

Canadian Medical Education Statistics 2025

Section A. AFMC Faculties of Medicine Data – Description:

Section A contains information about the eighteen Canadian Faculties of Medicine. This section provides information on quotas for first-year positions, duration of clinical clerkships and stipend amounts, tuition and other fees, post-M.D. trainee fees and remuneration, and other information about the Faculties of Medicine. This data is collected primarily via the AFMC Faculty of Medicine Survey (AFMS), which is an annual two-part survey collecting statistical information about Canadian faculties of medicine on a number of topics. AFMS data has been published annually in the CMES collection since 1978, with graduate student and faculty data available in our database since 2001 and all data since 2012.

Section A. The AFMC Faculties of Medicine Data – Table Contents:	
Table A-1	Accredited Canadian Faculties of Medicine
Table A-2i	Information About Canadian Faculties of Medicine
Table A-2ii	Quota Allocation in Canadian Faculties of Medicine
Table A-3	Tuition Fees and Other Fees in Canadian Faculties of Medicine: Session Commencing Fall 2025
Table A-4	Population Aged 20 to 24 and Number of First-Year Places Filled in Canadian Faculties of Medicine by Province of Residence
Table A-5	Payment Scales for Post-MD Clinical Trainees in Canadian Faculties of Medicine by Rank and Province of Training
Table A-6	Post-MD Clinical Trainee Fees in Canadian Faculties of Medicine
Table A-7	Duration of Clinical Clerkship and Amount of Stipend in Canadian Faculties of Medicine

Section A. The AFMC Faculties of Medicine Data — Table Notes:

1. Tables in Section A were renumbered in Volume 40 for better readability. Please see Appendix D for references to the table numbers of the previous years' publications.
2. Table A-7 contains information on the duration of clinical clerkship and the amount of stipend given to each Canadian Faculty of Medicine. Monthly payments are not always disbursed over the full duration of clerkship, per stipend. The faculties of medicine may offer additional clerkship opportunities such as integrated clerkships which differ in clerkship lengths and educational requirements.

British Columbia	University of British Columbia	328	Not available	4 years	English	Yes

¹ Regular quota numbers include positions for foreign students, as well as specific quota positions.

² Above Quota refers to positions outside regular quotas, including additional seats for Canadian learners (e.g., those funded by federal or provincial programs, or designated for Indigenous, rural, or Francophone minority communities) and for foreign learners admitted under contracts with foreign governments or institutions on a cost-recovery basis.

³ See Table A-2ii for details.

⁴ Université de Montréal's MD program is four years, or five years for students who first enrol in the one-year preparatory program (*année préparatoire*).

Table A-2ii
Quota Allocation in Canadian Faculties of Medicine
2025/26

Faculty of Medicine	Province	Breakdown of Regular Quota								Breakdown of Above Quota				Total
		Quota by Residence				Other Specific Quota				Specific Quota

University of British Columbia	B.C.	295	33	*	328	16	8	62	86	*	*	*	0	328

These figures are valid for 2025/26. They are subject to change in subsequent years.

* No quota reported in this category

¹ Up to 12 positions available to eligible First Nations and Inuit / Indigenous applicants who are residents of Quebec; these positions are distributed among the four Quebec faculties of medicine. Up to 4 positions available to eligible francophone students, funded by the Canadian Armed Forces pathway (Programme militaire d'études en médecine - PMEM); these positions are distributed among the four Quebec faculties of medicine that offer medical training in French: McGill University (Campus Outaouais only), Université de Sherbrooke, Université de Montréal and Université Laval.

² Other Above Quota refers to additional positions for Canadian learners (such as those funded by NWT, positions for rural students, and positions designated through the *Consortium national de formation en santé* for students from Francophone minority communities outside Quebec) as well as positions for foreign learners admitted under cost-recovery agreements with foreign governments or institutions.

Information available as of September 2025

¹ Exemption from paying the foreign differential fee may be granted in some cases. These exemptions are defined by individual provincial government policies.

² Other compulsory fees may vary for visa students, for example, comprehensive health care insurance.

Note: Unless otherwise noted, fees are for in-province residents; some schools charge a small surcharge for out-of-province learners.

Table A-4
Population Aged 20 to 24 and Number of First-Year Places Filled in Canadian Faculties of Medicine
by Province of Residence
2025/26

Province or Territory of Residence	Population Aged 20 to 24 July 1, 2025	First Time, First-Year Enrolment in 2025/26 ¹	Population Aged 20 to 24 per Place	Relative Opportunity ²	Rank
Newfoundland & Labrador	30,426	84	362	2.18	1
Prince Edward Island	14,339	24	597	1.32	4
Nova Scotia	67,646	133	509	1.55	2
New Brunswick	49,967	76	657	1.20	5
Quebec	509,972	943	541	1.46	3
Ontario	1,135,222	1,197	948	0.83	9
Manitoba	108,462	143	758	1.04	6
Saskatchewan	83,773	107	783	1.01	7
Alberta	324,827	397	818	0.96	8
British Columbia	369,418	322	1,147	0.69	10
Yukon / NWT / Nunavut	9,728	3	3,243	0.24	11
Total, Residents of Canada	2,703,780	3,429	789	1.00	

Data shown refers to the province of residence of admitted students, irrespective of the province of location of the medical faculty in which students are studying.

¹ Excludes repeaters

² "Relative opportunity" compares the population per place for each province with that of the national average. A number greater than 1.00 illustrates a greater than average opportunity; a number less than 1.00 shows a lower than average opportunity.

Note: At Université de Montréal, first-time, first-year enrolment includes only students newly entering Year 1, excluding those promoted from *année préparatoire*.

N/A = not applicable

Notes:

Mandatory = rotations in specific disciplines which must be completed by each student.

Electives = optional programs which are the choice of students provided the choices are approved.

Selectives = optional programs that may be chosen from a particular set of courses.

Non-clinical = the components vary from one faculty to another; examples are: CaRMS interviews, orientation, examination review, ACLS (Advanced Cardiac Life Support).
