

Canadian Medical Education Statistics 2022

Section E. The AFMC Aspirant Study – Description:

AFMC Data Holdings - *Learners Pathway to Practice*

AFMC continues to look for ways to improve the quality, accessibility, and equity in medical education. Recognizing that aspirants – those interested in a medical career – don't all become applicants (those who have applied – See the AFMC Applicant Study), AFMC will be studying aspirants, their motivations, and what led them to apply- or not apply- to medical school in Canada. Look to this space for studies and data on the aspirant pool.

The AFMC Aspirants Study

The annual Aspirant Study will be available in a future CMES volume. The Aspirant Survey, in which this data will be collected, is still undergoing revision. For more information on these data please contact data@afmc.ca.
