ABOUT THE AFMC

The Association of Faculties of Medicine of Canada (AFMC) represents Canada’s 17 faculties of medicine and is the national voice for academic medicine. Our organization was founded in 1943 and functions to support individually and collectively Canada's medical schools through the promotion of medical education, research, and clinical care.

INTRODUCTION

This publication provides information on admission requirements that covers several academic years. When comparing data from year to year, it should be understood that there is some yearly variability in the context affecting the data. Examples of such context variability include changes to the number of available places, admission requirements, and selection policies for some of the faculties of medicine.

All statistical data come from an annual survey conducted by the Association of Faculties of Medicine of Canada (AFMC). Individual faculty information is provided by each faculty of medicine as of February 2021 and, therefore, is subject to change. Items such as tuition and seat counts are commonly approved by a host school's governing body over the summer. It is unlikely, but possible, that a faculty may change the testing requirements for applications.

The impact of COVID-19 is still being felt in the academic medicine community. Schools are providing more virtual options for interviews, campus tours, outreach sessions, and community events. School processes for applications and admission are being adapted continuously to respond to demands of COVID protocols in their region.

Becoming a Doctor in Canada

Becoming a Doctor in Canada is a multiple year journey. The diagram below summarizes the key points for a Canadian Resident who wishes to become a doctor by studying medicine in Canada. The application/admission process is just part of a much longer journey.

Acronyms & Symbols:
- MCC: Medical Council of Canada
- CFPC: Royal College of Physicians and Surgeons of Canada
- RCPC: Collège des médecins du Québec
- CMQ: Continuing Professional Development

Example Training Programs:
- Family Medicine: 3 years
- Internal Medicine: 4 years
- Psychiatry: 5 years
- Obstetrics & Gynecology: 5 years
- General Surgery: 5 years
- Cardiac Surgery: 6 years
- General Surgical Oncology: 7 years

Canadian medical graduates applied to 11 programs in 2 different disciplines on average in 2019. Applicants are contractually bound to fulfill the training program assigned by the match provider even if it is not their first choice.
General Application Procedure Overview

There are seventeen faculties of medicine in Canada offering programs of study leading to the award of the MD degree, which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence from east to west, with no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources, as well as Canada’s future physician workforce requirements. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. The applicant’s type of pre-medical undergraduate degree and institution of study should not deter filing an application, provided that all academic prerequisites are met. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.

Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

The general steps of the application process (summarized in the chart below) are as follows:

**Step 1**, is to meet the specific *entry criteria* defined for the schools to which an application is being made.

*Generally speaking, entry criteria for Canadian medical schools fall into four main categories:*

- **Eligibility requirements**: Most provinces require at least two years of postsecondary education, while Quebec residents applying to a medical school in that province must complete their CEGEP training. Most schools also request that applicants complete specific basic-science courses before entering their program to prepare them for the study of medicine. Since these prerequisites vary among schools, faculty websites should be consulted for details.
- **Academic performance**: Medical schools look closely at academic performance when evaluating...
candidates for potential entry into their programs. Selection committees consider grade point average (GPA) to determine whether applicants have the right study habits and intellectual capacity to pursue medical studies. Some also use Medical College Admission Test (MCAT) results. Once again, faculty websites should be consulted for specific requirements.

- **Autobiographical sketch/essay:** Applicants have the opportunity to differentiate themselves from other candidates by providing the selection committee with an autobiographical sketch/essay that reflects their personality and accomplishments. It should include a list of such things as volunteer and paid work, research, extra courses, hobbies, sports, awards, scholarships, and other forms of recognition.

- **Reference letters:** Most Canadian medical schools ask for reference letters, which can come from such individuals as community members, faculty members, or previous employers. These letters give selection committees an additional perspective on the type of medical student an applicant might become.

**Step 2,** requires the applicant to complete interview(s). There are several models of interview in Canadian medical schools: the panel interview, the multiple mini-interview (MMI), CASPer Interview and TAAMUS (Test d’aptitude à l’apprentissage de la médecine à l’Université de Sherbrooke). The panel interview is a traditional format in which the applicant is interviewed in front of a panel of individuals—usually a mix of community members, faculty representatives, medical students, and practising physicians. There are generally three or four evaluators present. See MMI and CASPer sections for information on those Interviews.

Only Université de Sherbrooke administers TAAMUS, optionally, if the applicant is a member of the Canadian Forces or a resident of Quebec, the Atlantic provinces, or western Canada.

If the school decides that the applicant has the academic and non-academic capabilities to pursue a career in medicine, it proceeds to step 3.

**Step 3,** is for the school to send the applicant an offer of admission to its undergraduate medical education program.
General Application Procedure Overview

**Step 1**

  - Eligibility requirements
  - Academic performance
  - Autobiographical sketch/essay
  - Reference letters

**Step 2**
- **Interviews**
  - Panel interview
  - Multiple Mini-Interview (MMI)
  - TAAMUS at U de Sherbrooke

**Step 3**
- **Offers of admission**
Ontario Medical School Application Service (OMSAS)

The application process for Ontario’s 6 medical schools is centralized through the OMSAS (Ontario Medical School Application Service), and admission must be made through the OMSAS website. Each medical school is completely independent in reaching its own admission decisions.

All applicants are required to pay a service fee plus an institutional fee for each medical school applied to. These fees are non-refundable, and your application will not be forwarded to your universities of choice until you submit full payment to the Ontario Universities’ Application Centre (OUAC).

### Fees

**OMSAS Application Service Fee: $220**

_All applicants are required to pay a base fee of $220._

**University Fee (In Canadian Funds)**

_Each medical school charges a university fee._

OMSAS collects the university fees and remits them to the universities to cover a portion of the costs associated with the admissions assessment. This fee is payable to the OUAC.

Medical College Admission Test (MCAT)

The Medical College Admission Test (MCAT) is a computer-based standardized examination for prospective medical students in the United States, Australia and Canada. It is designed to assess problem solving, critical thinking, and knowledge of natural, behavioural, and social science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine (please see individual school websites for details).

The latest version of the MCAT took effect in April 2015. The exam was updated to reflect changes in medicine and science and to test examinees on not only what they know but how well they use what they know. Please visit Prepare for the MCAT Exam on the AAMC website for more information.

The MCAT exam has four test sections:
- Biological and Biochemical Foundations of Living Systems
- Chemical and Physical Foundations of Biological Systems
- Psychological, Social, and Biological Foundations of Behaviour
- Critical Analysis and Reasoning Skills

Each of the four sections will receive a scaled score from a low of 118 to a high of 132, with a midpoint of 125 (similar the old scale the new scale also has 15 integers but numbered from 118 to 132). These 4 new MCAT scaled scores will be combined to create a total score that will range from 472 to 528, with a midpoint of 500. This total score is used by medical school admission committees to evaluate the MCAT component of the admissions process.

There are MCAT testing centers, both on and off campus, from coast to coast in the US and Canada. For a list of current locations, click here: MCAT testing centres in the US and Canada. Additionally, there are numerous MCAT international testing locations which use a different testing schedule depending on location. Additional information can be found on the International MCAT Testing Calendar page of the AAMC website. The overall length of the new MCAT exam is approximately seven hours. The MCAT
AFMC Fee Assistance Programs

**MCAT® Fee Assistance Program for Canadians**

The Association of American Medical Colleges (AAMC) and the Association of Faculties of Medicine of Canada (AFMC) are piloting a new fee assistance program for Canadian examinees in financial need who register for the Medical College Admission Test® (MCAT®) during the 2020 testing year.

In order to support an increasingly diverse physician workforce, the AAMC is committed to providing support to Canadian students who would be unable to take the MCAT without financial assistance. Canadian examinees will be able to register for an MCAT exam date through this pilot fee assistance program beginning on February 1, 2020. During the pilot year, approximately 700 awards will be provided to Canadian examinees in financial need.

Canadian fee assistance applicants who qualify will receive reduced scheduling, rescheduling, and cancellation rates for the 2020 and 2021 testing years. Visit the AAMC website for full details.

To learn more about the 2020 eligibility criteria, application process and deadlines, please see the **MCAT® Fee Assistance Program (FAP) for Canadians Application Guide**.

Please be aware that you must be approved for the Fee Assistance Program prior to registering for the MCAT exam to receive the reduced MCAT registration fees. AFMC is responsible for reviewing applications, determining eligibility for financial assistance, and notifying awardees. Please note that benefits are not retroactive and you must be approved before scheduling, rescheduling, or canceling your MCAT exam. Please note, the AAMC and AFMC reserve the right to discontinue the program after the pilot year.

Questions regarding the application, evaluation, or qualification process? Please contact: service@afmcstudentportal.ca

**Ontario Application Fee Waiver Program**

Ontario is piloting a program to provide 150 successful awardees with free applications to three Ontario medical schools of their choice during the 2021-2022 application cycle, including the processing fee for the Ontario Medical School Application System (OMSAS).

Questions regarding the application, evaluation, or qualification process? Please contact: service@afmcstudentportal.ca
Multiple Mini Interviews

The multiple mini-interview (MMI) is an interview format that gauges an applicant’s potential to successfully interact with patients and colleagues. The MMI is designed to measure communication skills, specifically verbal and nonverbal skills that cannot be measured using standardized written exams or by reviewing coursework transcripts. The MMI typically consists of six to 10 very short timed interviews each one about a specific scenario. The Multiple Mini Interview (MMI) has become the most common interview method for medical schools worldwide. Each medical school has a slightly different variation on Multiple Mini Interview (MMI) format.

History

Since its formal inception at the Michael G. DeGroote School of Medicine at McMaster University in 2004, the MMI subsequently spread as an admissions test across medical schools, and to other healing arts disciplines. By 2008, the MMI was being used as an admissions test by the majority of medical schools in Canada, Australia, Israel, and Brunei.

MMI procedure

Interview stations – the domain(s) being assessed at any one station are variable, and normally reflect the objectives of the selecting institution. Examples of domains include the "soft skills" – ethics, professionalism, interpersonal relationships, ability to manage, communicate, collaborate, as well as perform a task. An MMI interview station takes considerable time and effort to produce; it is composed of several parts, including the stem question, probing questions for the interviewer, and a scoring sheet.

Circuit(s) of stations – to reduce costs of the MMI the interview "stations" are kept short (eight minutes or less) and are conducted simultaneously in a circuit. Numbers of stations range from 8-10.

Interviewers – there is usually one interviewer per interview station. In a typical MMI, each interviewer stays in the same interview throughout, as candidates rotate through. The interviewer thus scores each candidate based upon the same interview scenario throughout the course of the test.

Candidates – each candidate rotates through the circuit of interviews. For example, if each interview station is eight minutes, and there are nine interview stations, it will take the nine candidates being assessed on that circuit 72 minutes to complete the MMI. Each of the candidates begins at a different interview station, rotating to the next interview station at the ringing of a bell.

As school MMI assessment questions and goals vary, refer to the site links for that faculty for more information on their MMI process. Some schools post sample questions for you to try.
CASPer (Computer-Based Assessment for Sampling Personal Characteristics)

CASPer (Computer-Based Assessment for Sampling Personal Characteristics) test is a 90-minute web-based, situational judgment test (SJT) designed to evaluate key personal and professional characteristics that make for successful students and graduates. CASPer provides admissions and selection committees with a reliable measure of traits like professionalism, ethics, communication, and empathy. It is a component of the application process used by certain medical schools in an effort to evaluate your personal and professional characteristics.

Each school incorporates CASPer in different ways to guide their admissions process. Most programs use CASPer alongside other metrics like GPA and MCAT scores as a pre-screening tool to decide who to invite to the interview process. Some programs use CASPer in a more impressionistic approach, to help facilitate decisions on candidates who are on the cusp of whether they are admitted to the program. Some programs implement a conservative cut-off score for CASPer to screen out applicants, while other programs take a closer look at candidates who have exceptionally high CASPer scores. For instance, Dalhousie Medical School will only consider applicants who score above -1.5 standard deviations from the mean for interview.

Medical schools

Medical schools currently using CASPer (year adopted in brackets):

- McMaster University Medical School (2010)
- University of Ottawa Faculty of Medicine (2015)
- New York Medical College (2015)
- Tulane University School of Medicine (2016)
- East Tennessee State University (2016)
- Central Michigan University (2016)
- University of Illinois College of Medicine (2016)
- McGill University Faculty of Medicine (2017)
- Dalhousie University (2018)
- University of Alberta (2018)
- Université de Laval (2019)
- Max Rady College of Medicine, University of Manitoba (2019)
- University of Saskatchewan (2019)

CASPer Procedure

CASPer is delivered online. In order for you to successfully complete it you will need a computer with: An updated Chrome browser (recommended), stable broadband internet connection, Audio Output (Speakers or headphones) and webcam (mandatory for all applicants). Note: Taking CASPer using a tablet is NOT recommended.

The CASPer is a 90-minute test consisting of 12 sections. Each section follows a similar format consisting first of a short video or other-directed text, followed by 3 questions relating to the material presented in the video or question stem. Some sections are prompted by situational challenges displayed in short video clips; others are prompted by self-reflective questions. The applicant has 5 minutes to answer all questions in a given section.

Video-based scenarios consist of:

- A description of your role
- A short video (1-2 minutes long)
- Three open-ended follow-up questions pertaining to the video. All three questions must be answered within a total of 5 minutes.

Word-based scenarios consist of:
Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Unsuccessful applicants should try to reach an objective assessment of why they did not receive an offer and see if there are areas of their application upon which they can improve. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the competition for the limited number of places that are available when the number of qualified applicants greatly exceeds the number of available places. Well qualified applicants should consider re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared relatively well.

Applying to Study Medicine outside Canada

If an applicant decides to seek admission to a medical faculty outside Canada, they must bear in mind that returning to do postgraduate training or practise medicine in Canada may prove difficult. Limitations on recognition of international medical degrees apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends an international medical faculty will be able to train or practise medicine in Canada in the future.

A note about American Medical School Admission Requirements:

There are 154 MD awarding medical schools in the United States of America. Applying to most schools can be done via the American Medical College Application Service® (AMCAS®) which is the American Association of Medical Colleges’ centralized medical school application processing service, and you can search for individual schools in the MSAR. Some schools have school specific application processes. See the AAMC student website at https://students-residents.aamc.org/ for more information.

MD granting Medical Schools in the United States are accredited by the Liaison Committee on Medical Education (LCME). The LCME works closely with the Canadian equivalent Committee on the Accreditation of Canadian Medical Schools (CACMS) to ensure alignment. Students graduating from an LCME accredited program are considered to be equivalent to those graduating from a Canadian school for purpose of taking visiting elective rotations and participating in the Canadian Resident Match process.

International Students

Not all faculties of medicine accept applications from international students. Conversely, some faculties of medicine have contracts with international governments or institutions to accept applications for “supernumerary” positions. The conditions of admission may require that the faculty of medicine will be
compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the educational institutions or governments that have negotiated such contracts.

International students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the student.
Faculty of medicine

Faculty information is provided in the language of instruction for the program.

The statistics provided in the sections below are applicable to each individual faculty of medicine. For national data and additional data elements by faculty of medicine, please see the annual Canadian Medical Education Statistics publication available at:

Faculty of Medicine, Memorial University of Newfoundland

**Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.
Faculty of Medicine, Dalhousie University

Length of Program (Years): 4  
Notes: N/A

Language of Instruction: English  
Notes: N/A

Testing of Language Proficiency: No  
Notes: N/A

New Admissions into Year One (2022/23): 124
Notes: Admission to the Dalhousie Faculty of Medicine undergraduate MD program is determined based on four applicant categories: one for each Maritime province (Nova Scotia, New Brunswick, Prince Edward Island) and a fourth for non-maritime residence which includes all other Canadian provinces and territories.

First-Year Tuition (2022/23):

- Canadian Residents: $23,000
- Québec Residents: N/A  
  (Québec Schools Only)
- Compulsory Fees:
- Visa Students:
- Foreign Students: $75,000  
  (Above Quota Contract)

Tuition Details:
Link to 2019/2020 Medicine Fee Schedule:
https://cdn.dal.ca/content/dam/dalhousie/pdf/admissions/Medicine%20Dentistry%20Summer%202020.pdf

Year One Position Breakdown:
115 for Maritime residents (Nova Scotia, New Brunswick and Prince Edward Island, 9 for non-Maritime residents); 94 seats in the Maritime pool will be assigned to the Halifax, Nova Scotia campus and 30 seats to the Saint John, New Brunswick campus. There is 1 seat for a student in the combined Dalhousie Dentistry/Masters of Oral. All residents of New Brunswick enrolled in the program will attend the Saint John campus and the government of New Brunswick is responsible for defining residency status. Applications from international students are considered only for supernumerary positions under external contracts with specific organizations and institutions Maxillofacial Surgery program.

Selection Factors:
Eligibility for admission to Dalhousie's Undergraduate medical Education program requires applicants to meet minimum academic requirements (GPA, MCAT) and minimum non-academic requirements as determined from CASPer, MMI, and Personal Statements/Supplemental.
Applicants who do not meet all minimum requirements are not considered for admission. Final selection for admissions is determined by application file score and Admissions Committee approval.
Academic Criteria:
A completed, or in progress to be completed 90-120 Credit Hour Baccalaureate Degree, in any field, from an accredited institution is required. A minimum GPA and minimum MCAT score are required.

Special Consideration:
N/A

Mean GPA: 3.86/4.0  
Details: 3.3/4.0 for Maritime Residents or 3.7/4.0 for Non-Maritime Residents

MCAT Required? Yes  
Details: Beginning in the 2020-2021 application cycle, minimum total MCAT score requirement is determined in relation to GPA. This sliding scale is available on our website here: https://medicine.dal.ca/departments/core-units/admissions/admissions/mcat-requirement.html

CaSPER Required? Yes  
Details: CASPer results will be used for interview selection purposes only. Applicants who do not complete CASPer or who do not meet the minimum CASPer score will not be considered. The minimum CASPer score will be adjusted annually, depending on interview capacity and the size of the applicant pool.

Deferred Admission? Yes  
Details: Only under exceptional circumstances: Deferral requests are not routinely granted and have generally been provided only in rare and exceptional circumstances

Transfers? No  
Details: N/A

Information on Combined Programs:
In collaboration with Dalhousie Faculty of Dentistry, one student who has completed the Dentistry program is admitted to the combined Dentistry/Masters in Oral Maxillofacial Surgery Program

Application Details:
Start Date: June 15, 2021
Deadline: 
Step 1: July 31, 2021
Step 2: September 3, 2021
Fee: $70
Form Type: Online application

Interview Details:
Types: MMI
Date: TBD
Location: Halifax Nova Scotia & Saint John New Brunswick

# In-Province/Out-of-Province/Out-of-Canada/Total:
All eligible Maritime applicants (ie have met GPA, MCAT, CASPer requirements and submitted online application and processing fee) are invited for interview. Depending on interview capacity, approximately 60-100 eligible Non-Maritime applicants will be invited for interview. Interview selection for Non-Maritime applicants is determined by GPA, MCAT, CASPer and supplemental information regarding applicant’s compelling reasons for choosing Dalhousie Medicine Capacity to interview 384 total.
Fees: $75

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

1. MED-P Program only available for CEGEP applicants.
Faculty of Medicine and Health Sciences, McGill University - MD-CM Program

Length of Program (Years): 4  
Notes: N/A

Language of Instruction: English and French

Notes: English courses on Montreal campus, French courses on Outaouais campus, clinical placements in bilingual or Francophone settings from year 1 of MDCM program.

Testing of Language Proficiency: Yes*

Notes: not used for admissions selection. Admitted students' language is tested before program start, students are encouraged to take courses to attain bilingualism. International students may be asked to submit proof of English proficiency with the admission application. https://mcgill.ca/medadmissions/applying/requirements/language and https://www.mcgill.ca/medadmissions/newstudents/conditions/language-skills

New Admissions into Year One (2022/23): 205  
Notes: At time of admission, first year quota positions may increase due to attrition

First-Year Tuition (2022/23):

- Canadian Residents: $17,191.44  
- Québec Residents: $5,508.09  
  (Québec Schools Only)
- Compulsory Fees: $2,528.61  
- Visa Students: $45,751.86  
- Foreign Students: $0  
  (Above Quota Contract)

Tuition Details:

Year One Position Breakdown:

Up to 2 positions are available for visa students, up to 11 positions are available for Canadian citizens/permanent residents residing outside Québec, but in Canada and 1 position is available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program. The remaining 191 positions are available for residents of Québec and are distributed among university-level applicants and students who have successfully completed the MED-P year. Quebec-resident positions are assigned to the Outaouais campus (24) or the Montreal campus (remainder). A maximum of 6 additional positions (shared among the four Québec faculties of medicine) are available to eligible First Nations and Inuit applicants who are residents of Québec (both campuses eligible). A maximum of 4 additional positions (shared among the four Québec faculties of medicine for training in French) are available to eligible Canadian Forces members (Outaouais campus only).

1-4 Update not available yet - subject to change later
Selection Factors:
Canadian citizens/permanent residents or visa students (will be required to hold a student authorization to enter Canada) may apply.

Academic Criteria:
A 4 year Bachelor degree (120 credits) is required at time of admission. Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in physiology, biochemistry, cellular and molecular biology and statistics are recommended. Exception may be made for applicants with advanced degrees in the material concerned. Prerequisite courses in progress must be completed and grades submitted by May 30, 2022.

Special Consideration:
May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants who are residents of Québec. An application pathway with support for Black applicants to the MDCM program to be updated spring 2021. **Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

1. The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.
Faculty of Medicine, University of Ottawa

Length of Program (Years): 4
Notes: 7 years for our students registered in our combined MD/PhD program.

Language of Instruction: English or French
Notes: Once admitted to one language stream, there is no possibility of transferring to the other.

Testing of Language Proficiency: Yes*
Notes: If needed: the language proficiency will be assessed during the interview.

New Admissions into Year One (2022/23): We anticipate that our class size will be 166 for the students who will begin their MD studies in the fall of 2021.
Notes: In addition to our 156 seats available through the Ministry of Health, we admitted 8 above-quota positions available through the Consortium national health training and 2 above-quota positions available through the Department of National Defense.

First-Year Tuition (2022/23):

- **Canadian Residents:** $25,487 ¹
- **Québec Residents:** N/A
  *(Québec Schools Only)*
- **Compulsory Fees:** $1,141 ²
- **Visa Students:** Not applicable since we do not admit international students
- **Foreign Students:** Not applicable since we do not admit international students
  *(Above Quota Contract)*

Tuition Details:
Tuition fees are the same for all Canadian students regardless of their geographical status.

Year One Position Breakdown:
156 students are admitted through the Ministry of Health which includes: up to 7 positions available to Indigenous students, up to 4 positions available to students in the MD/PhD program and 2 positions available through our social accountability initiative.

Selection Factors:
Canadian citizens and permanent residents (landed immigrant) status may apply.

Academic Criteria:
Three years full-time university studies leading to a Bachelor's degree is required. Prerequisite courses include: 
6 units(credits) in humanities/Social Sciences, 
6 units(credits) in Biology (Anatomy and Physiology also accepted), 
3 units(credits) in Organic Chemistry, 3 units(credits) in Chemistry,

¹,² Update not available yet - subject to change later
3 units(credits) in Biochemistry and 3 units(credits) in Statistics. The laboratory requirements can be met by either having 6-units(credits)-worth of courses (indicated above) that include a laboratory component and/or having completed additional course(s) up to 6 units(credits) that are exclusively laboratory-based. A minimum Grade of B must be attained in all prerequisite courses for a candidate to be considered for admission.

Special Consideration:
N/A

**Mean GPA:** Currently under revision.³ Details: Each year, a minimum cumulative grade point average (cGPA) is set for the current application pool. cGPA calculation is based on the last three years of full-time undergraduate studies leading to a University Bacchelors Degree. This includes summer courses taken during that period.⁴

**MCAT Required?** No
Details: The Medical College Admission Test (MCAT) is not an admission requirement to the medical program of the University of Ottawa.

**CaSPER Required?** Yes
Details: Applications to the MD Program will not be considered if the CASPerTM test is not completed. Applicants are required to take the CASPerTM test in the fall of the application year and in the language of instruction they applied for.

**Deferred Admission?** Yes
Details: Considered under exceptional circumstances only

**Transfers?** Please refer to our Policy on Student Transfers at the following link: [https://med.uottawa.ca/premier-cycle/admissions/processus-demande/offreadmission](https://med.uottawa.ca/premier-cycle/admissions/processus-demande/offreadmission)

School of Medicine, Queen's University

Length of Program (Years): 4

Language of Instruction: English

Testing of Language Proficiency: N/A

New Admissions into Year One (2022/23): Required for International Students that have completed degrees in a non-English institution

Notes: For More Information:
https://meds.queensu.ca/academics/undergraduate/about

Language of Instruction: English
Notes: N/A

Testing of Language Proficiency: N/A
Notes: Yes*

New Admissions into Year One (2022/23): Required for International Students that have completed degrees in a non-English institution
Notes: Up to 4 positions available to Indigenous students. Up to 9 positions available to Canadian Forces Members and up to 5 additional positions are available for international students.

First-Year Tuition (2022/23):

- Canadian Residents:
- Québécois Residents: (Québec Schools Only)
- Compulsory Fees: Details regarding fees may be found on the Office of the University Registrar's website. http://www.queensu.ca/registrar/financials/financials/tuition-fees
- Visa Students:
- Foreign Students: (Above Quota Contract)

Tuition Details:
Details regarding fees may be found on the Office of the University Registrar's website. http://www.queensu.ca/registrar/financials/financials/tuition-fees

Year One Position Breakdown:
100

Selection Factors:
See OMSAS section.
GPA, MCAT, CASper, Autobiographical Sketch, References, MMI and Panel
Queen's Prospective Students Page: https://meds.queensu.ca/academics/undergraduate/prospective-students

Academic Criteria:
A minimum of 15 full or 30 half university credits

Special Consideration:
Applies to Indigenous applicants.

Mean GPA: N/A
Notes: Applicants are assessed based on the cumulative converted grade point average (see the OMSAS Conversion Scale) of all years of undergraduate study,
including summer and supplemental courses. For applicants who do not meet the minimum grade point average requirement, the most recent two full-time years of completed undergraduate study will be considered. The grade point averages fluctuate annually based on the applicant pool. Past minimum grade point average levels are not a predictor of future standards.

Faculty of Medicine, University of Toronto

Length of Program (Years): 4
Notes: N/A

Language of Instruction: English
Notes: N/A

Testing of Language Proficiency: No
Notes: N/A

New Admissions into Year One (2022/23): 259
Notes: 259 domestic seats

First-Year Tuition (2022/23):

- Canadian Residents: $23,090 ¹
- Québec Residents: N/A
  (Québec Schools Only)
- Compulsory Fees: $1,745 ²
- Visa Students: $91,760 ³
- Foreign Students: $91,760 ⁴
  (Above Quota Contract)

Tuition Details: ⁵

Tuition fees for the 2020-2021 academic year for domestic students entering year 1 is $23,090 and supernumerary stream students entering year 1 is $91,760. The St. George Campus and Mississauga Campus Compulsory Fee are different.

For DOMESTIC: $1,745 (St. George campus, Entering 2020) and $2,049 (Mississauga campus, Entering 2020).

For INTERNATIONAL: $2,381 (St. George campus, Entering 2020) and $2,685 (Mississauga campus, Entering 2020).

Note: All fees are subject to change pending the Governing Council’s review in spring 2021.

Year One Position Breakdown:

St. George Campus: 205; Mississauga Campus: 54; All Supernumerary (International + DND): up to 10.

Selection Factors:

The 259 domestic positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga). Students will be assigned to either the Mississauga campus or the St. George campus at the time of offer of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after they accept their offer. The St. George campus includes the FitzGerald, Peters-Boyd and Wightman-Berris Academies. All campus and academy assignments are final and will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the Faculty of Medicine’s affiliates. During or after the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one campus over the other, or that they have no preference. Although we cannot guarantee placement at one’s first choice of campus or academy, our process is designed to maximize student satisfaction. Canadian citizens/permanent residents or international/visa students may apply.

¹ ⁵ Update not available yet - subject to change later
**Academic Criteria:**

For students studying at an undergraduate program at a Canadian university, a minimum of three years full-time university study (equivalent of 15 full-course-equivalents) is required. Prerequisite courses include two full-course-equivalents in life sciences and one full-course-equivalent in social science or humanities or languages.

**Special Consideration:**

Our MD Program values a diverse applicant pool with students from all academic backgrounds. To acknowledge the academic challenge of undertaking graduate work, applicants pursuing graduate degrees will receive credit for their accomplishments during the file review process. Graduate applicants will receive credit for their graduate work based on the following categories: Doctoral degree conferred, Doctoral degree in progress, Research-based Master's conferred, Research-based Master's in progress, Course-based Master's conferred. Applicants enrolled in a course-based Master's that is in progress will be assessed as undergraduate applicants. Please note that you are not able to update your application after the October 1st deadline. Graduate students must have completed all program requirements, including the successful defense of their thesis (if applicable) by June 30 in the proposed year of entry (this deadline will be strictly enforced).

Indigenous Student Application Program (ISAP): Recognizing the commitment to social responsibility in the Faculty's mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Members of the Indigenous community (faculty, students and public members) take part in the admissions file review and admission interviews. Applicants to this program must meet the same minimum requirements for MCAT, GPA and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials: 1) self-declared Indigenous status via OMSAS, 2) Proof of Indigenous ancestry (details of documentation may be found on the Admissions website), and 3) a personal essay explaining applicants' community connectedness or intended future community involvement.

Black Student Application Program (BSAP): BSAP is an optional application stream for Black applicants who self-identify as Black African, Black Caribbean, Black North American, multi-racial students who have and identify with their Black ancestry. The aim of this application program is to increase and support Black medical student representation at the University of Toronto. Members of the Black community take part in admissions file review and interview processes, including: faculty, physicians, residents, medical students, and public members. This program reflects the Faculty of Medicine's strong commitment to diversity as demonstrated in its Diversity Statement. Applicants to this program must meet the same minimum requirements for MCAT, GPA and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials: 1) self-identification as Black African, Black Caribbean, Black North American, multi-racial student who has and identifies with their Black ancestry via OMSAS, and 2) a personal essay highlighting why the applicant has chosen to apply through this application stream.

**Mean GPA:** See minimum and average GPA details in the next column

**Details:** Undergraduate applicants must obtain a minimum grade point average (GPA) of 3.6/4.0 on the Ontario Medical School Application Service (OMSAS) scale. Based on statistics from recent admissions cycles, a minimum GPA of 3.8 is considered competitive. Graduate applicants must obtain a minimum GPA of 3.0/4.0. Based on statistics from recent admissions cycles, a minimum GPA of 3.7 is considered competitive. The mean GPA of successful applicants in 2020/21 was 3.89.

**MCAT Required?** Yes

**Details:** The MCAT is required and the test must have been written within five

---

As part of a multi-year Renewal plan, a few changes will be announced in Spring.
years of the application deadline. Only the most recent score is considered. Applicants must meet a threshold score of 125 in each section, with an allowance of 124 in one section. Your MCAT score is not used competitively.

Michael G. DeGroote School of Medicine, McMaster University

Length of Program (Years): 3  
Notes: N/A

Language of Instruction: English  
Notes: N/A

Testing of Language Proficiency: Yes  
Notes: N/A

New Admissions into Year One (2022/23): 203  
Notes: McMaster will welcome first year students into the program on August 8, 2022.

First-Year Tuition (2022/23):

- Canadian Residents: $25,129.96
- Québec Residents: N/A  
  (Québec Schools Only)
- Compulsory Fees: 996.68
- Visa Students: $9,500
- Foreign Students: $95,000  
  (Above Quota Contract)

Tuition Details:  
Tuition can be made in three installments – September, January and May.

Year One Position Breakdown:  
147 positions in the Hamilton campus; 28 positions in the Waterloo Regional Campus; and 28 positions in the Niagara Regional Campus.

Selection Factors:  
McMaster uses a formulaic approach to determine invitation to interview (32% UG GPA; 32% MCAT CARS; 32% CASPer and up to 4% Grad Degree).  
For advancement to full file review/offer of admission, the formula is: 70% MMI scores; 15% GPA; 15% MCAT CARS.  
All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference.  
Offer of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.  
Canadian citizen/permanent residents or visa students may apply.

Academic Criteria:  
Three years (30 semester credits) of undergraduate university education is required, in any field of study.

---

1-6 Update not available yet - subject to change later
Special Consideration:
Indigenous applicants who wish to self-identify must submit a FIAP (Facilitated Indigenous Admissions Process) application which is reviewed by a our Indigenous Health Task Force. Indigenous applicants must meet all academic criteria above but are considered in a separate pool.

Mean GPA: 3.0/4.0  
*Details:* The minimum GPA considered is 3.00 on the 4.00 OMSAS scale. The mean GPA of those accepted in 2019/20 was 3.88
Mean GPA for 2020/21 not yet known.

MCAT Required? Yes  
*Details:* The MCAT is required – McMaster uses only the CARS score and the minimum score is 123.

CaSPER Required? Yes  
*Details:* All applicants must write CASPer. The scores on the above plus a small bonus for graduate degree holders forms the basis of the rank order for invitation to interview.

Deferred Admission? Yes  
*Details:* On a case-by-case basis

Transfers? No  
*Details:* N/A

New Admissions into Year One (2022/23): 171  
Notes:

First-Year Tuition (2022/23):
- **Canadian Residents:** $26,652
- **Québec Residents:** N/A  
  *(Québec Schools Only)*
- **Compulsory Fees:** $1,503
- **Visa Students:**
- **Foreign Students:**  
  *(Above Quota Contract)*

Tuition Details:

Year One Position Breakdown:
171 positions include up to 5 position available to Indigenous applicants and up to 1 position available to applicants to the oral maxillofacial surgery program. Up to 3 supernumary seats in the Medical Military Training Program.

Selection Factors:
133 in London and 38 at the Windsor campus.
Being invited for an interview allows candidates the opportunity to indicate their preferred campus. Applications for both campuses will be processed by the Schulich School of Medicine & Dentistry, Western University, and will be subject to the same admission criteria. For candidates successful in receiving an offer of admission from Schulich Medicine, we do our best to place them at their preferred campus. However, if the allotted seats at that campus are full, a seat in the other location will be offered to them.

Academic Criteria:
Our school is committed to enrolling self-directed, motivated, resilient students who reflect the diversity of the patients they serve, and who demonstrate compassion and advocacy for others. To help with this goal, we would like to learn more about our applicants through their life experiences and the activities they have participated in. Through our Abbreviated Autobiographical Sketch applicants are asked to link their activities and life experiences to 4 domains: Teamwork and Leadership, Exposure to Diversity, Social Accountability and Social Responsibility, and Self-directed Learning, Problem Solving and Critical Inquiry. To ensure a holistic approach this Sketch along with GPA and MCAT helps us determine who should be selected for interview. Applicants must have completed or be in the final year of a program leading to a 4-year undergraduate degree at a recognized university, and expect to have
obtained your degree by the end of the academic year in which the applicant is being made. There are no prerequisite courses. Please note the Admission policy is reviewed annually and the admission requirements for previous years may not apply. The University reserves the right to review and change the admission requirements at any time without notice.

We encourage ALL applicants (regardless of ethnicity, age, gender identity, socioeconomic status, faith, etc.) to apply to Schulich Medicine.

Effective July 1, 2019 Schulich Medicine has implemented an ACCESS pathway. The ACCESS pathway is for those applicants who have been adversely impacted by circumstances that created a disadvantage. These may include medical, sociocultural, and/or financial barrier(s).

Those who apply through the ACCESS pathway may be considered for MCAT flexibility using the same criteria as set for our Southwestern Ontario stream (link). The MCAT criteria are re-set annually based on the competitiveness of the applicant pool.

Special Consideration:

Applies to applicants who have indicated on their application they are from designated communities in Southwestern Ontario, from Indigenous communities, have applied through the Military Medical Training Program (MTTP) or the ACCESS pathway for those applicants who have been adversely impacted by circumstances that created a disadvantage.

Mean GPA: 3.7/4.0  
Details: The minimum acceptable grade point average in each of two years of the undergraduate degree was 3.70 on a 4.0 scale for the 2020 entering class. *Due to the impact of COVID-19 being variable across universities and countries, in fairness to all applicants the Winter 2020 term will not be used for GPA calculation*

MCAT Required? Yes  
Details: Applicants must have written the MCAT version introduced in April 2015, and must submit their most recent results. Schulich Medicine requires the MCAT to be written prior to the deadline of October 1st. MCAT cut-offs vary from year to year and are dependent on the competitiveness of the applicant pool.

CaSPER Required? N/A  
Details: N/A

Deferred Admission? Yes  
Details: Considered only on the basis of appeal to applicants who have progressed through the regular Admissions cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions Office.

Transfers? Yes  
Details: Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian faculty of medicine. Applicants considering a transfer must contact the Admissions Office.

Information on Combined Programs:

MD/PhD (Western campus only), Oral Maxillofacial Surgery (MD/MSc)

Northern Ontario School of Medicine Lakehead and Laurentian University

Length of Program (Years): 4  
*Notes: N/A

Language of Instruction: English  
*Notes: Those who apply through the Francophone Admissions Stream are required to sit a short 10 min interview in French in order to ensure verbal proficiency.

Testing of Language Proficiency: Yes  
*Notes: Those who apply through the Francophone Admissions Stream are required to sit a short 10 min interview in French in order to ensure verbal proficiency.

New Admissions into Year One (2022/23): 66  
*Notes: 37 Laurentian Campus 29 Lakehead Campus

First-Year Tuition (2022/23):

- **Canadian Residents:** $23,247
- **Québec Residents:** N/A *(Québec Schools Only)*
- **Compulsory Fees:** Lakehead: $926.90  Laurentain Campus: $1,133.34
- **Visa Students:**
- **Foreign Students:** *(Above Quota Contract)*

Tuition Details:

Lakehead Campus: $23,173.90  Laurentian Campus: $23,247.00

Year One Position Breakdown:

Includes a minimum of 4 designated positions available to Indigenous students, 2 MMTP positions and 3-5 Rural Generalist Stream positions

Selection Factors:

The 66 positions are allocated to two campuses: Lakehead University (29) and Laurentian University (37). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred campus. Canadian citizens/permanent residents may apply. Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Indigenous and Francophone applicants.

Academic Criteria:

The minimum requirement is a 4 year undergraduate university degree or equivalent in any discipline from a recognized Canadian university or equivalent. No preference is given to a particular discipline over another. While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents.
in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

Special Consideration:
Indigenous applicants may apply through the Indigenous Admissions Stream; however, all minimum requirements must be met.

Mean GPA: 3.8/4.0
the min required is 3.0 but the mean is 3.8

MCAT Required? No

CaSPER Required? No

Deferred Admission? Yes

Transfers? No

Details: The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2020/21 was 3.8.

Details: N/A

Details: N/A

Details: except under extenuating circumstances

Details: Not considered due to the distributed nature of the curriculum, all NOSM students must complete all four years of the program.

**Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

n/a = Data not available
Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba

Length of Program (Years): 4  
Notes: Pre-clerkship - Med 1 and Med 2; Clerkship - Med 3 and Med 4

Language of Instruction: English or French  
Notes: N/A

Testing of Language Proficiency: Yes  
Notes: There is a bilingual stream in medicine which provides students with the opportunity to complete some parts of their curriculum in French. In Pre-Clerkship, students will complete a Professional Medical French course, and some small group sessions in clinical skills can be offered in French. Additionally, all applicants whose primary language is not English and do not qualify for a waiver under the University of Manitoba’s English language proficiency regulations (http://umanitoba.ca/student/admissions/international/english/waiver-criteria.html) will be required to demonstrate proficiency in English through one of the options listed at: http://umanitoba.ca/student/admissions/international/english.index.html.

New Admissions into Year One (2022/23): 110  
Notes: All students who receive an offer are provided with the opportunity to join the Bilingual stream. A maximum of 7 spots are available regardless of which applicant pool they received their offer.

First-Year Tuition (2022/23):

- **Canadian Residents:** $8,360
- **Québec Residents:** N/A  
  *(Québec Schools Only)*
- **Compulsory Fees:** $0
- **Visa Students:** $0
- **Foreign Students:** $0  
  *(Above Quota Contract)*

Tuition Details: 
TBA for 2020. The 2019 tuition fee for Year 1 Medicine was $8360.26. The tuition fees for Years 2, 3 and 4 were $8,969.64 per year.

Year One Position Breakdown:
The number of year one positions available for 2020/21 is 110. Approximately ninety-five percent (95%) will be filled by residents of Manitoba and up to five percent (5%) by those from out-of-province. These percentages include students who have declared their First Nations, Metis or Inuit heritage.

Selection Factors:
All eligible applicants to the Canadian Indigenous Applicant Pool will be offered an interview.

1 Update not available yet - subject to change later
For all other applicant pools, the Admissions Committee will calculate a composite score to determine an applicant’s ranking. The composite score will be modified by the rural, advanced academic, and socioeconomic and cultural diversity coefficient calculated for all eligible applicants.

All applicants who meet the eligibility requirements are ranked by calculating a composite score in the following way:

\[(20\% \text{ AGPA} + 50\% \text{ MCAT}\text{®} + 30\% \text{ CASPer}\text{®}) \times (\text{rural co-efficient if >0}) \times (\text{academic co-efficient if >0}) \times (\text{socioeconomic and cultural diversity co-efficient if >0})\]

Ranking of Applicants for offer of Admission
All applicants who were selected for interview and participated in the interview process are ranked by the Admissions Committee.

1. Manitoba and Out-of-Province Applicant Pools: All applicants who participated in the interview process will be ranked in their respective pool by calculating a composite score in the following way: \((15\% \text{ AGPA} + 40\% \text{ MCAT}\text{®} + 35\% \text{ MMI} + 10\% \text{ CASPer}\text{®}) \times (\text{rural co-efficient if >0}) \times (\text{academic co-efficient if >0}) \times (\text{socioeconomic and cultural diversity co-efficient if >0});\)

2. Canadian Indigenous Applicant Pool: Offers of admission will be extended to applicants who are recommended to the Admissions Committee by the Canadian Indigenous Applicant Pool panel, regardless of composite score of MMI results.

Academic Criteria:

1. Bachelor’s Degree completed no later than June 30, 2022 from a university recognized by the University of Manitoba.
2. Medical College Admission Test (MCAT).
3. Adjusted Grade point Average (AGPA) of 3.30 or higher.
4. Situational Judgement Test (CASPer®)
   a. Applicants to the Manitoba applicant pool and the Out of Province applicant pool must achieve a threshold CASPer® score greater than 1.5 standard deviations below the mean for their respective applicant pool in order to maintain their eligibility
   b. CASPer® shall not be used in the selection of registrants from the Canadian Indigenous applicant pool.

However, as applicants from the Canadian Indigenous applicant pool may also be considered in the general applicant pools (Manitoba applicant pool and Out of Province applicant pool) the CASPer® must be written as it will be used in the selection in these general pools.

Special Consideration:
N/A

Mean GPA: 3.3/4.5
Details: Adjusted Grade Point Average (AGPA) of 3.30 or higher on a 4.5 scale.

MCAT Required? Yes
Details: Medical College Admission Test (MCAT) completed no earlier than April 2018 and no later than a date in September 2021 (TBD). See the Applicant Information Bulletin for the Max Rady College of Medicine for more information.

CaSPER Required? Yes
Details: Applicants to the Manitoba applicant pool and the Out of Province applicant pool must achieve a threshold CASPer® score greater than 1.5 standard deviations below the mean for their respective applicant pool in order to maintain their eligibility.

Deferred Admission? Yes
Details: Requests for deferrals must be submitted in writing within 5 business days of the
offer being posted. The requests are reviewed on a case-by-case basis.

**Transfers?** Yes

**Notes:** Applicants whose primary language is not English may be required to present proof of proficiency in English. Information regarding the English language proficiency requirement at the University of Saskatchewan can be found at [https://admissions.usask.ca/](https://admissions.usask.ca/)

**New Admissions into Year One (2022/23):** 100  
**Notes:** Includes up to 10 positions available to self-identified Indigenous applicants through the Indigenous Admissions Pathway (IAP), 6 positions are available for Saskatchewan residents eligible to be considered through the Diversity and Social Accountability Admissions Program (DSAAP), 79 seats are available to Saskatchewan resident applicants and 5 seats are available to non-Saskatchewan resident applicants.

**First-Year Tuition (2022/23):**
- **Canadian Residents:** $17,998 \(^1\)
- **Québec Residents:** N/A  
  *(Québec Schools Only)*
- **Compulsory Fees:** Not applicable
- **Visa Students:** Not applicable
- **Foreign Students:** 851.77 (2020-2021); Unknown at this time  
  *(Above Quota Contract)*

**Tuition Details:**
Canadian Residents: 2020-21 rate; Compulsory Fees: Fall term only. Winter term TBD.; Foreign Students: N/A  
2021-22 unknown at this time  
\(^2\)

**Year One Position Breakdown:**
Includes up to 10 positions available to self-identified Indigenous applicants through the Indigenous Admissions Pathway (IAP), 6 positions are available for Saskatchewan residents eligible to be considered through the Diversity and Social Accountability Admissions Program (DSAAP), 79 seats are available to Saskatchewan resident applicants and 5 seats are available to non-Saskatchewan resident applicants.

**Selection Factors:**
Applicants must be a Canadian citizen or a permanent resident of Canada.

**Academic Criteria:**

\(^1\) 2020-21 rates as 2021-22 unknown at this time  
\(^2\) Update not available yet - subject to change later
Saskatchewan Residents (including applicants eligible to apply through the IAP and DSAAP): There are three main requirements that must be met in order to apply as a Saskatchewan resident: CASPer; MCAT (2017 earliest accepted and only most recent considered) and a 4-year Baccalaureate degree awarded prior to entering Medicine.

Prerequisite courses are not required. To meet the second mandatory requirement, a 4-year Baccalaureate degree must be completed prior to entering Medicine (requirements completed by the end of April), with a minimum UAA of 75%, and must be completed in < 5 years since starting university. Students may apply in the final year of that degree or once it is completed. If a 4-year degree has been awarded prior to application, the UAA will be calculated on the most recent 120 CU completed, provided they were completed within a period spanning < 5 years.

Non-Saskatchewan residents: There are three main requirements that must be met in order to apply as a non-Saskatchewan resident: CASPer; MCAT (2018 earliest accepted and only most recent considered) with a minimum total sum score of 510 and minimum section scores of the 127 and a 4-year Baccalaureate degree. Prerequisite courses are not required. Application by non-Saskatchewan resident applicants can be made only during or after the final year of a four year degree. If a four year degree is completed prior to application, course-work for the degree must have been started within the 5 years prior to completion of the degree. All courses completed at the date of application will be used for calculation of the university academic average (UAA) and the minimum UAA required for application will be 85.0%. The four year degree must be completed prior to entering medicine (requirements completed by the end of April). Please refer to the Applicant Information Document at www.medicine.usask.ca/admissions for the most up-to-date and complete admissions requirement information.

Special Consideration:
Saskatchewan resident applicants that qualify for the IAP or DSAAP will first be ranked in the Saskatchewan resident pool and could gain admission through this pool to maximize the number of students who qualify and gain admission under the IAP or DSAAP.

Mean GPA: 0.8841 Details: The minimum acceptable university academic average (UAA) is 75% for Saskatchewan residents and 85% for non-Saskatchewan residents.

MCAT Required? Yes Details: MCAT scores must be obtained in one sitting prior to the application deadline. The earliest accepted scores for 2022 entry are 2018 and only the most recent score will be considered.

CaSPER Required? Yes Details: Must be completed with score distributed to University of Saskatchewan College of Medicine by the deadline listed on the CASPer website.

Deferred Admission? Yes Details: Option available for Saskatchewan resident, DSAAP, and IAP applicants ONLY.

Information on Combined Programs:
MD/MBA (successful applicants to the MD program may defer admission for one year to complete an MBA degree).
MD/PhD (program available only after successful admission to the MD program).

Application Details:
Start Date: August 2, 2021

- **Québec Residents**: N/A *(Québec Schools Only)*
- **Compulsory Fees**: $1,480
- **Visa Students**: $0
- **Foreign Students**: $0 *(Above Quota Contract)*

Tuition Details:
N/A

Year One Position Breakdown:
85% of the positions are reserved for Alberta residents and 15% of the positions are for Non-Alberta residents. In addition, up to 10 positions each year are reserved for qualified Albertan rural applicants. Applicants are determined to be rural based on geographic information submitted in the Application for Admission.

Selection Factors:
Canadian citizens/permanent residents may apply. Selection for admission is based on cumulative grade point average (CGPA), Medical College Admission Test (MCAT), personal activities, reference letters, interview and additional assessments as determined by Admission Commission.

Academic Criteria:
All applicants to the Doctor of Medicine Program must be registered in a baccalaureate degree from a program recognized by the University of Alberta and obtain their degree the year admission is sought or already have completed their degree program. To be considered for admission, applicants must have achieved a minimum cumulative GPA (cGPA) of 3.3 for Alberta residents or 3.5 for Non-Alberta residents and a minimum of ★60 transferable. At least one academic year (Sept-April or comparable) must be ★30. All applicants must complete the MCAT and meet the minimum requirements for each section in a single test sitting to be eligible to apply to the Doctor of Medicine Program.

---

1, 2 Update not available yet - subject to change later
Special Consideration:
No

Mean GPA: 3.30/4.0 (AB) or 3.5/4.0 (non AB)  
*Details:* The minimum cumulative GPA (cGPA) required to be eligible to apply for Albertan applicants is 3.30 on the UofA 4.0 grading scale. The minimum cGPA required to be eligible to apply for Non-Albertan applicants is 3.50 on the UofA 4.0 grading scale.

MCAT Required? Yes  
*Details:* The minimum MCAT score to be eligible to apply for Albertan applicants is 124 in all categories (CPBS, CARS, BBFL, PSBB). The minimum MCAT score to be eligible to apply for Non-Albertans is 128 in CARS and 124 in CPBS, BBFL, and PSBB.

CaSPER Required? Yes  
*Details:* N/A

Deferred Admission? Yes  
*Details:* At discretion of Associate Dean, MD Program.

Transfers? No  
*Details:* N/A

Tuition Details:
Please see UBC MD Program for more information on compulsory fees and likely costs:  
http://mdprogram.med.ubc.ca/student-resources/financial-support/cost-of-an-md-student/

Year One Position Breakdown:
Includes up to 14 positions available to Indigenous applicants and up to 8 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

Selection Factors:
The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program, up to 10 seats at the Southern Medical Program, and up to 2 seats at the Island Medical Program. Canadian citizens/permanent residents/persons with Canadian refugee status may apply.

Academic Criteria:
Please review the UBC MD Admissions website for academic criteria.

Special Consideration:
Applicants with disabilities may seek special considerations for admission requirements or the admissions process. In exceptional circumstances, applicants with disabilities may be eligible for special consideration in the calculation of

1, 2 Update not available yet - subject to change later
their grades. However, even in these circumstances applicants must meet the competitive average.

**Mean GPA:** 0.8769  
*Details:* The minimum acceptable average for in province applicants is 75% on a 100% scale. The minimum average for out-of-province applicants is 85% (visit the UBC MD website for up-to-date information on minimum academic standing).

**MCAT Required?** Yes  
*Details:* Please visit the website for information on MCAT eligibility

**CaSPER Required?** No  
*Details:* N/A

**Deferred Admission?** Yes  
*Details:* Only granted in exceptional circumstances.

**Transfers?** Yes  
*Details:* Rarely granted. Considered only after completion of two years of medical studies in Canada or the United States in a school that is accredited by the Committee on Accreditation of Canadian Medical Schools and/or the Liaison Committee on Medical Education and if positions are available in the UBC medical program.
