ABOUT THE AFMC

Founded in 1943, the Association of Faculties of Medicine of Canada (AFMC) represents Canada's 17 faculties of medicine and is the voice of academic medicine in this country. Our member faculties graduate over 2,700 MDs per year; teach over 11,500 undergraduate medical students; train over 15,000 postgraduate trainees; employ nearly 48,000 full and part-time faculty members; and undertake over 3 billion dollars of biomedical and health care research annually.

The AFMC has worked in conjunction with the medical faculties across Canada to produce this book and made every effort to ensure the information presented is accurate. However, this information is provided without any warranty or guarantee regarding its accuracy. Always consult the specific medical faculties website for the most recent and official information.

INTRODUCTION

This publication provides information on admission requirements that covers several academic years. When comparing data from year to year, it should be understood that there is some yearly variability in the context affecting the data. Examples of such context variability include changes to the number of available places, admission requirements, and selection policies for some of the faculties of medicine.

All statistical data come from an annual survey conducted by the Association of Faculties of Medicine of Canada (AFMC). Individual faculty information is provided by each faculty of medicine as of April 2024 and, therefore, is subject to change. Items such as tuition and seat counts are commonly approved by a host school’s governing body over the summer. It is unlikely, but possible, that a faculty may change the testing requirements for applications.

The impact of COVID-19 is still being felt in the academic medicine community. Schools are providing more virtual options for interviews, campus tours, outreach sessions, and community events. School processes for applications and admission are being adapted continuously to respond to demands of COVID protocols in their region.

General Application Procedure Overview

There are seventeen faculties of medicine in Canada offering programs of study leading to the award of the MD degree, which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence from east to west, with no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources, as well as Canada’s future physician workforce requirements. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

An applicant must decide to which faculty or faculties of medicine applications will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.
The competition to enter a faculty of medicine is very keen, so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. The applicant’s type of pre-medical undergraduate degree and institution of study should not deter filing an application, provided that all academic prerequisites are met. Not only should applicants plan to meet all academic prerequisites, but they must also respect all deadline dates. In general, it is not possible to apply after the deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which you apply.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario, or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.

Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

The general steps of the application process (summarized in the chart below) are as follows:

**Step 1**, is to meet the specific entry criteria defined for the schools to which an application is being made.

*Generally speaking, entry criteria for Canadian medical schools fall into four main categories:*

- **Eligibility requirements:** Most provinces require at least two years of postsecondary education, while Quebec residents applying to a medical school in that province must complete their CEGEP training. Most schools also request that applicants complete specific basic science courses before entering their program to prepare them for the study of medicine. Since these prerequisites vary among schools, please consult each school’s section in this guide for details.

- **Academic performance:** Medical schools look closely at academic performance when evaluating candidates for potential entry into their programs. Selection committees consider grade point average (GPA) to determine whether applicants have the right study habits and intellectual capacity to pursue medical studies. Some also use Medical College Admission Test (MCAT) results. Once again, faculty websites should be consulted for specific requirements.

- **Autobiographical sketch/essay:** Applicants have the opportunity to differentiate themselves from other candidates by providing the selection committee with an autobiographical sketch/essay that reflects their personality and accomplishments. It should include a list of such things as volunteer and paid work, research, extra courses, hobbies, sports, awards, scholarships, and other forms of recognition.

- **Reference letters:** Most Canadian medical schools ask for reference letters, which can come from such individuals as community members, faculty members, or previous employers. These letters give selection committees an additional perspective on the type of medical student an applicant might become.

**Step 2**, requires the applicant to complete one or more interviews. There are several models of interview in Canadian medical schools: the panel interview, Multiple Mini Interview (MMI), CASPer
The panel interview is a traditional format in which the applicant is interviewed in front of a panel of individuals—usually a mix of community members, faculty representatives, medical students, and practising physicians. There are generally three or four evaluators present. See MMI and CASPer sections for information on those Interviews.

Only Université de Sherbrooke administers TAAMUS, optionally, if the applicant is a member of the Canadian Forces or a resident of Quebec, the Atlantic Provinces, or Western Canada.

If the school decides that the applicant has the academic and non-academic capabilities to pursue a career in medicine, it proceeds to step 3.

**Step 3**, is for the school to send the applicant an offer of admission to its undergraduate medical education program.

  - Panel interview
  - Multiple Mini Interview (MMI)
  - TAAMUS at U de Sherbrooke

**Step 3**
- Offers of admission
Ontario Medical School Application Service (OMSAS)

The application process for Ontario’s six medical schools is centralized through the OMSAS (Ontario Medical School Application Service), and admission must be made through the OMSAS website. Each medical school is completely independent in reaching its own admission decisions.

The Toronto Metropolitan University (TMU) is intending to accept applications for the 2025 academic year. At the time of publication, the specific admission requirements for TMU were not yet available. Please consult the TMU medical faculty page regularly for admission information. TMU will be added to the guide for the next admission cycle.

All applicants are required to pay a service fee plus an institutional fee for each medical school applied to. These fees are non-refundable, and your application will not be forwarded to your universities of choice until you submit full payment to the Ontario Universities’ Application Centre (OUAC).

<table>
<thead>
<tr>
<th>Fees</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>OMSAS Application Service Fee: $220</strong></td>
</tr>
<tr>
<td><em>All applicants are required to pay a base fee of $220.</em></td>
</tr>
<tr>
<td><strong>University Fee (in Canadian Funds)</strong></td>
</tr>
<tr>
<td><em>Each medical school charges a university fee.</em></td>
</tr>
</tbody>
</table>

OMSAS collects the university fees and remits them to the universities to cover a portion of the costs associated with the admissions assessment. This fee is payable to the OUAC.

**Medical College Admission Test (MCAT)**

The Medical College Admission Test (MCAT) is a computer-based standardized examination for prospective medical students in the United States, Australia and Canada. It is designed to assess problem solving, critical thinking, and knowledge of natural, behavioural, and social science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine. Please see individual school sections for details.

The latest version of the MCAT took effect in April 2015. The exam was updated to reflect changes in medicine and science and to test examinees on not only what they know but how well they use what they know. Please visit [Prepare for the MCAT Exam](http://www.aamc.org) on the AAMC website for more information.

The MCAT exam has four test sections:  
- Biological and Biochemical Foundations of Living Systems  
- Chemical and Physical Foundations of Biological Systems  
- Psychological, Social, and Biological Foundations of Behaviour  
- Critical Analysis and Reasoning Skills

Each of the four sections will receive a scaled score from a low of 118 to a high of 132, with a midpoint of 125. These 4 new MCAT scaled scores will be combined to create a total score that will range from 472 to 528, with a midpoint of 500. These scores are used by medical school admission committees to evaluate the MCAT component of the admissions process.
There are MCAT testing centers, both on and off campus, from coast to coast in the US and Canada. For a list of current locations, click here: MCAT testing centres in the US and Canada. Additionally, there are numerous MCAT international testing locations which use a different testing schedule depending on location. Additional information can be found on the International MCAT Testing Calendar page of the AAMC website. The overall length of the new MCAT exam is approximately seven hours. The MCAT fee is $335 (in USD) if made at least three weeks before the exam registration fee.

AFMC Fee Assistance Programs

**MCAT® Fee Assistance Program for Canadians**

The Association of American Medical Colleges (AAMC) and the Association of Faculties of Medicine of Canada are piloting a new fee assistance program for Canadian examinees in financial need who register for the Medical College Admission Test® (MCAT) during the 2022 testing year.

In order to support an increasingly diverse physician workforce, the AAMC is committed to providing support to Canadian students who would be unable to take the MCAT without financial assistance. Canadian examinees will be able to register for an MCAT exam date through this fee assistance program.

Canadian fee assistance applicants who qualify will receive reduced scheduling, rescheduling, and cancellation rates for the 2024 and 2025 testing years. Visit the https://students-residents.aamc.org/fee-assistance-program/fee-assistance-program-canadian-examinees for full details.

To learn more about the 2024 eligibility criteria, application process and deadlines, please see https://www.afmc.ca/resources-data/education/aspirants-applicants/

Please be aware that you must be approved for the Fee Assistance Program prior to registering for the MCAT exam to receive the reduced MCAT registration fees. AFMC is responsible for reviewing applications, determining eligibility for financial assistance, and notifying awardees. Please note that benefits are not retroactive, and you must be approved before scheduling, rescheduling, or canceling your MCAT exam. Please note, the AAMC and AFMC reserve the right to discontinue the program after the pilot year.

Questions regarding the application, evaluation, or qualification process? Please contact: service@afmcstudentportal.ca
Application Fee Waiver Programs

The Association of Faculties of Medicine of Canada administers the application fee waiver program. For the upcoming application cycle the following faculties are participating in this program:

- University of Ottawa
- Queen’s University
- University of Toronto
- Northern Ontario School of Medicine University (NOSMU)
- McMaster University
- Western University
- University of Saskatchewan
- University of Alberta
- University of Calgary

The application fee waiver program waives most, or all fees associated with applying to these medical faculties. Please visit the application fee waiver website for full details on eligibility requirements and how to apply.

For any additional questions please reach out to: service@afmcstudentportal.ca

Multiple Mini Interviews

The Multiple Mini Interview (MMI) is an interview format that gauges an applicant’s potential to successfully interact with patients and colleagues. The MMI is designed to measure communication skills, specifically verbal and nonverbal skills that cannot be measured using standardized written exams or by reviewing coursework transcripts. The MMI typically consists of 6 to 10 very short-timed interviews each one about a specific scenario. The MMI has become the most common interview method for medical schools worldwide. Each medical school has a slightly different variation on MMI format.

History

Since its formal inception at the Michael G. DeGroote School of Medicine at McMaster University in 2004, the MMI subsequently spread as an admissions test across medical schools, and to other healing arts disciplines. By 2008, the MMI was being used as an admissions test by the majority of medical schools in Canada, Australia, Israel, and Brunei.

MMI procedure

Interview stations—the domain(s) being assessed at any one station—are variable, and normally reflect the objectives of the selecting institution. Examples of domains include the "soft skills"—ethics, professionalism, interpersonal relationships, ability to manage, communicate, collaborate, as well as perform a task. An MMI interview station takes considerable time and effort to produce; it is composed of several parts, including the stem question, probing questions for the interviewer, and a scoring sheet.

Circuit(s) of stations: To reduce costs of the MMI the interview "stations" are kept short (eight minutes or less) and are conducted simultaneously in a circuit. Numbers of stations range from 8-10.

Interviewer: There is usually one interviewer per interview station. In a typical MMI, each interviewer
stays in the same interview throughout, as candidates rotate through. The interviewer thus scores each candidate based upon the same interview scenario throughout the course of the test.

Candidates: Each candidate rotates through the circuit of interviews. For example, if each interview station is 8 minutes, and there are 9 interview stations, it will take the 9 candidates being assessed on that circuit 72 minutes to complete the MMI. Each of the candidates begins at a different interview station, rotating to the next interview station at the ringing of a bell.

As school MMI assessment questions and goals vary, refer to the site links for that faculty for more information on their MMI process. Some schools post sample questions for you to try.

CASPer (Computer-Based Assessment for Sampling Personal Characteristics)

CASPer (Computer-Based Assessment for Sampling Personal Characteristics) test is a 90-minute, web-based Situational Judgement Test (SJT) designed to evaluate key personal and professional characteristics that make for successful students and graduates. CASPer provides admissions and selection committees with a reliable measure of traits like professionalism, ethics, communication, and empathy. It is a component of the application process used by certain medical schools in an effort to evaluate your personal and professional characteristics.

Each school incorporates CASPer in different ways to guide their admissions process. Most programs use CASPer alongside other metrics like GPA and MCAT scores as a pre-screening tool to decide who to invite to the interview process. Some programs use CASPer in a more impressionistic approach, to help facilitate decisions on candidates who are on the cusp of whether they are admitted to the program. Some programs implement a conservative cut-off score for CASPer to screen out applicants, while other programs take a closer look at candidates who have exceptionally high CASPer scores. For instance, Dalhousie Medical School will only consider applicants who score above -1.5 standard deviations from the mean for interview.

Medical Schools

Canadian Medical schools currently using CASPer (year adopted in brackets):

- McMaster University (2010)
- University of Ottawa (2015)
- McGill University (2017)
- Dalhousie University (2018)
- University of Alberta (2018)
- Université Laval (2019)
- University of Manitoba (2019)
- University of Saskatchewan (2019)

CASPer Procedure

CASPer is delivered online. For you to successfully complete it you will need a computer with: An updated Chrome browser (recommended), stable broadband internet connection, audio output (speakers or headphones) and webcam (mandatory for all applicants). Note: Taking CASPer using a tablet is NOT recommended.

The CASPer is a 90-minute test consisting of 12 sections. Each section follows a similar format consisting first of a short video or directed text, followed by 3 questions relating to the material presented in the video or question stem. Some sections are prompted by situational challenges displayed in short video
clips; others are prompted by self-reflective questions. The applicant has 5 minutes to answer all questions in a given section.

**Video-based scenarios consist of:**
- A description of your role
- A short video (1-2 minutes long)
- Three open-ended follow-up questions pertaining to the video. All three questions must be answered within a total of 5 minutes.

**Word-based scenarios consist of:**
- A short statement to consider
- Three open-ended follow-up questions pertaining to the statement. All three questions must be answered within a total of 5 minutes.

Note: There is NO VIDEO for these sections

There is an optional 15-minute break halfway through the test.

For more information on CASPer, including access to sample questions, visit the official website at: [takecasper.com](http://takecasper.com).

**Repeat Applicants**

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Unsuccessful applicants should try to reach an objective assessment of why they did not receive an offer and see if there are areas of their application upon which they can improve. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the competition for the limited number of places that are available when the number of qualified applicants greatly exceeds the number of available places. Well-qualified applicants should consider re-applying for admission to a faculty of medicine and, in recent years, repeat applicants have fared relatively well.

**Applying to Study Medicine Outside Canada**

If an applicant decides to seek admission to a medical faculty outside Canada, they must bear in mind that returning to do postgraduate training or practise medicine in Canada may prove difficult. Limitations on recognition of international medical degrees apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends an international medical faculty will be able to train or practise medicine in Canada in the future.

**A note about American Medical School Admission Requirements:**

There are 154 MD awarding medical schools in the United States of America. Applying to most schools can be done via the American Medical College Application Service® (AMCAS®) which is the American Association of Medical Colleges centralized medical school application processing service, and you can search for individual schools in the MSAR. Some schools have school-specific application processes. See the AAMC student website at [https://students-residents.aamc.org/](https://students-residents.aamc.org/) for more information.

MD-granting Medical Schools in the United States are accredited by the Liaison Committee on Medical Education (LCME). As of June 30, 2025, Canadian medical schools will no longer be accredited by the
Liaison Committee on Medical Education (LCME). This change will not affect current medical students but will be relevant to the students entering medical school in fall of 2022 who, in a 4-year program, will graduate in spring of 2026.

**International Students**

Not all faculties of medicine accept applications from international students. Conversely, some faculties of medicine have contracts with international governments or institutions to accept applications for “supernumerary” positions. The conditions of admission may require that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada, and/or that these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the educational institutions or governments that have negotiated such contracts.

International students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the student.

### First-Year Tuition

- **Canadian Residents:** $14,250.00<sup>1</sup>
- **Québec Residents:** $14,250.00<sup>1</sup>
- **Compulsory Fees:** Approximately $4400 in Phase 1; $500-$1300 in Phases 2 & 3, annually
- **Visa Students:** N/A<sup>2</sup>
- **Foreign Students:** N/A<sup>2</sup> *(Above-Quota contract)*

### Tuition Details:

TBD

---

### Year One Position Breakdown:

3 positions available to Indigenous students who qualify for the provincial pool. The 80 positions include: 73 residents of Newfoundland and Labrador, 1 seat for Nunavut, Island; 6 seats for remaining provinces in Canada.

The University of PEI is developing their own medical school and will be expanding under Memorial University for the 2024-2025 cycle; the number of seats for this PEI cohort is 20. Please see https://www.upei.ca/medicine for more details.

### Selection Factors:

Applicants must be Canadian citizens/permanent residents at the time of application.

### Academic Criteria:

A Bachelor’s degree is required at the time of admission.

### Special Consideration:

TBD

---

<sup>1</sup> Tuition will be increasing; actual cost is not released at this time

<sup>2</sup> International students no longer accepted, effective June 1, 2021. Seats are available to Canadian students or permanent residents only

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.
Faculty of Medicine, DALHOUSIE UNIVERSITY

Length of Program (Years): 4  
Notes: N/A

Language of Instruction: English  
Notes: N/A

Testing of Language Proficiency: Yes*  
Notes: Only for externally funded supernumerary advanced placement positions

New Admissions into Year One: 164  
Notes: N/A

First-Year Tuition

- Canadian Residents: $25,000.00
- Québec Residents: $25,000.00
- Compulsory Fees: TBD
- Visa Students: TBD
- Foreign Students: $75,000.00  
(Above-Quota contract)

Tuition Details:
Link to 2023/2024 Medicine Fee Schedule:  
https://www.dal.ca/admissions/money_matters/ tuition_payments/Tuition_Fees.html

Year One Position Breakdown:
164 TOTAL. 79 Nova Scotia (Halifax), 30 Nova Scotia (Sydney), 40 New Brunswick, 6 Prince Edward Island, 9 Other Canadian. There is 1 seat for a student in the combined Dalhousie Dentistry/Masters of Oral. All residents of New Brunswick enrolled in the program will attend the Saint John campus and the government of New Brunswick is responsible for defining residency status. Up to 5 supernumerary positions are available to individuals applying under the Military Medical Training Program. Applications from international students are considered only for supernumerary positions under external contracts with specific organizations.

Selection Factors:
Eligibility for admission to Dalhousie's Undergraduate Medical Education program requires applicants to meet minimum academic requirements (GPA, MCAT, undergraduate degree completion) and minimum non-academic requirements as determined from CASPer, MMI, and Personal Statements/Supplemental.

Applicants who do not meet all minimum requirements are not usually considered for admission. Final selection for admissions is determined by application file score and Admissions Committee approval.

Priority Pathways for Black and Indigenous applicants are available.

Academic Criteria:
A completed, or in progress to be completed 90-120 Credit Hour Baccalaureate Degree, in any field, from an accredited institution is required. A minimum GPA and minimum MCAT score are required.
Faculty of Medicine, DALHOUSIE UNIVERSITY

Special Consideration:
Priority Pathways for Black and Indigenous Applicants are available.

Mean GPA: 3.8/4.0 Details: Minimum requirement: 3.3/4.0 for NS/NB/PEI Residents and 3.7/4.0 for Other Canadian Residents.

MCAT Required? Yes Details: Minimum total MCAT score requirement is determined in relation to GPA. This sliding scale is available on our website here: https://medicine.dal.ca/departments/core-units/admissions/admissions/mcat-requirement.html.

CASPer Required? Yes Details: CASPer results will be used for interview selection purposes only. Applicants who do not complete CASPer or who do not meet the minimum CASPer score will not be considered.

Deferred Admission? Yes Details: Only under exceptional circumstances: Deferral requests are not routinely granted and have generally been provided only in rare and exceptional circumstances.

Transfers? No Details: N/A

Combined Programs:
In collaboration with Dalhousie Faculty of Dentistry, one student who has completed the Dentistry program is admitted to the combined Dentistry/Masters in Oral Maxillofacial Surgery Program.

Application Details:

Start Date: June 15, 2024
Deadline: Step 1 - July 31, 2024, Step 2 - Sept 3, 2024
Fee: $70.00
Form Type: Online application

Interview Details:

Types: Virtual MMI
Date: TBD
Location: Virtual

In-Province/Out-of-Province/Out-of-Canada/Total: Approximately 300-400 applicants are invited for interview each year. Interview selection is determined by GPA eligibility, MCAT eligibility and CASPer. For applicants in the Other Canadian pool, interview selection is also determined by information regarding an applicant's compelling reasons for choosing Dalhousie Medicine as their preferred choice. Due to limited interview capacity, interview selection will be determined by pre-interview score calculated by 50% GPA, 25% MCAT, and 25% CASPer.

Fees: TBD
Faculty of Medicine, DALHOUSIE UNIVERSITY

Offer of Admission Details:

Date: March 31, 2025
Number of Offers: 164
Deposit: $500.00
Distribution Type: E-mail + student portal

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

¹ The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.
Faculté de médecine, UNIVERSITÉ DE MONTRÉAL—Doctorat de 1er cycle en médecine (Programme MD)

Durée du programme (Ans) : 4
Notes: Actualisation par l'AFMC. Scission du programme AP et du programme MD.

Langue d'enseignement : Français
Notes: S.O.

Épreuve de compétence en linguistique : Oui
Notes: Pour tout candidat n'ayant pas complété son Cégep en français ou un diplôme universitaire dans une institution francophone reconnue.

Nouvelles Admissions en Première Année : 105
Notes: La répartition du nombre de places peut être modifié entre l'année préparatoire et le programme MD selon les profils des candidats retenus.

Frais de scolarité de première année :
- Résidents canadiens : 13 125,95$ annuel (base de 20 crédits par session)¹
- Résidents du Québec : 3729,20 $ annuel (base de 20 crédits par session)¹
  - Frais obligatoires : 557,23$ par session¹
  - Étudiants détenteurs d'un visa :
    - À déterminer¹
  - Étudiants étrangers : 34 106,40 $ annuel (base de 20 crédits par session)¹
    - (Contrat hors quota)

Détails des frais de scolarité :
À déterminer

Répartition des postes de première année :
- 102 places occupés par des résidents du Québec
- Répartition de 1 place pour un candidat Hors-Québec, 3 places selon l'entente avec la province du Nouveau-Brunswick, 2 places pour des étudiants des premières nations/autochtones, 2 places pour des candidats internationaux entre l'année préparatoire et le Programme MD
- 4 postes pour les candidats québécois médecins diplômés à l'extérieur du Canada ou des États-Unis (DHCEU) admis à l'externat.

Facteurs de sélection :
Tous les candidats font une demande d’admission à l’année préparatoire au programme MD et le Comité d’admission décide, selon le profil des candidats si ceux-ci seront admissibles à l'année préparatoire ou au programme MD directement. Dans la mesure des places disponibles, le candidat peut choisir de compléter ses études au Campus de Montréal ou au campus en Mauricie.
Faculté de médecine, UNIVERSITÉ DE MONTRÉAL—Doctorat de 1er cycle en médecine (Programme MD)

Critères d’études :
- Être titulaire d’un diplôme de premier cycle universitaire reconnu équivalent à un baccalauréat
- Être titulaire d’un doctorat en médecine décerné par une faculté de médecine reconnue par le Conseil médical du Canada et avoir obtenu la reconnaissance d’équivalence du diplôme de docteur en médecine par le Collège des médecins du Québec (CMQ).

Considération particulière :
À déterminer

| **New Admissions into Year One:** | 91 | **Notes:** New Admissions into Medicine-Preparatory program |

#### First-Year Tuition

- **Canadian Residents:** TBD
- **Québec Residents:** $2,880.00
- **Compulsory Fees:** $2,413.00
- **Visa Students:** TBD
- **Foreign Students:** TBD (Above-Quota contract)

#### Tuition Details:

MED-P Tuition: The preparatory year program fees ($2,880 tuition, $2,413 other compulsory fees) are those of the Faculty of Science in which the student is registered for this year. Upon successful completion of the preparatory year, the student will be admitted to the MDCM program in the Faculty of Medicine. [https://mcgill.ca/student-accounts/tuition-charges/fallwinter-term-tuition-and-fees/undergraduate-fees](https://mcgill.ca/student-accounts/tuition-charges/fallwinter-term-tuition-and-fees/undergraduate-fees).

Select Quebec residency and "Bachelor of Science".

#### Year One Position Breakdown:

Maximum of 20 seats for Outaouais campus, remainder for Montreal campus.
Faculty of Medicine and Health Sciences, MCGILL UNIVERSITY—Med-P Program

Selection Factors:
Only open to Quebec residents currently completing cégep in Quebec. Invitation to interview is based on Academics (R score) 70%, and non-academic factors (Casper test 20%, CV 10%). Final selection is based on the interview 100%. See www.mcgill.ca/medadmissions/applying/categories/roq

Additional pathways for cégep students have specific selection procedures and are open to candidates from Black and Indigenous communities in Quebec. See www.mcgill.ca/medadmissions/applying/categories/mcgill-black-candidate-pathway and www.mcgill.ca/medadmissions/applying/categories/indigenous.

Academic Criteria:
A CÉGEP Diplôme d’études collégiales is required at time of admission. Prerequisite courses from the CÉGEP program in Health Sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Special Consideration:
May be given to applicants with extenuating circumstances upon formal request.

Mean GPA: R-Score: 36.861 Details: 2025 data will not be available until May 1, 2025. Most recent full cycle always found here: https://www.mcgill.ca/medadmissions/prospective/our-statistics

https://www.mcgill.ca/medadmissions/applying/requirements/elements/language-proficiency

New Admissions into Year One: 247  
Notes: At time of admission, first year quota positions may increase due to attrition.

First-Year Tuition

- Canadian Residents: $18,883.00
- Québec Residents: $6,049.00
- Compulsory Fees: $2,866.00
- Visa Students: $59,779.00
- Foreign Students: TBD  
(Above-Quota contract)

Tuition Details:  

Year One Position Breakdown:
2 positions are available for visa students. 11 positions are available for Canadian citizens/permanent residents residing outside Québec, but in Canada. 1 position is available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program, and a minimum of 1 position for International Medical Graduates (additional positions may be available based on attrition). The remaining positions are available for residents of Québec and are distributed among university-level applicants and students who have successfully completed the MED-P year. Québec-resident positions are assigned to the Outaouais campus (28) or the Montreal campus (remainder). A maximum of 10 additional positions (shared among the four Québec faculties of medicine) are available to eligible First Nations and Inuit applicants who are residents of Québec (both campuses eligible). A maximum of 4 additional positions (shared among the four Québec faculties of medicine for training in French) are available to eligible Canadian Forces members (Outaouais campus only).
Faculty of Medicine and Health Sciences, MCGILL UNIVERSITY—MD-CM Program

Selection Factors:
Canadian citizens/permanent residents or visa students (will be required to hold a student authorization to enter Canada) may apply. Invitation to interview is based on Academics (70%), and non-academic factors (Casper test 20%, CV 10%). Final selection is based on the interview 100%. See www.mcgill.ca/medadmissions/applying/categories/roq. Additional pathways for university-level students have specific selection procedures and are open to candidates from Black (Quebec residents), Indigenous (Quebec or Canadian), and Rural or small communities (located in Quebec). See www.mcgill.ca/medadmissions/applying/categories/mcgill-black-candidate-pathway, www.mcgill.ca/medadmissions/applying/categories/indigenous, www.mcgill.ca/medadmissions/applying/categories/rural-and-small-populations-pathway-rspp. Quebec residents who are International Medical Graduates applying to the 2-year advanced standing stream must have obtained degree equivalency with the Collège des médecins du Québec, which requires completion of the Medical Council of Canada MCCQE part 1 and NAC tests. IMGs from all residency cohorts applying to the 4-year program must have completed the MCCQE part 1 test.

Academic Criteria:
A 4-year bachelor’s degree (120 credits) is required at time of admission. Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in physiology, biochemistry, cellular and molecular biology and statistics are recommended. Exception may be made for applicants with advanced degrees in the material concerned. Prerequisite courses in progress must be completed and grades submitted by May 30, 2025

Special Consideration:
May be given to applicants with extenuating circumstances upon formal request.

Mean GPA: 2025 data will not be available until May 1, 2025. Most recent full cycle always found here: https://www.mcgill.ca/medadmissions/prospective/our-statistics Details: Cumulative grade point averages (CGPA) of at least 3.5 on a 4.0 scale are considered to be within the competitive range. The average cumulative grade point average of all applicants in 2022/23 was approximately 3.77 and the average CGPA of applicants invited to interview was 3.89. Data for 2025 only available in May. Most recent full cycle always found here: https://www.mcgill.ca/medadmissions/prospective/our-statistics

---

1 The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.
Faculty of Medicine, UNIVERSITY OF OTTAWA

Length of Program (Years): 4  
**Notes:** 7 years for our students registered in our combined MD/PhD program.

Language of Instruction: English or French  
**Notes:** Once admitted to one language stream, there is no possibility of transferring to the other.

Testing of Language Proficiency: Yes*  
**Notes:** If needed: the language proficiency will be assessed during the interview.

New Admissions into Year One: 182  
**Notes:** We anticipate that our class size will be 182 for the students who will begin their MD studies in the fall of 2024.

First-Year Tuition

- **Canadian Residents:** $25,487.00
- **Québec Residents:** $28,099.00

- **Compulsory Fees:** $1,268 - Ancillary Fees / $143 - Incidental Fees
- **Visa Students:** TBD
- **Foreign Students:** TBD  
  *(Above-Quota contract)*

Tuition Details:
Tuition fees for Canadian residents are different depending on if you are from Ontario or from out-of-province.

Year One Position Breakdown:
170 students are admitted through the Ministry of Health which includes: up to 7 positions available to Indigenous students, up to 4 positions available to students in the MD/PhD program, 2 positions available through our social accountability initiative as well as our Black Students Application Program (BSAP) (no quota). *Priority will be given to regional applicants.

We have 8 above-quota positions available through the Consortium national de formation en santé (CNFS), 2 (or more) above-quota positions available through the Department of National Defense, 2 (or more) above-quota positions available through the Government of Nunavut Agreement, and 2 (or more) candidates under our Kuwait agreement/partnership.

Selection Factors:
Canadian citizens and permanent residents (landed immigrant) status may apply.

---

1 Fees are from the 2023-24 academic year. Update not available yet - subject to change later.
Faculty of Medicine, UNIVERSITY OF OTTAWA

Academic Criteria:
Three years full-time university studies leading to a Bachelor’s degree is required. Prerequisite courses include: 6 units(credits) in humanities/Social Sciences, 6 units(credits) in Biology (Anatomy and Physiology also accepted), 3 units(credits) in Organic Chemistry, 3 units(credits) in Chemistry, 3 units(credits) in Biochemistry and 3 units(credits) in Statistics. The laboratory requirements can be met by either having 6-units(credits)-worth of courses (indicated above) that include a laboratory component and/or having completed additional course(s) up to 6 units(credits) that are exclusively laboratory-based. A minimum Grade of 3.00/4.00 (according to the OMSAS scale) must be attained in all prerequisite courses for a candidate to be considered for admission.

Special Consideration:
TBD

Mean GPA: The class average for our 2023 entry class is 3.95 (cGPA) Details: Each year, a minimum cumulative grade point average (cGPA) is set for the current application pool. cGPA calculation is based on the last three years of full-time undergraduate studies leading to a University Bachelor’s Degree. This includes summer courses taken during that period.

MCAT Required? No Details: The Medical College Admission Test (MCAT) is not an admission requirement to the medical program of the University of Ottawa.

CASPer Required? Yes Details: Applications to the MD and MD/PhD Programs will not be considered (unless the candidate is applying in the Indigenous or Nunavut pathway) if the Casper test is not completed. Applicants must take the Casper test in the language of instruction they applied for. The test must also be taken within the designated dates each year.

Deferred Admission? Yes Details: Considered under exceptional circumstances only
Transfers? Yes* Details: Please refer to our Policy on Student Transfers, under the section 'Admission Policies and Procedures - Student Transfer Policy' at the following link: https://www.uottawa.ca/faculty-medicine/undergraduate/admissions/application-process

Combined Programs:
MD/PhD

Application Details:
Start Date: July 6, 2024
Deadline: October 1, 2024
Fee: TBD
Form Type: Please visit the OMSAS website: www.ouac.on.ca/omsas/
Faculty of Medicine, UNIVERSITY OF OTTAWA

Interview Details:

Types: We have a semi-structured panel interview. The panel includes a Physician, a member of the Community (who can also be a Physician) and a fourth-year medical student.

Date: February - March 2025
Location: For the 2024 admission year, the interviews were conducted on-line. TBD for the 2025 admissions cycle

# In-Provence/Out-of-Provence/Out-of-Canada/Total: On average, 580 candidates are interviewed with a mix of In-Provence and Out-of-Provence applicants.

Fees: TBD

Offer of Admission Details:

Date: Second Tuesday in May 2025
Number of Offers: We anticipate approximately 182 (including English and French stream)
Deposit: $1,000.00
Distribution Type: E-mail

### Frais de scolarité de première année :

- **Résidents canadiens**: 25 487,00 $\text{1}$
- **Résidents du Québec**: 28 099,00 $\text{1}$

- **Frais obligatoires**: 1,268 $ - Droits accessoires / 143 $ Droits complémentaires (en vigueur pour l’année scolaire 2023-2024) $\text{1}$
- **Étudiants détenteurs d’un visa**: À déterminer
- **Étudiants étrangers**: À déterminer
- **(Contrat hors quota)**: À déterminer

**Détails des frais de scolarité** :
Les frais de scolarité sont les mêmes pour tous les étudiants, quel que soit leur statut géographique, car nous n’admettons pas d’étudiants internationaux.

### Répartition des postes de première année :

170 étudiants sont admis par l’entremise du ministère de la Santé, ce qui comprend : jusqu’à 7 places disponibles pour les étudiants autochtones, jusqu’à 4 places disponibles pour les étudiants du programme combiné M.D./Ph.D., 2 places disponibles dans le cadre de notre initiative en matière de responsabilité sociale et des places disponibles pour notre programme de demande d’admission pour les étudiantes et étudiants noires (PDAEN) (aucune limite) * la priorité sera donnée aux appliquant régionaux.

Huit places supplémentaires sont offertes par le Consortium national de formation en santé (CNFS), un minimum de 2 places offertes par les Forces Armées Canadiennes, un minimum de 2 places offertes sous le programme du Nunavut et un minimum de 2 places offertes pour les étudiants admissibles sous le partenariat avec le Kuwait.

---

\text{1} La mise à jour n’est pas encore disponible—susceptible d’être modifiée ultérieurement
Facteurs de sélection :
Les citoyens canadiens/résidents permanents peuvent présenter leur candidature.

Critères d'études :
Trois années d'études universitaires à temps plein d'un programme de premier cycle menant à un baccalauréat sont requises. Les cours préalables incluent : 6 crédits en sciences humaines/sciences sociales, 6 crédits en biologie ou physiologie, 3 crédits en chimie, 3 crédits en chimie organique, 3 crédits en biochimie et 3 crédits en statistique. Les exigences de laboratoire sont d'avoir complété 6 crédits de cours (parmi ceux énumérés dans les exigences de cours) ayant une composante laboratoire ou en ayant complété des cours de laboratoire supplémentaires représentant jusqu'à 6 crédits. Tous les préalables doivent avoir été complétés avec une note minale de 3.00/4.00 (selon l'échelle de notation d'OMSAS) pour que la candidature soit considérée.

Considération particulière:
À déterminer

MCAT requis? La moyenne cumulative globale (MCG) de la classe admise en 2023 est de 3.95
Détails : Chaque année, une moyenne cumulative globale (MCG) minimale est fixée pour le groupe de candidatures. La MCG minimale est calculée basé sur les trois dernières années d'études universitaires, à temps plein, envers un programme de baccalauréat. Nous incluons également les cours d'été ayant été complétés durant cette même période.

CASPer requis? Non
Détails : Le Medical College Admission Test (MCAT) n'est pas une condition d'admission au programme de médecine de l'Université d'Ottawa.

CASPer Required? Oui
Détails : Les demandes pour le Programme M.D. et M.D./Ph.D. ne seront pas prises en considération (sauf pour les candidats qui postulent sous le volet autochtone ou Nunavut) si le test Casper n'a pas été fait. Les candidats doivent passer le test Casper dans la langue d'enseignement pour laquelle ils font demande. Le test doit également être passé aux dates désignées chaque année.

Admissions reportées? Oui
Détails : Envisagées en cas de circonstances exceptionnelles seulement.

Transferts? Oui*
Détails : Consultez la politique sur le transfert d'étudiants dans la section 'Politiques et procédures d'admission - Politique sur les transferts d'étudiants et d'étudiantes' au lien suivant : www.uottawa.ca/faculte-medicin/premier-cycle/admissions/processus-demande.

Programmes combinés :
MD/PhD
Détails d'applications :

Date de début : 6 juillet 2024
Date limite : 1 octobre 2024
Frais : À déterminer
Type de formulaire : Consultez le site Web de OMSAS : https://www.ouac.on.ca/fr/omsas/

Détails d'entrevues :

Types : Nous avons une entrevue semi-structurée de style traditionnelle. Le panel est composé d'un médecin, un membre de la communauté (qui peut également être un médecin) et un étudiant en quatrième année de médecine.

Date : Février - Mars 2025
Site : Pour l'année d'admission 2024, les entrevues ont lieu en ligne. Ce sera à déterminer pour le cycle d'admission 2025.
# En-Province/Hors-de-la-Province/Hors-du-Canada/Total : Environ 580 candidats sont invités à l'entrevue. Les candidats sont originaires soit de la province de l'Ontario ou de l'extérieur de la province.

Détails des offres d'admission :

Date : Deuxième mardi du mois de mai 2025
Nombre d'offres : Nous anticipons admettre un total de 182 étudiants (inclut les deux volets d'enseignement - français et anglais)
Dépôt : 1 000,00 $
Mode de livraison des offres d'admission : Courriel

Temerty Faculty of Medicine, UNIVERSITY OF TORONTO

Length of Program (Years): 4  
Language of Instruction: English  
Testing of Language Proficiency: No  
New Admissions into Year One: 291

Notes: N/A  
Notes: N/A  
Notes: N/A  
Notes: 289 domestic seats (Plus 2 supernumerary)

First-Year Tuition

- Canadian Residents: $23,090.00
- Québec Residents: $23,780.00
- Compulsory Fees: See Tuition Details below
- Visa Students: $91,760.00
- Foreign Students: $91,760.00  
  (Above-Quota contract)

Tuition Details:
For both campuses, the tuition fee for the 2023-2024 academic year for domestic students entering Year 1 is $23,090 for Ontario residents and $23,780 for non-Ontario residents. For supernumerary stream students entering Year 1 the tuition fee is $91,760. The St. George Campus and Mississauga Campus Compulsory Fees are different. For DOMESTIC: $2,157.17 (St. George campus, entering 2023) and $2,631.46 (Mississauga campus, Entering 2023). For INTERNATIONAL: $2,691.31 (St. George campus, entering 2023) and $3,120.56 (Mississauga campus, Entering 2023). Note: All fees are subject to change pending the Governing Council’s review in Spring 2024.

Year One Position Breakdown:
St. George Campus: 230; Mississauga Campus: 59; All Supernumerary (International + DND): up to 10.
Selection Factors:
The 289 domestic positions are allocated to two campuses: 230 at the St. George campus (in downtown Toronto) and 59 at the Mississauga campus (in Mississauga). Students will be assigned to either the Mississauga campus or the St. George campus at the time of offer of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after they accept their offer. The St. George campus includes the FitzGerald, Peters-Boyd and Wightman-Berris Academies. All campus and academy assignments are final and will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the Faculty of Medicine’s affiliates. During or after the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one campus over the other, or that they have no preference. Although we cannot guarantee placement at one’s first choice of campus or academy, our process is designed to maximize student satisfaction. Canadian citizens/permanent residents or international/visa students may apply.

Academic Criteria:
For students studying at an undergraduate program at a Canadian university, a minimum of three years full-time university study (equivalent of 15 full-course-equivalents) is required. Prerequisite courses include two full-course-equivalents in life sciences and one full-course-equivalent in social science or humanities or languages.

Special Consideration:
Our MD Program values a diverse applicant pool with students from all academic backgrounds. To acknowledge the academic challenge of undertaking graduate work, applicants pursuing graduate degrees will receive credit for their accomplishments during the file review process. Graduate applicants will receive credit for their graduate work based on the following categories: Doctoral degree conferred, Doctoral degree in progress, Research-based Master’s conferred, Research-based Master’s in progress, Course-based Master’s conferred. Applicants enrolled in a course-based Master’s that is in progress will be assessed as undergraduate applicants. Please note that you are not able to update your application after the October 1st deadline. Graduate students must have completed all program requirements, including the successful defence of their thesis (if applicable) by June 30 in the proposed year of entry (this deadline will be strictly enforced).

Indigenous Student Application Program (ISAP): Recognizing the commitment to social responsibility in the Faculty’s mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Members of the Indigenous community (faculty, students and public members) take part in the admissions file review and admission interviews. Applicants to this program must meet the same minimum requirements for MCAT, GPA and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials: 1) self-declared Indigenous status via OMSAS, 2) Proof of Indigenous ancestry (details of documentation may be found on the Admissions website), and 3) a personal essay explaining applicants’ community connectedness or intended future community involvement.

Black Student Application Program (BSAP): BSAP is an optional application stream for Canadian applicants who self-identify as Black African, Black Caribbean, Black North American, and multi-racial students who have and identify with their Black ancestry. The aim of this application program is to increase and support Black medical student representation at the University of Toronto. Members of the Black community take part in admissions file review and interview processes, including: faculty, physicians, residents, medical students, and public members. This program reflects the Faculty of Medicine’s strong commitment to diversity as demonstrated in its Diversity Statement. Applicants to this program must meet the same minimum requirements for MCAT, GPA and
**Temerty Faculty of Medicine, UNIVERSITY OF TORONTO**

Course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials: 1) self-identification as Black African, Black Caribbean, Black North American, or multi-racial student who has and identifies with their Black ancestry via OMSAS, and 2) a personal essay highlighting why the applicant has chosen to apply through this application stream.

**Mean GPA:**

<table>

First-Year Tuition

- **Canadian Residents:** $25,130.00
- **Québec Residents:** $25,130.00
- **Compulsory Fees:** $1,000.00
- **Visa Students:** $95,000.00
- **Foreign Students:** $95,000.00 (Above-Quota contract)

Tuition Details:
Tuition can be made in three installments – September, January, and May.

Year One Position Breakdown:
153 positions in the Hamilton campus; 32 positions in the Waterloo Regional Campus and 32 positions in the Niagara Campus.

Selection Factors:
McMaster uses a formulaic approach to determine invitation to interview (32% UG GPA; 32% MCAT CARS; 32% CASPer and up to 4% Grad Degree). For advancement to full file review/offer of admission, the formula is: 70% MMI scores; 15% GPA; 15% MCAT CARS. All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offer of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site. Canadian citizen/permanent residents or visa students may apply.

Academic Criteria:
Three years (30 semester credits) of undergraduate university education is required, in any field of study.

---

1 Fees are from the 2023-24 academic year - subject to change later.
Special Consideration:
Indigenous applicants who wish to self-identify must submit a FIAP (Facilitated Indigenous Admissions Process) application which is reviewed by our Indigenous Health Task Force. Indigenous applicants must meet all academic criteria above but are considered in a separate pool.

In the 2022/23 application cycle, McMaster introduced BEST (Black Equity Stream). All applicants applying through BEST must complete the OMSAS application and meet all minimum requirements. A supplementary application, consisting of a personal essay to describe their interest in applying through BEST is also required. The personal essay should focus on their experience - it is not scores but assists us in determining their suitability under this stream.

Beginning 2022/23 applicants to McMaster MD Program can request consideration of their GPA where an unknown, undiagnosed and/or unaccommodated disability may have resulted in grades that disadvantaged the applicant. The request is made through the OMSAS application - additional information can be found at www.ouac.on.ca/omsas.

Mean GPA: 3.0/4.0 Details: The minimum GPA considered is 3.00 on the 4.00 OMSAS scale. The mean GPA of those accepted in the 2022/23 application cycle was 3.90.

MCAT Required? Yes Details: The MCAT is required – McMaster uses only the CARS score and the minimum score is 123.

CASPer Required? Yes Details: All applicants must write CASPer. The scores comprise one third of the formula used to determine invitation to interview (along with GPA and MCAT CARS - a small amount of extra weighing is given to those with a completed and conferred graduate degree).

Deferred Admission? Yes Details: On a case-by-case basis

Transfers? No Details: N/A

Combined Programs:
MD/PhD

Application Details:
Start Date: On or about July 1st annually
Deadline: October 1, 2024
Fee: $345.00
Form Type: Application is done through the Ontario Medical School Application Services website at www.ouac.on.ca/omsas. This opens in early July and applications must be submitted by 4:30 EST on October 1st.

Interview Details:
Types: MMI
Michael G. DeGroote School of Medicine, MCMASTER UNIVERSITY

Date: March/April 2025
Location: Virtual
# In-Provence/Out-of-Provence/Out-of-Canada/Total: In 2024: 570 interviewees. 513 (90% of interview spots) are for in-Provence and 57 (10% of interview spots) are for Outside Ontario which includes international.
Fees: TBD

Offer of Admission Details:
Date: Second Tuesday in May 2025
Number of Offers: 217 plus waitlist (approximately 50-100 depending upon 5-year decline rate).
Deposit: $1,000.00
Distribution Type: E-mail

*Notes: N/A*

**Language of Instruction:** English  
*Notes: N/A*

**Testing of Language Proficiency:** No  
*Notes: N/A*

**New Admissions into Year One:** 187  
*Notes: N/A*

**First-Year Tuition**

- **Canadian Residents:** $26,652.00\(^1\)
- **Québec Residents:** N/A

- **Compulsory Fees:** $1,503.00\(^1\)
- **Visa Students:** TBD
- **Foreign Students:** TBD\(^1\)
  *(Above-Quota contract)*

**Tuition Details:**
TBD

**Year One Position Breakdown:**
187 positions include up to 5 position available to Indigenous applicants and up to 1 position available to applicants to the oral maxillofacial surgery program. Up to 3 supernumerary seats in the Medical Military Training Program.

**Selection Factors:**
146 in London and 41 at the Windsor campus. Being invited for an interview allows candidates the opportunity to indicate their preferred campus. Applications for both campuses will be processed by the Schulich School of Medicine & Dentistry, Western University, and will be subject to the same admission criteria. For candidates successful in receiving an offer of admission from Schulich Medicine, we do our best to place them at their preferred campus. However, if the allotted seats at that campus are full, a seat in the other location will be offered to them.

**Academic Criteria:**
Our school is committed to enrolling self-directed, motivated, resilient students who reflect the diversity of the patients they serve, and who demonstrate compassion and advocacy for others. To help with this goal, we would like to learn more about our applicants through their life experiences and the activities they have participated in. Through our Abbreviated Autobiographical Sketch applicants are asked to link their activities and life experiences to 4 domains: Teamwork and Leadership, Exposure to Diversity, Social Accountability and Social Responsibility, and Self-directed Learning, Problem Solving and Critical Inquiry. To ensure a holistic approach this Sketch along with GPA and MCAT helps us determine who should be selected for interview. Applicants must have completed or be in the final year of a program leading to a 4-year undergraduate degree at a recognized

\(^1\) Update not available yet—subject to change later
Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY

university and expect to have obtained your degree by the end of the academic year in which the applicant is being made. There are no prerequisite courses. Please note the Admission policy is reviewed annually and the admission requirements for previous years may not apply. The University reserves the right to review and change the admission requirements at any time without notice.

We encourage ALL applicants (regardless of ethnicity, age, gender identity, socioeconomic status, faith, etc.) to apply to Schulich Medicine.

Effective July 1, 2019, Schulich Medicine has implemented an ACCESS pathway. The ACCESS pathway is for those applicants who have been adversely impacted by circumstances that created a disadvantage. These may include medical, sociocultural, and/or financial barrier(s).

Those who apply through the ACCESS pathway may be considered for MCAT flexibility using the same criteria as set for our Southwestern Ontario stream (link). The MCAT criteria are re-set annually based on the competitiveness of the applicant pool.

Special Consideration:
Applies to applicants who have indicated on their application they are from designated communities in Southwestern Ontario, from Indigenous communities, have applied through the Military Medical Training Program or the ACCESS pathway for those applicants who have been adversely impacted by circumstances that created a disadvantage.

**Mean GPA:** 3.7/4.0  **Details:** The minimum acceptable grade point average in each of two years of the undergraduate degree was 3.70 on a 4.0 scale for the 2020 entering class. *Due to the impact of COVID-19 being variable across universities and countries, in fairness to all applicants the Winter 2020 term will not be used for GPA calculation.

**MCAT Required?** Yes  **Details:** Applicants must have written the MCAT version introduced in April 2015 and must submit their most recent results. Schulich Medicine requires the MCAT to be written prior to the deadline of October 1st. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

**CASPer Required?** No  **Details:** N/A

**Deferred Admission?** Yes  **Details:** Considered only on the basis of appeal to applicants who have progressed through the regular Admissions cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions Office.

**Transfers?** Yes  **Details:** Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian faculty of medicine. Applicants considering a transfer must contact the Admissions Office.

**Combined Programs:**
MD/PhD (Western campus only), Oral Maxillofacial Surgery (MD/MSc)

\(^1\) Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.
Northern Ontario School of Medicine

Northern Ontario School of Medicine

Length of Program (Years): 4  
Language of Instruction: English  
Testing of Language Proficiency: Yes  
New Admissions into Year One: Up to 88 seats. MMTP is paused at this time.  

First-Year Tuition

- Canadian Residents: $24,769.00¹  
- Québec Residents: N/A  
- Compulsory Fees: $761.00¹  
- Visa Students: TBD  
- Foreign Students: TBD  

Tuition Details:  
NOSM University: $24,769.22¹

Year One Position Breakdown:  
Includes a minimum of 6 designated positions available to Indigenous students.  
55 Sudbury Campus | 33 Thunder Bay

Selection Factors:  
The 88 positions are allocated to two campuses: Thunder Bay (33) and Sudbury (55). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be

¹ Fees are from the 2023-24 academic year. Update not available yet - subject to change later.
Northern Ontario School of Medicine

offered a seat at their preferred campus. Canadian citizens/permanent residents may apply. Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Indigenous and Francophone applicants.

Academic Criteria:
The minimum requirement is a 4-year undergraduate university degree or equivalent in any discipline from a recognized Canadian university or equivalent. No preference is given to a particular discipline over another. While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

Special Consideration:
Indigenous and Francophone applicants may apply through the Indigenous or Francophone Admissions Streams; however, all minimum requirements must be met.

Mean GPA: 3.78/4.0  Details: The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2022/23 was 3.78.

MCAT Required? No  Details: N/A
CASPer Required? No  Details: N/A
Deferred Admission? Yes  Details: except under extenuating circumstances.
Transfers? No  Details: Not considered due to the distributed nature of the curriculum, all NOSM students must complete all four years of the program.

**Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

**N.R. = Data not available**
Max Rady College of Medicine, Rady Faculty of Health Sciences, UNIVERSITY OF MANITOBA

Length of Program (Years): 4  
Notes: Pre-clerkship - Med 1 and Med 2; Clerkship - Med 3 and Med 4

Language of Instruction: English or French  
Notes: N/A

Testing of Language Proficiency: Yes  
Notes: There is a bilingual stream in medicine which provides students with the opportunity to complete some parts of their curriculum in French. In Pre-Clerkship, students will complete a Professional Medical French course, and some small group sessions in clinical skills can be offered in French. Additionally, all applicants whose primary language is not English and do not qualify for a waiver under the University of Manitoba's English language proficiency regulations (https://umanitoba.ca/admissions/undergraduate/requirements/english-language-proficiency#criteria-for-english-language-proficiency-waivers) will be required to demonstrate proficiency in English through one of the options listed at: https://umanitoba.ca/admissions/undergraduate/requirements/english-language-proficiency#english-language-proficiency-test-options.

New Admissions into Year One: 130¹  
Notes: All students who receive an offer are provided with the opportunity to join the Bilingual stream. A maximum of 8 spots are available regardless of which applicant pool they received their offer.

First-Year Tuition

- Canadian Residents: $12,200.00¹
- Québec Residents: N/A
- Compulsory Fees: TBD
- Visa Students: TBD
- Foreign Students: TBD  
(Above-Quota contract)

Tuition Details:  
TBD for 2024. The 2021 tuition fee for Year 1 Medicine was $10,516.24. The tuition fees for Years 2, 3 and 4 were $10,077.38 per year¹.

¹ Update not available yet—subject to change later.
Max Rady College of Medicine, Rady Faculty of Health Sciences, UNIVERSITY OF MANITOBA

Year One Position Breakdown:
The number of years one positions available for 2024/25 is 125. Approximately ninety-five percent (95%) will be filled by residents of Manitoba and up to five percent (5%) by those from out-of-province. These percentages include students who have declared their First Nations, Metis or Inuit heritage.

Selection Factors:
All eligible applicants to the Canadian Indigenous Applicant Pool will be offered an interview.

For all other applicant pools, the Admissions Committee will calculate a composite score to determine an applicant’s ranking. The composite score will be modified by the rural, advanced academic, and socio-economic and cultural diversity coefficient calculated for all eligible applicants.

All applicants who meet the eligibility requirements are ranked by calculating a composite score in the following way:
(20% AGPA + 50% MCAT® + 30% CASPer®) X (rural co-efficient if >0) X (academic co-efficient if >0) X (socioeconomic and cultural diversity co-efficient if >0)

Ranking of Applicants for offer of Admission
All applicants who were selected for interview and participated in the interview process are ranked by the Admissions Committee.

1. Manitoba and Out-of-Province Applicant Pools: All applicants who participated in the interview process will be ranked in their respective pool by calculating a composite score in the following way: (15% AGPA + 40% MCAT® + 35% MMI + 10% CASPer®) X (rural co-efficient if >0) X (academic co-efficient if >0) X (socioeconomic and cultural diversity co-efficient if >0);

2. Canadian Indigenous Applicant Pool: Offers of admission will be extended to applicants who are recommended to the Admissions Committee by the Canadian Indigenous Applicant Pool panel, regardless of composite score of MMI results.

Academic Criteria:
1. Bachelor’s Degree completed no later than June 30, 2025, from a university recognized by the University of Manitoba plus Indigenous Course content pre-requisite.
2. Medical College Admission Test (MCAT).
3. Adjusted Grade point Average (AGPA) of 3.30 or higher.
4. Situational Judgement Test (CASPer®)
   a. Applicants to the Manitoba applicant pool and the Out of Province applicant pool must achieve a threshold CASPer® score greater than 1.5 standard deviations below the mean for their respective applicant pool in order to maintain their eligibility.
   b. CASPer® shall not be used in the selection of registrants from the Canadian Indigenous applicant pool. However, as applicants from the Canadian Indigenous applicant pool may also be considered in the general applicant pools (Manitoba applicant pool and Out of Province applicant pool) the CASPer® must be written as it will be used in the selection in these general pools.

Special Consideration:
TBD

**Year One Position Breakdown:**
Includes up to 20 positions available to self-identified Indigenous applicants through the Indigenous Admissions Circle (IAC) and 7 positions are available for applicants to be considered through the Diversity and Social Accountability Admissions Program (DSAAP).

**Selection Factors:**
Applicants must be a Canadian citizen or a permanent resident of Canada.

**Academic Criteria:**
Changes pending approval on June 1. Please watch the USask College of Medicine website

---

² Fees are from the 2023-24 academic year. Update not available yet - subject to change later.
https://medicine.usask.ca/admission-to-the-md-program/how-to-apply for announcement of changes. The updated Applicant Information document will be available on www.medicine.usask.ca/admissions July 1, 2024.

For application, all applicants will be required to have completed a 4-year degree with all degree requirements completed by April 30th of the year admission is being sought and MCAT (earliest accepted 2020) by the application deadline. Indigenous studies prerequisite required for application in 2024 for entry in 2025.

**Special Consideration:**
Applicants that qualify for the IAC or DSAAP will first be ranked in the general pool and could gain admission through this pool to maximize the number of students who qualify and gain admission under the IAC or DSAAP.

- **Mean GPA:** 90.03% (2023)²
  - **Details:** The minimum acceptable university academic average (UAA) is 80% for all applicants.

- **MCAT Required?** Yes
  - **Details:** MCAT scores must be obtained in one sitting prior to the application deadline. The earliest accepted scores for 2024 entry are 2020. Minimum required total score and section scores are posted in the Applicant Information document.

- **CASPer Required?** Yes
  - **Details:** Must be completed with score distributed to University of Saskatchewan College of Medicine by the deadline listed on the CASPer website.

- **Deferred Admission?** Yes
  - **Details:** Option available for all applicants up to a maximum of 5 in total to complete a graduate or professional program.

- **Transfers?** No
  - **Details:** N/A

**Combined Programs:**
MD/MBA (successful applicants to the MD program may defer admission for one year to complete an MBA degree).

**Application Details:**
- **Start Date:** August 1, 2024
- **Deadline:** October 1, 2024
- **Fee:** $150.00
- **Form Type:** Online application
College of Medicine, UNIVERSITY OF SASKATCHEWAN

**Interview Details:**

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

N/A = Not applicable
Faculty of Medicine & Dentistry, UNIVERSITY OF ALBERTA

Length of Program (Years): 4  
Notes: N/A

Language of Instruction: English  
Notes: N/A

Testing of Language Proficiency: Yes  
Notes: N/A

New Admissions into Year One: 182  
Notes: N/A

First-Year Tuition

- Canadian Residents: $13,789.00\(^1\)
- Québec Residents: N/A

- Compulsory Fees: $1,802.00\(^1\)
- Visa Students: TBD
- Foreign Students: TBD  
(Above-Quota contract)

Tuition Details: TBD

Year One Position Breakdown:

85% of the positions are reserved for Alberta residents and 15% of the positions are for non-Alberta residents.

The Faculty of Medicine and Dentistry may provide up to thirty positions within quota for the MD program to qualified Rural applicants over and above the Rural applicants who were admitted in the regular process. Candidates will meet normal minimum admission requirements as outlined in Doctor of Medicine (MD) and the approval by the Faculty of Medicine and Dentistry Admissions Committee.

Selection Factors:
Canadian citizens/permanent residents may apply. Selection for admission is based on cumulative grade point average (CGPA), Medical College Admission Test (MCAT), personal activities, reference letters, interview and additional assessments as determined by Admission Commission.

Academic Criteria:
All applicants to the Doctor of Medicine Program must be registered in a baccalaureate degree from a program recognized by the University of Alberta and obtain their degree the year admission is sought or already have completed their degree program.

To be considered for admission, applicants must have achieved a minimum cumulative GPA (cGPA) of 3.3 for Alberta residents or 3.5 for non-Alberta residents and a minimum of 60 transferable. At least one academic year (Sept-April or comparable) must be 30.

---

\(^1\) Fees are from the 2023-24 academic year. Update not available yet - subject to change later.
All applicants must complete the MCAT and meet the minimum requirements for each section in a single test sitting to be eligible to apply to the Doctor of Medicine Program.

**Special Consideration:**
No

**Mean GPA:**
- 3.30/4.0 (AB) or 3.5/4.0 (non-AB)  
  **Details:** The minimum cumulative GPA (cGPA) required to be eligible to apply for Albertan applicants is 3.30 on the UofA 4.0 grading scale.
  The minimum cGPA required to be eligible to apply for non-Albertan applicants is 3.50 on the UofA 4.0 grading scale.

**MCAT Required?** Yes  
**Details:** The minimum MCAT score to be eligible to apply for Albertan applicants is 124 in all categories (CPBS, CARS, BBFL, PSBB).
The minimum MCAT score to be eligible to apply for non-Albertans is 128 in CARS and 124 in CPBS, BBFL, and PSBB.

**CASPer Required?** Yes  
**Details:** N/A

**Deferred Admission?** Yes  
**Details:** At discretion of Associate Dean, MD Program.

**Transfers?** Yes  
**Details:** At discretion of Associate Dean, MD Program.

**Combined Programs:**
MD/MBA, MD/PhD, MD (with Special Training in Research)

**Application Details:**

Tuition Details:  
Please see UBC MD Program for more information on compulsory fees and likely costs:  

Year One Position Breakdown:  
Goal of 16 positions to be filled by Indigenous applicants and up to 8 positions available to applicants to the MD/PhD program. A maximum of 33 positions will be available to out-of-province residents.

Selection Factors:  
The 328 positions are allocated to four campuses: 208 at the Vancouver Fraser Medical Program; 40 at the Island Medical Program (in Victoria); 40 at the Northern Medical Program (in Prince George); 40 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program, up to 14 seats at the Southern Medical Program, up to 4 seats at the Island Medical Program, and up to 4 seats at the Vancouver Fraser Medical Program in the Fraser Medical Cohort. Canadian citizens/permanent residents/persons with Canadian refugee status may apply.

Academic Criteria:  
Please review the UBC MD Admissions website for academic criteria.  
https://mdprogram.med.ubc.ca/admissions/before-you-apply/evaluation-criteria/.

Special Consideration:  
Indigenous, Northern, Rural, and MD/PhD pathways.
Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA

Applicants with disabilities may seek special considerations for admission requirements or the admissions process. In exceptional circumstances, applicants with disabilities may be eligible for special consideration in the calculation of their grades. However, even in these circumstances applicants must meet the competitive average.

Mean GPA: 88.82%  
Details: The minimum acceptable average for in province applicants is 75% on a 100% scale. The minimum average for out-of-province applicants is 85% (visit the UBC MD website for up-to-date information on minimum academic standing).

MCAT Required? Yes  
Details: Please visit the website for information on MCAT eligibility.

CASPer Required? No  
Details: N/A

Deferred Admission? Yes  
Details: Only granted in exceptional circumstances.

Transfers? Yes  
Details: Rarely granted. Considered only after completion of two years of medical studies in Canada or the United States in a school that is accredited by the Committee on Accreditation of Canadian Medical Schools and/or the Liaison Committee on Medical Education and if positions are available in the UBC medical program.
