply for admission to the same extent as do those who have a sound academic background.

Applying to Study Medicine Outside Canada

If for any reason an applicant decides to seek admission to a medical faculty outside Canada, some important factors must be borne in mind. The most important of these is that returning to practise medicine in Canada may prove difficult. This is not meant to deter individuals from seeking education in foreign universities — some Canadian citizens have always gone abroad to study in recognized, reputable universities. Limitations on recognition of foreign earned MDs apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends a foreign medical faculty will be able to train or practise medicine in Canada in the future.

Foreign Applicants

Not all faculties of medicine accept applications from foreign students. Conversely, some faculties of medicine have contracts with foreign governments or institutions to accept applications for “supernumerary” positions. It is understood that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the foreign educational institutions or governments that have negotiated such contracts.

Foreign students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the foreign applicant.

Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

2008/09 New Admissions into Year One: 64**2008/09 First-Year Tuition:** \$6,250 for Canadian residents; \$30,000 for visa students; other compulsory fees were \$1,015

Selection Factors: The number of year one positions available for 2008/09 was 64 of which 46 were filled by residents of Newfoundland and Labrador, 10 by residents of New Brunswick and 2 by residents of Prince Edward Island. There were positions available for students admitted under contract with a foreign government or educational institution.

Any Canadian citizen/permanent resident or visa student may apply.

Academic Criteria: A Bachelor's degree is required at time of admission. In exceptional circumstances an application may be considered when a Bachelor's degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2007/08 was 3.70 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the 5 year period prior to application.

Six credit hours in English is required.

Deferred Admission: Considered**Transfers:** Not usually considered but may be in rare circumstances from a Canadian medical faculty**Combined Programs:** MD/PhD

Interviews: These take place in February and March, 2009. For the September, 2008 entering class there were 114 Newfoundland/Labrador residents interviewed, 100 other residents of Canada interviewed and 5 residents outside of Canada interviewed for a total of 219 applicants interviewed.

Offers of Admission: Offers are mailed in March, April and May, 2009. A \$200 acceptance deposit is required.

Application Details: An electronic application process is available in July, 2008. The deadline for receipt of the application and fee of \$75 is October 15, 2008.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

¹ Includes students who applied for positions available under contract with foreign governments or educational institutions in 2002/03, 2004/05 and 2006/07.

Faculty of Medicine, DALHOUSIE UNIVERSITY**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

2008/09 New Admissions into Year One: 98**2008/09 First-Year Tuition:** \$13,818 for Canadian residents; \$21,078 for visa students; \$44,400 for students admitted under contract with a foreign government or educational institution (students admitted to year three pay an additional \$19,079 bridging fee for the link program); other compulsory fees were \$880

Selection Factors: The number of year one positions available for 2009/10 is 98; an additional 3 positions are available through the Department of National Defence and 1 position available for a dental student who after completing the MD program plans to specialize in oral maxiofacial surgery. There are positions available for students admitted under contract with a foreign government or educational institution. In 2008/09 there were 89 positions filled by residents of the Maritime provinces (Nova Scotia, New Brunswick and Prince Edward Island).

Any Canadian citizen/permanent resident or visa student may apply.

Academic Criteria: Three to four years full-time university/college is required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2008/09 was 3.8.

The MCAT is required and the test must have been taken within the last 5 years.

There are no prerequisite courses.

Special Consideration: Applies on an individual basis to applicants with extenuating circumstances when the need arises.

Deferred Admission: Considered (only for extenuating circumstances)**Transfers:** Not considered**Combined Programs:** Not available

Interviews: Interviews are held on one weekend in February, 2009 as advertised in the early Fall on the Admissions Webpage. For the September, 2008 entering class there were 239 Maritime residents interviewed and 50 non-Maritime residents interviewed for a total of 299 applicants interviewed.

Offers of Admission: All letters to interviewed applicants will be mailed on one date only - May 15, 2009. A \$200 acceptance deposit is required.

Application Details: An electronic application process is available on September 2, 2008. The deadline for receipt of the application and fee of \$70 is November 3, 2008.

Faculté de médecine, UNIVERSITÉ LAVAL**Durée du programme :** 4 ans**Langue du programme :** Français**Épreuve de compétence en français :** Oui**Ordinateur :** PC non requis

Nombre de nouvelles admissions de première année pour 2008/09 : 215**Frais de scolarité de première année pour 2008/09 :** 2 927\$ pour résidents du Québec; 8 423\$ pour les résidents d'une autre province canadienne/d'un autre territoire canadien; 20 294\$ pour l'étranger; autres frais obligatoires 650\$

Facteurs de sélection : En 2008/09, le nombre de postes disponibles était de 215 dont 203 postes occupés par des résidents du Québec; plus 1 poste à pouvoir parmi les candidats autochtones et 2 postes par le biais du Ministère de la défense nationale

Tout citoyen canadien, résident permanent ou étudiant détenant un visa peut se porter candidat.

Critères d'études : Deux années d'études post-secondaires à temps plein sont requises.

Le "MCAT" n'est pas requis.

La cote de rendement en 2008/09 était de 33.5 pour les collégiens et de 32.0 pour les universitaires.

Les cours pré-requis de niveau collégial ou l'équivalent : 2 cours en biologie, 3 cours en chimie, 2 cours en mathématiques et 3 cours en physique.

Considération particulière : S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont résidents permanents du Québec; aux candidats du contingent Collège d'enseignement général et professionnel (CÉGEP); aux candidats du contingent autochtone; aux candidats du contingent militaire; aux candidats au programme MD/PhD; et aux candidats provenant du marché du travail.

Admission reportée : Non envisagée**Transferts :** Non envisagés**Programmes combinés :** MD/MSc, MD/PhD

Entrevues : Les entrevues auront lieu en avril et mai 2009. Pour la classe d'entrée de septembre 2008, on a interviewé 684 résidents du Québec, 1 résident d'ailleurs au Canada et 2 résidents de l'extérieur du pays, portant à 687 le nombre de demandeurs interviewés.

Offres d'admission : Les offres seront mises à la poste en mai et juin 2009.

Détails des demandes : Les demandes électroniques et papier sont disponibles le 1^{er} octobre 2008. La date limite pour la réception des demandes est le 1^{er} février 2009 pour les universitaires et le 1^{er} mars 2009 pour tous les autres. Les frais d'ouverture de dossier sont de 30\$.

Étranger	1.6%	2.2%	0.0%	32.8%	1.4%
Toutes les demandes à Laval	21.3%	21.9%	27.4%	31.2%	21.5%

Taux de succès : Pourcentage de candidats ayant reçu au moins une offre d'admission, que l'inscription aie été immédiate, refusée ou reportée.

¹ La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

Faculté de médecine et des sciences de la santé, UNIVERSITÉ DE SHERBROOKE**Durée du programme :** 4 ans**Langue du programme :** Français**Épreuve de compétence en français :** Oui**Ordinateur :** PC non requis

Nombre de nouvelles admissions de première année pour 2008/09 : 199**Frais de scolarité de première année pour 2008/09 :** 2 829\$ pour résidents du Québec et du Nouveau-Brunswick; 8 225\$ pour les résidents d'une autre province/d'un autre territoire canadien; 19 839\$ pour l'étranger; autres frais obligatoires 1 181\$

Facteurs de sélection : En 2008/09, le nombre de postes disponibles était de 199 dont 150 postes occupés par des résidents du Québec.

Les 199 positions sont distribués sur trois sites : 150 au site Sherbrooke; 25 au site Saguenay; et 24 au site Moncton. Pour les candidats québécois, un formulaire de choix de site doit être complété à la journée TAAMUS afin de signifier leur premier choix entre les sites Saguenay et Sherbrooke. Les candidats québécois affectés à l'un ou l'autre de ces deux sites le seront selon leur préférence et dans l'ordre de la liste d'excellence. Le site Saguenay est exclusivement réservé aux Québécois. Le site Moncton est exclusivement réservé aux Néo-Brunswickois.

Tout citoyen canadien, résident permanent (à l'exception des résidents de l'Ontario) ou étudiant(e) détenant un visa peut se porter candidat.

Critères d'études : Deux années d'études post-secondaires à temps complet ayant mené à l'obtention d'un diplôme à grade sont requises.

Le "MCAT" n'est pas requis.

Les cours pré-requis : Mathématiques 103 et 203; Physique 101, 201 et 301; Chimie 101, 201 et 202; Biologie 301 et 401 ou Biologie 911 et 921.

Admission reportée : Non envisagée**Transferts :** Non envisagés**Programmes combinés :** MD/MSc, MD/PhD

Entrevues : En 2008, les candidats qualifiés ont été invités à se présenter au Test d'aptitudes à l'apprentissage de la médecine à l'Université de Sherbrooke (TAAMUS) les 11, 12, 19 et 28 avril ainsi que le 8 mai. Les candidats québécois de la catégorie universitaire qualifiés ont également été invités à passer les Mini entrevues multiples (MEM) le 20 avril. Pour la classe d'entrée de septembre 2008, 653 résidents du Québec et 80 autres résidents du Canada ont passé le TAAMUS, des 653 résidents du Québec, 88 ont également passé les MEM. Un candidat international et deux autres candidats ont été interviewés. Au total, 736 demandeurs ont passé le TAAMUS (et les MEM, le cas échéant) ont été interviewés.

Offres d'admission : En 2008, les offres ont été mises à la poste dès le 16 mai. Des frais d'inscription de 200\$ doivent obligatoirement être acquittés.

Détails des demandes : Les demandes électroniques et papier sont disponibles pendant toute l'année. La date limite pour la réception des demandes est le 15 janvier 2009 pour les contingents suivants : contingent québécois, catégorie universitaire (45 crédits universitaires et plus cumulés), contingent québécois, catégorie collégiale (ayant cumulé au moins 1 crédit universitaire), contingent du Nouveau-Brunswick et des provinces de l'Atlantique, contingent de l'ouest canadien, contingent du Programme militaire d'études en médecine (PMEM), contingent des Premières Nations et Inuits du Québec, contingent international et contingent des diplômés hors Canada et États-Unis (DHCÉU). Les candidats du contingent québécois catégorie collégiale n'ayant cumulé aucun crédit universitaire peuvent déposer une demande d'admission jusqu'au le 1^{er} mars 2009. Les frais d'ouverture de dossier sont de 70\$.

¹ La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

Faculté de médecine, UNIVERSITÉ DE MONTRÉAL

Durée des programmes : 5 ans (année préparatoire)
4 ans (programme de MD)

Langue des programmes : Français

Épreuve de compétence en français : Oui

Ordinateur : PC non requis

Nombre de nouvelles admissions pour 2008/09 : 280 (206 - 5 ans; 74 - 4 ans, première année)

Frais de scolarité de première année pour 2007/08 : 2 802\$ pour résidents du Québec; 8 068\$ pour les résidents d'une autre province/d'un autre territoire canadien; 19 908\$ pour l'étranger; autres frais obligatoires 1 241\$

Facteurs de sélection : En 2008/09, le nombre de postes disponibles était de 278 dont 274 postes occupés par des résidents du Québec; plus 1 poste à pouvoir parmi les candidats autochtones et 1 poste par le biais du Ministère de la défense nationale.

Les 280 positions sont allouées à deux campus : à l'Université de Montréal - 180 en année préparatoire et 60 au programme de MD; au Centre d'études médicales en Mauricie - 32 en année préparatoire et 8 au programme de MD. Dans la mesure où il y a des places disponibles, le candidat peut choisir entre le campus à Montréal ou le campus en Mauricie.

Tous les candidats font une demande d'admission à l'année préparatoire au programme de MD. Selon le profil académique du candidat, le Comité d'admission décidera si une candidature sera considérée pour l'année préparatoire ou pour la première année de médecine.

Selon le nombre de postes, environ les trois quarts candidats retenus sont admis en année préparatoire et l'autre quart s'ajoute au contingent de l'année préparatoire de l'année précédente pour former la première année.

Tout citoyen canadien, résident permanent ou étudiant détenant un visa peut se porter candidat.

Les candidats ayant un Baccalauréat sont considérés dans une classe particulière. Environ 45% des étudiants admis sont dans cette catégorie. Les candidats ayant un PhD sont également dans une classe particulière de même que les candidats étrangers.

Critères d'études : Année préparatoire : Soit deux années à plein temps de Collège d'enseignement général et professionnel (CÉGEP) en sciences, lettres et arts ou en sciences de la nature et avoir atteint les objectifs ØØXU (biologie) et ØØXV (chimie). Soit tout autre diplôme d'études collégiales et avoir réussi, avant l'entrée dans le programme, les cours préalables suivant : Biologie 301 et 401 ou deux cours de biologie humaine; Chimie 101, 201 et 202; Mathématiques 103 et 203; Physique 101, 201 et 301. Soit être titulaire d'un diplôme d'études post-secondaires équivalent à un DEC ou à un baccalauréat obtenus au Québec et avoir réussi les cours préalables ci-dessus mentionnés ou des cours équivalents dans chacune des quatre matières. L'année préparatoire est requise pour les collégiens, les étudiants étrangers et les universitaires ayant complété un premier grade universitaire mais dont le programme d'études n'est pas jugé globalement équivalent à celui de l'année préparatoire.

Quatre ans : Un Baccalauréat obtenu au Québec dans un programme d'études jugé équivalent à l'année préparatoire au tout autre diplôme équivalent est exigé au moment de l'admission pour les candidats de la catégorie universitaire.

Une cote de rendement est calculée pour tous les candidats. Selon les critères présentement en vigueur, une présélection est faite, par catégorie, fondée sur l'excellence du dossier scolaire établie en tenant compte de la cote de rendement.

Le "MCAT" n'est pas requis.

Considération particulière : S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont citoyens canadiens ou résidents permanents qui sont résidents du Québec.

Admission reportée : Non envisagée

Transferts : Non envisagés

Programmes combinés : MD/MSc, MD/PhD

Entrevues : Les entrevues de type MEM (Mini entrevues multiples) auront lieu un samedi ou un dimanche entre le début avril et la mi-mai 2009. Les candidats devront se présenter en personne à la date où ils auront été convoqués sans possibilité de changement. Année préparatoire: Pour la classe d'entrée de septembre 2008, on a interviewé 575 résidents du Québec, 8 résidents d'ailleurs au Canada et 3 résidents de l'extérieur du pays, portant à 586 le nombre de demandeurs interviewés. Quatre ans: Pour la classe d'entrée de septembre 2008, on a interviewé 171 résidents du Québec, 1 résident d'ailleurs au Canada et 1 résident de l'extérieur du pays portant à 173 le nombre de demandeurs interviewés. Les frais d'entrevues sont présentement de 100\$ mais pourrait être haussés dans les mois qui viennent.

Offres d'admission : Les offres seront mises à la poste vers le 15 mai 2009 pour l'ensemble des candidats. Il y aura un dépôt d'acceptation obligatoire de 200\$

Détails des demandes : La version papier est disponible le 1^{er} septembre 2008 et la version électronique est disponible le 1^{er} décembre 2008. La date limite pour la réception des demandes est le 15 janvier 2009 pour les universitaires et le 1^{er} mars 2009 pour les collégiens. Les frais d'ouverture de dossier sont de 80\$ par voie électronique et 100\$ sur support papier.

Faculty of Medicine, MCGILL UNIVERSITY - MED-P Program

Length of Program: 1 year followed by 4 years MD CM

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal required

2008/09 New Admissions into MED-P: 80

2008/09 MED-P Tuition: The first year program fees (\$1,868 tuition, \$1,434 other compulsory fees) are those of the Faculty of Science in which the student is registered for the first year. Upon successful completion of the first year, the student will be enrolled in the MD,CM program in the Faculty of Medicine.

Selection Factors: Any Canadian citizen/permanent resident who is a resident of Québec currently enrolled in second (final) year at a Québec Collège d'enseignement général et professionnel (CÉGEP) science program may apply.

Academic Criteria: A CÉGEP Diplôme d'études collégiales is required at time of admission.

The suggested *cote de rendement collégial* is 34 and the average of successful applicants in 2008/09 was 35.6.

The MCAT is not required.

Prerequisite courses from the CÉGEP program in health sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Interviews: These take place in the last week of April, 2009. Two hundred applicants will be interviewed.

Offers of Admission: Offers are e-mailed and posted on the electronic application system on May 16, 2009. A \$300 acceptance deposit is required (refundable for a limited period of time).

Application Details: An electronic application process is available on September 1, 2008. The deadline for receipt of the application and fee of \$85 is March 1, 2009.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

Faculty of Medicine, MCGILL UNIVERSITY - MD,CM Program**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

2008/09 New Admissions into Year One: 174**2008/09 First-Year Tuition:** \$4,359 for residents of Québec; \$12,550 for other Canadian residents; \$32,812 for visa students; other compulsory fees were \$2,567

Selection Factors: The number of year one positions available in 2009/10 is 174; plus 1-2 additional positions available only to First Nations/Inuit applicants. In 2008/09, 158 positions were filled by residents of Québec.

Any Canadian citizen/permanent resident or visa student may apply.

Academic Criteria: A 4 year Bachelor degree (120 credits) is required at time of admission.

The suggested cumulative grade point average is 3.5 or higher on a 4.0 scale and the mean grade point average for successful applicants in 2008/09 was 3.77.

The MCAT is required and the results must be available by the application deadline. It is suggested that total scores should equal a minimum of 30.

Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and courses completed more than 8 years ago must be repeated. Exception may be made for applicants with advanced degrees in the material concerned.

Special Consideration: May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants from Québec.

Deferred Admission: Considered only for completion of a graduate degree**Transfers:** Not considered**Combined Programs:** MD/PhD, MD/MBA

Interviews: These take place in February, 2009 for foreign students and for residents outside Québec; in March, 2009 for residents of Québec who are university graduates. For the August, 2008 entering class there were 180 Québec residents interviewed, 52 other residents of Canada interviewed and 48 non-Canadian residents interviewed for a total of 280 applicants interviewed for direct entry into the 4-year program.

Offers of Admission: Offers are e-mailed and posted on the electronic application system by early March, 2009 for foreign students and residents outside Québec and in early April, 2009 for residents of Québec who are university graduates. A \$500 acceptance deposit is required (refundable for a limited period of time).

Application Details: An electronic application process is available on September 1, 2008. The deadline for receipt of the application (including the MD/PhD and MD/MBA programs) is November 15, 2008 for residents outside Québec and January 15, 2009 for residents of Québec. The application fee is \$85 (pending Board approval).

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

¹ The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.

² Includes students who applied for positions available under contract with foreign governments or educational institutions in 2002/03 - 2003/04.

Faculty of Medicine, UNIVERSITY OF OTTAWA

Length of Program: 4 years

Language of Instruction: English and French

Proficiency in English Testing: No

Computer: Personal required (to be purchased through the faculty and invoiced with tuition fees)

2008/09 New Admissions into Year One: 156

2008/09 First-Year Tuition: \$15,976 for Canadian residents; other compulsory fees were \$581

Selection Factors: The projected number of year one positions available for 2009/10 is 143 which includes 8 positions available to Aboriginal/native students; plus 8 positions available through the "Centre national de formation en santé" program and 5 positions available through the Department of National Defence.

Any Canadian citizen/permanent resident may apply.

Academic Criteria: Three years full-time university studies leading to a Bachelor's degree is required.

The minimum acceptable grade point average is 3.5 on a 4.0 scale. The mean grade point average of successful applicants in 2007/08 was 3.66.

The MCAT is not required.

Prerequisite courses include the equivalent of one full year course in general biology (with laboratory) and humanities/social sciences; the equivalent of two full year courses in the following chemistries - general chemistry (with laboratory), organic chemistry (with laboratory) and/or biochemistry (without laboratory).

Special Consideration: *Aboriginal applicants:* Required minimum weighted grade point average is set at a lower cut-off for advancement in the selection process; *Graduate applicants (Masters and PhD):* Graduate Review Policy is applied to applicant files who meet the application eligibility requirements but do not meet the minimum set cut-off of the excellence of undergraduate grades required for the category of their region for advancement in the selection process (see The Graduate Review Policy described in the Admissions Policies document available on the faculty web-site).

Deferred Admission: Considered

Transfers: Considered under special conditions

Combined Programs: Not available

Interviews: These take place from end-February to end-March, 2009. Approximately 550 applicants are interviewed.

Offers of Admission: Offers are e-mailed starting on May 15, 2009 until the class is complete. A firm deposit of \$1,000 (final acceptance and will be deducted from the tuition fee) or conditional deposit of \$100 (provisional acceptance) must be received.

Application Details: See OMSAS section.

Faculté de médecine, UNIVERSITÉ D'OTTAWA

Durée du programme : 4 années

Langue du programme : Français et anglais

Épreuve de compétence en français : Oui

Ordinateur : Besoin d'un ordinateur personnel (l'achat se fait par l'entremise de la faculté et la facturation se fait avec les frais de scolarité)

Nombre de nouvelles admissions de première année pour 2008/09 : 156

Frais de scolarité de première année pour 2008/09 : 15 976\$ pour résidents du Canada; autre frais obligatoires 581\$

Facteurs de sélection : Les prévisions du nombre de postes de première année disponibles pour 2009/10 est de 143, incluant 8 postes réservés aux étudiants autochtones; plus 8 postes par le biais du programme du Centre national de formation en santé et 5 postes par le biais du Ministère de la défense nationale.

Tout citoyen canadien ou résident permanent peut se porter candidat.

Critères d'études : Trois années d'études à temps complet d'un programme de premier cycle menant au Baccalauréat sont requises.

La moyenne pondérée cumulative minimum acceptable est de 3.5 sur une cote de rendement de 4.0. La moyenne pondérée cumulative des candidats admis en 2007/08 était 3.66.

Le "MCAT" n'est pas requis.

Les cours pré-requis incluent l'équivalent d'une année complète de cours en biologie générale (avec travaux pratiques) et les humanités ou sciences sociales; l'équivalent de deux années complètes de cours en chimie parmi les cours suivants - chimie générale (avec travaux pratiques), chimie organique (avec travaux pratiques) et/ou biochimie (sans travaux pratiques).

Considération particulière : *Candidats autochtones* : Les dossiers des candidats autochtones avancent dans le cheminement du processus de sélection avec une moyenne pondérée minimale moins élevée pour l'excellence des notes; *Candidats du 2^e et 3^e cycle (maîtrise ou doctorat)* : La politique de revue graduée s'applique pour les demandes d'admission des candidats du 2^e ou 3^e cycle qui rencontrent les critères d'admissibilités mais qui ne rencontrent pas le niveau d'excellence minimal des notes de premier cycle requis dans le cheminement du processus de sélection (« Les lignes directrices régissant l'invitation d'étudiantes et d'étudiants diplômé(e)s à une entrevue » sont disponibles sur le site web de la faculté - voir le document qui décrit les politiques d'admission).

Admission reportée : Envisagée

Transferts : Envisagés selon des considérations particulières

Programmes combinés : Non disponible

Entrevues : Les entrevues auront lieu de la fin-février à la fin-mars 2009. Environ 550 candidats seront interviewés.

Offres d'admission : Les offres seront envoyées par courriel à compter du 15 mai 2009, jusqu'à ce que la classe soit complète. Un dépôt ferme de 1 000\$ (acceptation finale - sera déduit des frais de scolarité) ou un dépôt conditionnel de 100 \$ (acceptation provisoire) doit être reçu.

Détails des demandes : Consultez la section Service ontarien de demande d'admission en médecine.

School of Medicine, QUEEN'S UNIVERSITY AT KINGSTON**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required
(must have access to one)

2008/09 New Admissions into Year One: 100**2008/09 First-Year Tuition:** \$15,628 for Canadian residents; other compulsory fees were \$897

Selection Factors: The number of year one positions available in 2008/09 was 100 which includes up to 4 positions available to Aboriginal students.

Any Canadian citizen/permanent resident may apply.

Academic Criteria: Three years full-time university/college is required.

Applicants are assessed based on the cumulative converted grade point average (see the OMSAS Conversion Scale) of all years of undergraduate study, including summer and supplemental courses. For applicants who do not meet the minimum requirement, the most recent two full-time years of completed undergraduate study will be considered. Grade point averages fluctuate annually based on the applicant pool. Past minimum grade point average levels are not a predictor of future levels.

The MCAT is required and the test must have been taken in 1991 or later.

Prerequisite courses include one full credit in a biological science, a physical science and either a humanities or social science.

Special Consideration: Applies to Aboriginal applicants.

Deferred Admission: Considered**Transfers:** Not considered**Combined Programs:** May be considered on an individual basis

Interviews: These take place on February 28, March 1 and March 28-29, 2009.

Offers of Admission: Offers are mailed on May 15, 2009. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

2008/09 New Admissions into Year One: 224**2008/09 First-Year Tuition:** \$17,199 for Canadian residents; \$46,305 for visa students; other compulsory fees were \$1,306

Selection Factors: The number of year one positions available for 2009/10 is 224 which includes 7 positions available for foreign students.

Any Canadian citizen/permanent resident or visa student may apply.

Academic Criteria: Three years full-time university is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2008/09 was 3.89.

The MCAT is required and the test must have been written within five years of application deadline and only the most recent score is considered. The minimum acceptable scores are 9/9/9 and N.

Prerequisite courses include two full courses in life sciences and one full course in social science or humanities or language or literature.

Special Consideration: Applicants from a graduate program are assessed in a separate process. They must submit additional information showing research productivity as well as additional reference letters. Graduate applicants may be considered with a lower than minimum required grade point average.

Deferred Admission: Considered (not routinely)**Transfers:** Not considered**Combined Programs:** MD/PhD

Interviews: These take place on 3 weekends between February-April, 2009. For the September, 2008 entering class there were 518 applicants interviewed.

Offers of Admission: Offers are mailed on May 15, 2009. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

Northern Ontario School of Medicine, LAURENTIAN UNIVERSITY / LAKEHEAD UNIVERSITY**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Students must lease laptops from the school

2008/09 New Admissions into Year One: 56**2008/09 First-Year Tuition:** \$15,915 for Canadian residents; other compulsory fees were \$1,735-\$2,005 (depending on campus and includes laptop lease)

Selection Factors: The number of year one positions available for 2009/10 is 56 which includes a minimum of 2 positions available to Aboriginal students.

The 56 positions are allocated to two campuses: 24 at Lakehead University and 32 at Laurentian University. Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred site.

Any Canadian citizen/permanent resident may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Aboriginal and Francophone applicants.

Academic Criteria: Four years full-time university/college is required. An applicant who is 25 years or older may apply with a three year degree. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2008/09 was 3.72.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

Special Consideration: Aboriginal applicants may apply through the Aboriginal Admissions Stream, however, all minimum requirements must be met.

Deferred Admission: Not considered (except under extenuating circumstances)**Transfers:** Not considered**Combined Programs:** Not available

Interviews: These take place in March and April, 2009. For the September, 2008 entering class there were 395 applicants interviewed.

Offers of Admission: Offers are mailed on May 15, 2009. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

¹ Includes students who applied for positions under contract with foreign governments or educational institutions in 2002/03 and 2006/07.

College of Medicine, UNIVERSITY OF SASKATCHEWAN

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal not required

2008/09 New Admissions into Year One: 84

2008/09 First-Year Tuition: \$11,036 for Canadian residents; other compulsory fees were \$454

Selection Factors: The number of year one positions available for 2009/10 is expected to be 84 which includes up to 9 positions available to Aboriginal/native applicants and 6 positions available to out-of province applicants.

Any Canadian citizen/permanent resident may apply.

Academic Criteria: Two years full-time university/college is required.

The minimum acceptable grade point average is 78% for residents of Saskatchewan and 80% for out-of-province residents, although out-of-province applicants invited for interview in the last several years have had averages of 90% or higher. The mean grade point average of successful applicants in 2007/08 was 89.37%.

The MCAT is required except for students who have completed the prerequisites within Saskatchewan as described in the next paragraph. The test must have been taken within the last 5 years and scores have to be available at the time of application. The minimum acceptable scores are 26N - accumulated scores in biological sciences, physical sciences and verbal reasoning sections of 26 with no section below 8 and N in the writing sample. Note: Saskatchewan residents will have the option to apply under the old academic requirement as long as the MCAT has been written by the end of 2008 - minimum scores of 8 and N with either one 7 or M will be accepted for 3 application cycles (2009, 2010 and 2011 entry). The maximum number of times an applicant may take the MCAT is 5 times (additional sittings will not be accepted unless approved in writing by the Admissions Office, College of Medicine).

Prerequisite courses are mandatory for students who wish to apply under the "prerequisite only" requirement where by all courses are taken at the University of Saskatchewan or University of Regina within the last 5 years with a minimum overall average of 78% and minimum individual course grade of 60%. The prerequisites are identified at www.medicine.usask.ca/admissions and include two terms in each of biochemistry, biology, chemistry (general and organic), physics, social science/humanities and English. Students attending institutions outside Saskatchewan are strongly recommended to complete equivalent prerequisites, particularly two terms of biochemistry, to ensure readiness for the basic sciences covered in the first two years of the undergraduate medical curriculum.

Special Consideration: Students of Aboriginal ancestry may make application through the Aboriginal Equity Access Program whereby all requirements are the same as the regular pool but students compete within this category, not against the entire applicant pool.

Note: Aboriginal applicants have the option of applying under the "prerequisite only" academic requirement even if prerequisites are taken outside Saskatchewan institutions. Confirmation of equivalent courses must be made by contacting the Admissions Office prior to application.

Deferred Admission: Considered (residents of Saskatchewan only)

Transfers: Not considered

Combined Programs: MD/MSc, MD/PhD (programs available only after successful completion of MD year one)

Interviews: The Multiple Mini Interview process is used and all interviews take place on March 21-22, 2009. Approximately 200 Saskatchewan residents and 50-60 out-of-province residents of the 240 and 350 respective applicants will be interviewed.

Offers of Admission: Offers are mailed on May 15, 2009. A \$500 acceptance deposit is required.

Application Details: The on-line application is available on September 1, 2008 (paper applications available only upon specific request). The deadline to submit the application on-line is November 1, 2008. The application fees are \$50 for Saskatchewan residents and \$100 for out-of province residents.

Faculty of Medicine and Dentistry, UNIVERSITY OF ALBERTA**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** Yes**Computer:** Personal not required

2008/09 New Admissions into Year One: 142**2008/09 First-Year Tuition:** \$11,086 for Canadian residents; other compulsory fees were \$705

Selection Factors: The number of year one positions available for 2008/09 was 142; plus 5 positions available to Aboriginal/native applicants, 8 positions available to applicants whose residence is greater than 80 km from a major centre and the high school attended is designated rural. Eighty-five percent of year one positions were filled by residents of Alberta.

Any Canadian citizen/permanent resident may apply.

Academic Criteria: Two years full-time university/college is required.

The minimum acceptable grade point average on a 4.0 scale is 3.3 for residents of Alberta and 3.5 for residents outside Alberta for students with 4 or more years post-secondary study; 3.7 for students with 2 or 3 years post-secondary study (not receiving a degree). The mean grade point average of successful applicants in 2007/08 was 3.8.

The MCAT is required and the test must have been taken in 1991 or later and scores have to be available at time of application. The minimum acceptable scores are 7/15 or M.

Prerequisite courses include full year courses in organic and general (inorganic) chemistry, biology, physics and English; half year courses in biochemistry and statistics.

Deferred Admission: Considered**Transfers:** Considered (from Canadian faculties of medicine only)**Combined Programs:** MD/PhD, MD (with Special Training in Research)

Interviews: These take place on March 14-15, 2009. For the September, 2008 entering class there were 310 Alberta residents interviewed and 70 other residents of Canada interviewed for a total of 380 applicants interviewed. Aboriginal applicants who meet the minimum grade point average for Alberta residents are automatically interviewed.

Offers of Admission: Offers are mailed on May 15, 2009. A \$1,000 acceptance deposit is required.

Application Details: An electronic application process is available on July 2, 2008. The deadline for receipt of the application is November 1, 2008. The application fee is \$100.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

Faculty of Medicine, UNIVERSITY OF CALGARY**Length of Program:** 3 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

2008/09 New Admissions into Year One: 150**2008/09 First-Year Tuition:** \$13,818 for Canadian residents; \$65,000 for students admitted under contract with a foreign government or educational institution; other compulsory fees were \$580

Selection Factors: The number of year one positions available for 2008/09 was 150. Eighty-five percent of year one positions were filled by residents of Alberta. There were positions available for students admitted under contract with a foreign government or educational institution.

Any Canadian citizen/permanent resident may apply.

Academic Criteria: Two years full-time university/college are required.

The minimum acceptable grade point average is 3.2 for residents of Alberta and 3.6 for residents outside of Alberta on a 4.0 point scale. The mean grade point average of successful applicants in 2007/08 was 3.62.

The MCAT is required and the test must have been taken in 1991 or later.

Although there are no prerequisite courses the following courses are strongly recommended: biology, chemistry, physics, English, organic chemistry, biochemistry, physiology, psychology/sociology/anthropology and calculus/statistics.

Deferred Admission: Considered**Transfers:** Not considered**Combined Programs:** MD/MSc, MD/PhD, MD/MBA (other combinations are possible)

Interviews: These take place on February 21, 22 and 28, 2009. For the September, 2008 entering class there were 316 Alberta residents interviewed, 105 other residents of Canada interviewed for a total of 421 applicants interviewed. Aboriginal applicants who meet the minimum grade point average for Alberta residents are automatically interviewed.

Offers of Admission: Offers are mailed on May 15, 2009. A \$500 acceptance deposit is required.

Application Details: An electronic application process is available on July 1, 2008. The deadline for receipt of the application and fee of \$120 is October 15, 2008.

Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required

2008/09 New Admissions into Year One: 256**2008/09 First-Year Tuition:** \$14,857 for Canadian residents; other compulsory fees were \$474

Selection Factors: The number of year one positions available for 2008/09 was 256 which included up to 13 positions available to Aboriginal applicants and up to 3 positions available to applicants to the MD/PhD program. A maximum of 12 positions were available to out-of-province residents.

The 256 positions are allocated to three campuses: 192 Vancouver Fraser Medical Program; 32 Island Medical Program; and 32 Northern Medical Program. All positions are filled based on the same selection criteria, however, a *Rural/Remote Suitability* tool is also used to assign students to the Northern Medical Program.

Any Canadian citizen/permanent resident or World Health Organization refugee may apply.

Academic Criteria: Three years full-time university/college is required.

The minimum acceptable grade point average is 2.8 on a 4.0 scale. The mean grade point average of successful applicants in 2007/08 was 3.64.

The MCAT is required and the test must have been taken within the last 5 years.

Prerequisite courses include English, biochemistry, biology, organic and inorganic chemistry.

Deferred Admission: Considered**Transfers:** Considered only after completion of 2 years of medical studies in Canada or the United States**Combined Programs:** MD/PhD

Interviews: These take place in late February/early March, 2009. For the September, 2008 entering class there were 607 British Columbia residents interviewed and 41 other residents of Canada interviewed for a total of 648 applicants interviewed.

Offers of Admission: Offers are mailed mid-May, 2009. A \$300 acceptance deposit is required.

Application Details: An electronic application process is available June 1, 2008. The deadline for receipt of the application is September 2, 2008 (interviewed applicants who are required to submit supplementary information must do so by early March, 2009). The application fees are \$105 for residents of British Columbia with BC transcripts only; \$135 for residents of British Columbia with any out-of-province transcripts; and \$185 for residents outside British Columbia.
